

THI-SHOW TRANSCRIPT 2019-11-12

Welcome to the triality of From Russia with Love, this is and will be the third and final part of From Russia with love 8, so pin back your ears and tune into the frequency and get ready for some brain cell rearrangement. Time to think and act different. THE BEST IS YET TO COME From Russia with Love 8A revealed much about Eastern religions, new age practices and worshipping of fake gods, how the harvesting system worked. From Russia with Love 8B revealed the hidden hand, under all the names we are familiar with as part of the control system, all came under the umbrella of The Order of the Black Sun. Tonight's show will go a bit deeper into the themes of those shows and connect some more dots, that reveals off world connections again, the folly of the new age and also the naivety, folly or underhandness of those in the alternative media, which of those three is your choice to make. This will then set us up for the final From Russia with Love, part 9 which will bring much clarity to not only alt media people, but will also be addressed to all the so called leaders, Heads of State, Military and Agency people around the world, of real disclosure. ALAN PARSONS - SIRIUS/EYE IN THE SKY

LETS GET SIRIUS In this section I want to focus on one particular star system, and their largely negative input on this world of ours, that star system is called Sirius. The Sirius connection and some of the darkness from there, is often overlooked in favor of the Draco and Orion systems, but this group played a bigger role than most realize, the cat, reptile and fish people as they are called all came from there. In the last episode we spoke about the shepherd who found a meteorite in the desert, that meteor or stone at the Mecca came from there, as did the Black Knight satellite/space craft observed in our skies, and the Cintamani stones also comes from Sirius. The Black stone and subsequent black cubes dotted around the world, the most prominent being in New York are all energy harvesting the people, who get close to or worshipping those items. Throughout the history it is said the Sirians had given pieces of Cintamani, to some of those individuals who had the maximum potential positive influence on the human history, King Solomon, Alexander the Great and Akbar were in possession of a piece of Cintamani stone. Now the story relayed to me of King Solomon, was that he was designated as a worker for Source, and he fell and ended up dancing with and for the dark, the Temple of sacrificing humans and animals was all built by what they now call the demons, today we know them by the term djinns. The popular song by David Bowie hinted at this called Jean Genie, as in Djinn are Genie, they are the same entities, made popular of the genie in the lamp or the bottle, who came out of either in cloud of smoke, which is their real

appearance, and manifested into an Egyptian or Arabian person. The genie then granted you three wishes, that was the seducement, and once the first wish is manifested, essentially the person is now in contract and bound to the dark and that particular djinn, a common tactic they used on humans unaware of their own manifest abilities, or awareness of this, what is still largely secret occultic knowledge. Prior to building the Temple, Solomon was given a ring to do the magic, of which he subsequently asked a child to do the task, before trying it out himself, nice chap he was using a child to deflect the karma and do his dirty work, symbolic of what has happened to humanity really, that ring is now held by the Rothschild's family, real name Bauer, Rothschild is a title, like Ra and Moses, question to ponder is or was Rothschild the Lord of the Ring? But the great questions are, did Solomon receive the Cintamani stone before the ring, and was it that stone that corrupted him before the ring? Perhaps we will find out. Later this same piece of stone, was given to a certain Templar group near Untersberg and then to the Vrill girls, They then formed a Templar group called Lords of the Black stone, to become the guardians of the stone and keepers of the Goddess vortex, the black stone and the Goddess, which is Isis connecting the dots now? Another group out of Sirius is called the Dogon, also known in different cultures as Dagan, Dagun, known as the fish people, which is why the Catholic church has the symbol of the fish, said to be about Jesus, it's not, and the bishops wearing the fish hats is confirmation of this. The group who disseminated the Cintamani stones were known as the Phoenix group, which just so happens to be the name of a CIA project of torture in Vietnam, connect the dots yet? The legend of the Phoenix that rises out of the ashes it is said, that consumes itself by fire and is reborn, which is eerily reminiscent of the fire altar sacrifices to me, and the subsequent avatars or new bodies the so called gods, like Vishnu, Shiva and Marduk did in ancient times, and also Marduk this past decade until his demise. The Phoenix bird story it should come as no surprise to those who have listened to this series, came out of Egypt, said to have resembled the Bennu bird. According to Egyptian mythology, the Bennu was a self-created being, self created? on a par with the virgin birth levels of nonsense that to me, said to have played a role in the creation of the world, just like the Annunaki making out they created us, they never, they just made us act like them. It was said to be the ba (which is the soul) of Ra, so Ba'al which was a title, means Ra the soul god, and enabled the creative actions of Atum. In the new Kingdom artwork shows the Bennu, as a grey heron with a long beak and a two-feathered crest, sometimes perched on a benben stone (representing Ra) or in a willow tree (representing Osiris). The benben stone is the peak stone of a pyramid, and also said to represent the obelisk, so we are back to worshipping Osiris's penis again. Cintamani is also the sacred stone of the Brotherhood of the Star,

Brotherhood of the star is a planetary outpost of the Blue Lodge of Sirius, blue being the color of the ET programs, blue beam, book, brethren, aviary, bird, which was the program that preceded the MK Ultra, blue lodge is also a reference to freemasonry, and is also described as a mandala of the 144k. Another less known product of Sirius designed to corrupt everything here, that wraps in witchcraft, paganism, Wiccan and the new age program is a group called the Scarlet Sisterhood, an extremely dark based group of females from Sirius, who operated in covens, that were heavily present and prevalent during the Orion wars. Remember 9 of the last 10 parents were females, most of the heads of the Covens were females, that is not said to denigrate females, but the propensity is to believe most of the dark on this world is male based, that then negates the other half of the problem, people including myself have a great difficulty believing women would go that dark, but sadly they have the propensity to be just as much as men, and in some cases worse, it is a psychological barrier we must all overcome, to address the problem. The story of the angels coming down and mating with Earth women, the women then proceeded with these so called angels to eliminate the Earth men, in favour of these angel or gods. That guilt in the female archetype is still carried by their souls today, as I understand it, and is an unaddressed trauma, if you don't address it, it perpetuates and the cycle continues. Orion Wars seem to be the origin of the Dark groups and doctrines, that we have here now on Earth. Sirius, Alcyone, Betelgeuse, Altair, a few of the planets that have been a part of our off world history brought here, and made as if ours, Alcyone in the distant past were the guardians here and sold us for tech, with the reptilian group, their representative here was supposed to fix things, not distribute Sirius stones and worship goddesses, as I understand it those Goddesses have all been banned from returning here or interfering with events here, due to, it is felt they created most of the mess here. Orion nebula has been a base of a joint Reptilian - Grey empire called the Unholy Six. These are 6 different dark groups of species working together in an effort to sabotage the human presence in the SOL system. Discussion with those 5 or 6 groups to fix the mess they created here, has been ongoing, particularly since 2013 and largely has been going well outside of here, but their representatives on here not so well, whether naivety, interference, ignorance or arrogance is responsible for that, time will tell. These various Et species who were envious of this creation and wanted to compete with it, to put themselves in between us, Source, and Prime Creation itself, which they have been successful via religion and programming. One of the things that is unique to this creation is, the ability to travel anywhere, and I am not talking about travelling in tin cans either, bilocation or like the transporter in Star Trek, the ability to transfer your consciousness and molecules to any location in this Universe or the Multiverse, this is unique to this

creation, once you have worked enough on yourself. The error I feel in hindsight is, other creations should have been given the ability or goal to work towards, to do or have the same capabilities, this led to envy and brought in the genetics based program, of how to piggy back on this creation. The Unholy 6, Orion Draconian Empire had Dark Magic practitioners working with them, a few of the names we have here for these groups are the Cult of the Black Sun, Vah Jesuits (Vatican vampires) Rosicrucian's, Starfire illuminati coven, Thothian/Hermetic sects, The brotherhood of the snake, and Priests and Priestesses of what we call here the Rose, or Scarlet sisterhood and brotherhood.

These Rose or scarlet Sirian sisterhood of dark magic teamed up with a few species of male humanoids, the brotherhood of the snake(Draco),who shared their goal, to play god in order to subvert their life-force energies for their use. In a free will universe you can only do that, by making others believe they were “god” or gods representation on Earth, and this is how the original teachers became priests and priestesses.

All our worlds religions, a word which means to “bind the mind” are the results of these off world Dark Et species intentions for us, to not believe in ourselves and always NEED an external power structure, which was them, “God” in any of the Abrahamic Triad’s doctrines is a Draco reptilian. Angels are distortions of dark inverting to false light (reversing) in a circus hall of mirrors, labyrinth of thought-form cages these dark groups have designed for us, unless we think and act outside of the box, none can have power over us if we know better, and the answers are all within if you look, I can assure you.

This was how all the allied dark came to begin their design, of the Earth “prison planet” as they would have us think it was meant to be, it was never meant to be this way. The Ai matrix being planned then by Anu/Jahweh, it was to be a perpetuating energetic harvest net of thought form beliefs, that allowed the self serving dark to create pocket realms within creation, the false “light-traps” leading to astral layers that siphoned energy off of, the other species, in between lifetimes. The Sirius star system is archeologically heavily linked to earth, the great pyramid in Egypt has quote unquote, “air shafts” that are energy balancing or discordant energy portals, that align and link to the previously mentioned home world’s of dark agenda groups. But even before Egypt the Dark Sirian Sisterhoods and brotherhoods were boots on the ground, present on Earth in the times of Lemuria ending and Atlantis beginning.

In Atlantis these two mystery schools worked co-operatively however nearer to the time of the Fall of Atlantis this relationship took on a different more competitive and combative pattern. The major point of conflict was the contractual arrangement made on Sirius, the Blue planet, prior to the Atlantean embodiment, this contract was called the Rose Covenant.

This is an excerpt from an ancient Hermetic book (Hermetic as in THOTH _ HERMES!) the parrot faced git on the hieroglyphs, called Liber AL on the Scarlet sisterhood. Liber was a Roman god and known as the free one, so Liber al is the free god, hence the modern term liberal, which means they are free to talk shit.

“Now ye shall know that the chosen priest plus apostle of infinite space is the priest-prince, the Beast, and in his woman, called the Scarlet Woman, is all power given. They shall gather my children into their fold; they bring the glory of the stars into the hearts of men.”

I suspect that this scarlet woman may well be known as the Red Queen, one of the last two parents, spiteful little bitch that woman, unable to come in here now due to the frequencies, but occasionally sends VI representations of herself.

There are other references to “the Beast” i.e. the religion designed to get humanity to guilt shame and blame themselves for natural sensual acts, to make us get into Sirius sex magic, with the hyper-sexualization of humanity via tantric practices.

For even more evidence of the Thothian Dark Preists and the Naga Magi covens and The Dark Sirian Sisterhood, Scarlet or Rose Sisterhood and brotherhood of the Snake teaming up to implement their spiritual worship mind binds called religare, which means religion, as the false gods/demons or priests and priestesses/nuns here, all of which are considered direct intermediaries between us and source, and sadly we let it happen.

The Sirius Mystery, this tradition is sometimes also referred to as the Great Tradition, The Secret Doctrine (Blavatsky), and Cult of Isis, are all history mash ups of Sirius’s planetary history and our own world’s civilizations. From Egypt’s cult of Isis, to the Dogon Nommo’s, which is where the Disney movie Nemo originates from, talking fish, also not a coincidence that the Void Doctrine (Dark Tradition) is also called the same, void doctrine and void meditation, are one and the same program.

Sothis is the ancient Egyptian name for Sirius as spelled by the ancient Greeks, Sothe and sothesetai are Greek words used in the New Testament, to mean saved and salvation as in the Gospel of Mark and Luke. The boogeymen and the savior program played by the same people or beings.

There is or was in some cases wormhole technology that linked directly between Earth and Mars and onto Sirius, and was used frequently by the SSp, for those new, no the SSp are not good, in anyway shape or form, they have done much damage here, including controlling the US Navy, Norfolk Virginia, Whidley Bay and Wright Patterson are their main strongholds in America, but New Zealand is their biggest base. Those from Orion used portal wormhole technology, the Earth Mars wormhole connection is artificial, it is man made unlike the ancient natural wormholes, that link universes like the Orion nebula.

An Earth Mars manmade portal was created and opened in the 1950's in the Montalk project, the Mars Underground city is also connected (via a wormhole) with a planet in the Sirius B system, where there are also a few human elements present at this time.

The Mars wormhole with its connection to Sirius A was "cheating" the quarantine system set up to supposedly protect Earth and the life on it, that was dealt with sometime in this decade.

The dark magic Sirian sisters who joined up with the men who wanted to play god, all our parents and dark magic covens that where here, were directly from the Dark Sirian sisterhood abuse and control teachings.

THE MANDALAS The Mandala is a ritual based geometric configuration of symbols, used in Hinduism, Buddhism, Hebrewism and Jainism. In the book of Revelation the saying: "Do not harm the earth or the sea or the trees, until after we have sealed the servants of God on their foreheads." What is this Seal? Revelation 14:1 tells us it is "in" the forehead of the 144k, and it is the name YHWH written on their forehead. So, where have we just heard of the mark on the forehead, this perception is what the initiated Black Sun Seer signifies, by putting a black spot on his forehead between his eyes, just like the Indian people following the Kali Ma and the Dark Lords Shiva and Vishnu. As for the 144k that is another Jewish Hebrew terminology, and the Bible defines a special Seal for

the 144,000 (12,000 from each of the 12 tribes of Israel) who lead the re-unification of Israel in the last days, what people miss is this is not referring to the country of Israel, but the House of Israel. Other religions or movements associated with the 144k are the Mormons, no surprise there given their whole religion was based on fake Egyptian plates and worship of Ra, The Unification Church founded by Reverend Sun Myung Moon, known as The Moonies, who he said was given a message from Jesus to spread the message of a "new Israel" throughout the world. Sanat Kumara and the Lords of the Flame also brought 144,000 souls with them from Venus, Sanat Kumara appears as a rishi in the Hindu religious text the Chandogya Upanishad. A shrine to Sanat Kumara which attracts and unites people of all religions and faiths is situated in the town of Kataragama, Sri Lanka. The Raëlian Movement whose symbol was a swastika embedded into the six pointed star, so as you can see all the 144k are wrapped into the same religious constructs, we exposed in earlier shows, Hebrew/Jewish, Hinduism, Buddha and Jainism, plus the connection to Sri Lanka. Perhaps this next piece is the real connection to the 144k, having already covered extensively of what were the purposes of the so called built Temples, not only of Solomon and Herod, but also Angkor Wat, all temples are sacrificial buildings or references to them. In the scriptures it mentions the Massacre of the innocents, whereby the slaying of all children two years old or younger was designated by, King Herod the King of the Jews, according to Coptic sources that figure of the slain was 144K.

Sandpainting showing Buddha mandala, which is made as part of the death rituals among Buddhist Newars of Nepal In the mandala, the outer circle of fire usually symbolizes wisdom, but not the kind of wisdom I would quantify as being useful. The ring of eight charnel grounds is an above-ground site for the putrefaction of bodies, generally human, where formerly living tissue is left to decompose uncovered, represents the Buddhist exhortation to be always mindful of death, and the impermanence with which samsara is suffused: "such locations were utilized in order to confront and to realize the transient nature of life". Described elsewhere: "within a flaming rainbow nimbus and encircled by a black ring of dorjes, is a weapon used as a ritual object to symbolize both the properties of a diamond (indestructibility) and a thunderbolt (irresistible force); this refers to a weapon of the Godhead, the major outer ring depicts the eight great charnel grounds, to emphasize the dangerous nature of human life". Inside these rings lie the walls of the mandala palace itself, specifically a place populated by deities and Buddhas. Does this sound like all love, peace and light? or does it resemble exactly the type of morbid death ceremony laid out in the last show, following the Milk

of Ocean and the elixir ceremony, that involves semen, menstruation blood and a human corpse, I fail to see how this Buddhist tradition is enlightenment. Saṃsāra is sometimes referred to with terms or phrases such as transmigration, karmic cycle, reincarnation, and "cycle of aimless drifting, wandering or mundane existence". With regards to the Godhead weapon, this is eerily familiar with the rod, stick or staff the Draco had in their possession until 2014-2015 timezone, the stick had the capabilities to be a star maker or star breaker, which is kind of referenced, and runs concurrent with the Dyson sphere in the last episode. Another reference which connects these religions of the East and the Hebrew religion which came out of the East from India, the term Godhead is the reference to the god of the Jewish people. RIKKI DONT LOSE THAT NUMBER

ITS ALL IN THE NUMBERS A hexagon contains 6 pointed star hex 830, American English, from Pennsylvania German hexe "to practice witchcraft," from German hexen "to hex," related to Hexe "witch," from Middle High German hecse, hexse, from Old High German hagazussa (see hag). So haggardy woman means witch, Noun meaning "magic spell" is first recorded 1909; earlier it meant "a witch" (1856). Hex: a curse, a transcendent force or energy used for malevolent purposes, using an unseen channel to harm, in western tradition it is a self fulfilling prophecy, a prediction of an event due to a strong belief in the outcome. Unseen and channel are interesting terms to look at, unseen is the Djinns, channel is the connection, and brings in a once popular theme until some decided to reveal the truth on it, channeling. The practice of channeling, whereby a person's body is being taken over by a spirit for the purpose of communication, oh dear here come the walk ins, that has been around for millennia. There are countless stories of shaman, witch doctors, prophets and others who claim to hear voices or receive some supernatural knowledge from the spirit world. Channelers, also sometimes known as psychic mediums, often use what are called "spirit guides," friendly spirits who give them knowledge and help them on their spiritual journeys. Who says they are or were friendly? How can you determine if they are one way or another, with little to no knowledge about these entities or their planes of existence? yet again people base things on an incorrect assumption, that people in certain positions, know what they are doing and saying, when the reality becomes more clear by the day, that humanity is largely ignorant, on all levels. The shamans will tell you it's ok, because most of them now, are more interested in taking money off unsuspecting spiritual seekers, and therein lies the problem. To achieve this expanded state of consciousness it is said, channeler's usually meditate, trying to break free of worldly influences and tune in to a higher consciousness, except the astral layer where these spirits reside mainly, is a far lower form of consciousness, than exists

even in our low level physical realm, oops. They may imagine themselves seeking out specific spirits of the dead, or they may be contacted, apparently unbidden, by some unknown force that wishes to communicate, yes they all wish to communicate and most are for nefarious purposes, once in, they are difficult to remove. This channeling is also done via voice to head technology also, Sirians and the Greys were instrumental in that field. You can't go to a doctor or hospital and ask can I have my walk in removed, very few on this planet are aware of this issue, outside of those who work with and use the entities for malevolent purposes. You have to understand there are many species who wish to enter this vessel, something we are criminally negligent in grasping or understanding, a spirit vessel trapped in the astral realm, can only feed on us via energy, all of those spirits are desperate to gain a body again, and they only way they can do that is, by a host on the physical plane inviting them in.

Hexagon has 6 sides 6 angles if you add another 6 of triangles it becomes 666 number of man, when actually it is just 6. So the hexagon first had 6 sides if your draw a line down the middle north to south, it is an inverted copy of each other, symbolizing the mirror, then came the angles intersecting the 6 sides, when connected up of becomes the star of David, 6 sides, 6 angles 6 triangles. The symbolic triangle up and triangle down with both straight edges as one, so the upper part sits on top of the lower part, so two triangles is 6 sides, the perfect union of man and woman, and is shaped like a diamond. The upper is male symbol, lower is the female symbol, as above so below, the perfect union of masculine and feminine, which is shaped as a diamond, now what is used for a union of man and woman via a wedding? a diamond. The scriptures all speak of the fall of man, then it was said to be the fall of man, well man as represented by the top triangle, if man falls half way down the female triangle you are left with the 6 pointed star, what caused the fall of man? was it fallen angels or was it the fallen angels? the fallen angles of the union, done by the fallen angels of Lucifer. In between 4 pointed perfect union and the 6 pointed fall of man, is the 5, the pentagram, used by witchcraft, but also the symbol of the Baphomet half man half goat, a chimera. The pentagram with the node pointed up is the symbol of the elementals that is supportive of life, fire, air, water, earth and spirit or aether, the pentagram with the node pointing down is the symbol of anti life and is overlaid by the Baphomet. Baphomet is symbol of kabbalah and the tree of da'ath, tree of death, it was an Illuminati symbol, and was heavily worshipped by the Templar's, which then morphed into and took over the mystery schools, secret societies, Brotherhoods and Fraternities. The Templars also morphed into the freemasons, most of the police forces in UK and USA are freemasons, the Brotherhood term again or the Fraternity, the badges

for the police force and Sheriffs in case you didn't notice are all shaped into 6 pointed stars, the American sheriff badge has the added secret symbol incorporated into the badge, of showing 6 triangle loops which is the symbol for child pedophilia and boy lover, on their badges, oh my. Lets look at hexagon again and break the word down, hex to practice witchcraft and create a curse using an unseen channel, that channel is the djinns, which translates into demon or Satan, which church has the symbol is the Baphomet on it's logo? The Church of Satan, so the demon or Satan is represented as the Baphomet. The second part of the word is agon, agon means a conflict. Essentially what is playing out here on an esoteric level, between the 4 which is the diamond, and 6 which is the hex, is an unseen channel of 5, which is witchcraft, to bring in via a channel, to then bring in the demons via the curse or spell, creating the hex. Witchcraft, light and dark creates the channel or portals for these entities to come through. So the 5 drew the pentagram to create the curse, imposed by the demon, the hex the curse had an agon, the conflict, competition with man which is 6, and they hexed cursed man and overlaid it with the demons, and the agon which is conflict, became agony for man. Five is also represented as te tra gram ma ton the Hebrew name for god, whose country have the 6 pointed star as their symbol, signifying the fall of man, Ring of Solomon who brought in the demons has the same 6 pointed star, now worn by the Rothschild's, although it is claimed to be in possession of the Australian tribe, who say they are descendants of Solomon, and the 13th tribe of Israel, who are laced into Roscrucianism, which is a derivative of the Sisterhood of the Rose, and brought in the Draco empire here, for those who don't know, the rose is actually a symbol for Anu. Our sign for peace is the V and is pointing down, just like the Spock Kabbalah symbol, V is also the symbol for number 5, which is the dark symbol for Satanism, it is all inverted as you can now see. Just like the mirror, it has to be seen from both sides, viewing one side of a mirror, gives you only one side of the story, and presents an image, I mage, an artificial representation that looks like a person or thing, which stems from the word imitari, which means to copy, imitate, likeness or statue, in other words they are telling you it is not the real thing or the original. Another word pertaining to mirrors and why am I not surprised, cat-optrics pertaining to mirrors or a mirror, mirror linked to image derives from icon (I-con) and idol (I-dol), I con you and I am a doll, hence not real. Another word derived from mirror is sky, Gothic skuggwa "mirror"), from PIE root (s)keu- "to cover, conceal." question would be what is it concealing? and if the sky is the mirror, what is the reflective surface conduit that creates that effect? In the 7 days of creation story we get this, and God said, 'Let there be a vault between the waters to separate water from water.' So God made the vault and separated the water under the vault from the water above it. And it

was so. God called the vault 'sky.' Water on the planet and water in the sky, known as the Firmament, which would then create the reflection or the sky becomes a mirror, "firmament," literally means "a support, a strengthening," They say in superstitions, which we found out is also part of the mirror magic that, smashing a mirror they say is bad luck, and this mirror magic and time was also linked to a jail term of a Hebrew slave, they served six years in prison and is released in the 7th year, how long does smashing mirror bring bad luck? 7 years. An ancient myth was that mirrors have magical powers, including the power to see the future, and are thought to be devices of the Gods, thus breaking a mirror would terminate its powers, the soul would be astray from the body, and misfortunes would be brought upon, the one whose reflection it last held. Where did this fear based myth come from, well no surprise the land of the fear based rhetoric, Rome, it was the Romans who tagged to the broken mirror a sign of seven years bad luck. The length of the prescribed misfortune came from the ancient Roman belief, that it took seven years for life to renew itself, fear porn on steroids, the real reason they came up with that fear rhetoric is, because it shatters their illusion, not ours. In the Bible, the number 6 symbolizes man and human weakness, the evils of Satan and the manifestation of sin. Man was created on the sixth day, Men were appointed to labor for 6 days. A Hebrew slave was to serve six years and be released in the 7th year. Six years were appointed for the land to be sown and harvested, the number 6 is also associated with Satan in his temptation of Jesus. The bringing together of three 6's is the number, and mark of the end time Beast of Revelation, as such, it represents the very best system of governance that mankind can produce without God, and under the constant influence of his chief adversary. Man's system on earth is made up of three parts (economic, religious and governmental) all of which are influenced and led by Satan. When 666 is multiplied by 7 it equals 4662, which depicts man's total imperfection under Lucifer. When added across, $4 + 6 + 6 + 2 = 18$; and 18 divided by 3 is 6.

WHAT IF MYTHOLOGY IS REAL? Many people are said to not believe in this entity, but why are so many churches around the world, high profile sculptures and paintings, plus the hieroglyphs in Egypt and other places, all depicting a male or female with goat looking or cloven feet? Look at the hieroglyphs in Egypt, hardly any depict the human male or female, they have elongated heads, if that was a version of human, why do we not see those people now? where did they all go? Why do so few ask the question of who are these beings with bird heads, crocodile, cat, dog, or in the case of India half serpent, do these people all have a vivid imagination or like doing fancy dress, or are these beings real? Too few ask the obvious questions, when it is all there right in front of their faces,

strange beings half man, half animal, reptile or serpent, beings with multiple arms, where are these beings now, is the great question, and where are the skeletal remains? These are known as chimera, half man half beast in most cases, but also they came in two animal forms as well throughout every culture and civilization around the world, and was written up by many of the bards and passed off as mythology. Flying elephants to fire breathing dragons, minotaur's and centaurs, and yet curiously in the literary world of Darwinism and natural evolution, we never see their skeletons or the equivalent descendants of those species. Perhaps the great question to ponder is, maybe it never happened on the physical plane, but on one of the other planes of existence? Given what I know that all living things that have gone extinct on the physical plane, all reside in the astral plane, was there a merging of all the planes in the past, and a subsequent separation of them that followed. Is it any coincidence that in Egypt and India, all their ceremonies are about worshipping, idolizing, celebrating the dead and their supposed crossing? Ra, Rahu, Ketu, Vishnu, Shiva etc. Cat holic, Muslim and other religions are all the same with Jesus and Allah, Melchizedek, Jewish/Hebrew with Yahweh, if these were all human and residing here as we are told, does anyone ask, where they are buried? Do they ask why many of them were born on December 25th, to a virgin, died, was reborn and ascended to heaven three days later, all had 12 people alongside them, all declared the son of god, I mean come on, 28 different beings all with the exact same story, it is statistically impossible in ordinary every day life, but far too universally accepted via non thinking people, all wrapped into a mind control experiment, called religion. Think about it logically here, if Holly, Michele, Amy, Ramona, Stephanie, two Sharons, Emma, Kim, Adele, Marjolien, Perla, Gail, Willow, Nancy, Gemma, Catherine, Pamjoni, Bridget, Myra, Mary, Rosetta, Kelly, Jessica, Karen, Sue and Slavica to take a sample of female names out of THI, all got pregnant tomorrow and all claimed to not have slept with someone, would you believe it or them? of course you wouldn't, you would all turn around and say, virgins yeah right, do you think we are stupid? and yet this program keeps running with these most unbelievable conspiracy theories, and too few questions are asked of it. All of it based on old scriptures, no one knows who wrote them, only assume, assumption is not fact or truth, assumption is logic and reason, neither of those are the truth either, and is based on statistic probability, so what is the statistic probability of all of those THI women giving birth the same day, whilst being virgins? The familiar goat's head inside an inverted pentagram did not become the foremost symbol of Satanism until the founding of the Church of Satan in 1966, and yet the original goat pentagram containing the Hebrew letters at the five points of the pentagram spelling out Leviathan first appeared in the book "La Clef de la Magie Noire" by French occultist Stanislas de Guaita, in 1897,

perhaps the name Levi followed by athan is indicative, athan is a greek name and means immortal, so Leviathan is the Levi family are immortal. This symbol was later used in Maurice Bessy's book "A Pictorial History of Magic and the Supernatural", with the words "Samael" and "Lilith" removed. The symbol is also prevalent with The Order of the Trapezoid, which is a chivalric Order of Knighthood dedicated to the Prince of Darkness and protection of the Black Flame. The Order was first formally introduced by Anton LaVey in the December 1970 issue of the Church of Satan's newsletter, The Cloven Hoof, where it was described as the "Board of Directors and security staff" of the Church. The idea of what the Order signified morphed at various times, always with a focus on its vital role as caretaker of the Hidden Tradition, behind the Visible Tradition exemplified first by the Church of Satan, and later by the Temple of Set. The Order of the Trapezoid was finally given a definite form by Dr. Michael Aquino, High Priest of Set, in 1982, and took its place as one of the three oldest still extant Orders (or areas of specialization, under the leadership and teaching of a Grandmaster) within the Temple of Set. In its formative years, this particular version of the symbol was utilized by the Church on membership cards, stationary, medallions and most notably above the altar in the ritual chamber of the Black House. Black House, Black Flame, Black Stone, all connected to The Order of the Black Sun.

The ouroboros, known as the serpent eating it's own tale, and its first known appearance of the ouroboros as a motif, is in the Enigmatic Book of the Netherworld, an ancient Egyptian funerary text in KV62, the tomb of Tutankhamun, in the 14th century BC, the text concerns the actions of the god Ra and his union with Osiris in the underworld. The ouroboros is depicted twice on the figure: holding their tails in their mouths, one encircling the head and upper chest, the other surrounding the feet of a large figure, which may represent the unified Ra-Osiris (which is Osiris born again as Ra). Both serpents are manifestations of the deity Mehen, Mehen who worked with Set, Mehen means the coiled one, just like the Kundalini, who in other funerary texts protects Ra in his underworld journey, the whole divine figure represents the beginning and the end of time. The ouroboros appears elsewhere in Egyptian sources, where, like many Egyptian serpent deities, it represents the formless disorder that surrounds the orderly world, and is involved in that world's periodic renewal. The symbol persisted in Egypt into Roman times, Roman times were the same people or entities is why, when it frequently appeared on magical talismans, sometimes in combination with other magical emblems. Talisman another object or word of magic, an object marked with magic signs, and believed to confer on its bearer supernatural powers or protection, something that apparently has

magic power, believed to confer and apparently are the key words there, not is, but an assumption of what is. The 4th-century AD Latin commentator Servius was aware of the Egyptian use of the symbol, noting that the image of a snake biting its tail represents the cyclical nature of the year. The original depiction was its black and white halves may perhaps represent a Gnostic duality of existence, analogous to the Taoist yin and yang symbol, or Rahu and Ketu. As we mentioned Osiris as the reincarnated Ra, often seen in Egyptian hieroglyphs is the symbol of the Ankh, why do we see that? because the Ankh is the Universal Symbol of Reincarnation, and the symbol of worship for the Sun God Ra and his son Horus. Perhaps now you will understand why Egyptologists and the great cover up protector of fake Egyptian knowledge, Zahi Hawass, all speak in reverence to the great pharaoh, Tutankhamun, let's look at that closely shall we, three words not one, Tut ankh amun, which means King Tut reincarnated as Amun Ra, TutMoses means King Tut under the title of Moses. They often speak of the boats the gods travelled on into the next world, but what they are really saying is, the pirates on the boat, took over a new vessel and operated it, so their version of reincarnation is a symbol of a walk in, also known as an avatar, and the possession of a host body on the physical plane. The removal of said walk ins or spirits is done by an exorcist, whose original term was, a conjurer or magician, and the cycle continues. The pirates of the sea, like another of their known names Mari, which means star of the sea, and where the term mari time came from, Marilee means the same as Mari, sea pirate. Mari was also a name of a city/state in Babylonia as well, populated with several canals, and the links to water again. This is why it is called Papacy, Papa father cy sea, Father of the Sea.

PRAYER OR PREY Philip Kosloski who is a Christian based writer, and wrote this piece on October 12, 2017. It, praying is an ancient tradition with deep symbolism, the real reason we fold our hands in prayer, has a much deeper symbolism, in fact, the tradition has its roots in the customs of many of the ancient cultures. In the Jewish tradition there is evidence in the Talmud, that some prayed with hands folded as early as the post-Exilic period, and even continued after Christianity was established, some historians believe that Christians adapted this custom from their Jewish heritage, all religions came out of Jewish/Hebrew heritage, which is all connected to the Draco division of the Annunaki. Another common belief is that the hands-folded posture was derived from a Roman practice symbolizing submission. Religious historians have traced the gesture back to the act of shackling a prisoner's hands with a vine or rope, joined hands came to symbolize submission, nice holy gesture that is it not? In ancient Rome, a captured soldier could avoid immediate death by joining the hands together, just like

waving a white flag today, the message was clear, 'I surrender.' Centuries later, subjects demonstrated their loyalty and paid homage to their rulers by joining their hands, in time, clasping the hands together communicated both an acknowledgement of another's authority, and one's own submission to that authority. This type of joining hands to profess loyalty is still evident in the liturgy of ordination, a bishop will clasp the hands of the priest he is ordaining and say, "Do you promise respect and show obedience to me and my successors?".. and in the Hindu tradition it literally translates to a sealed offering... So more sacrifice, bindings and offerings stuff no matter what. So is it pray or preying on you, whilst you bow to subservience to the self appointed gods or their Earth based priest class, known as Cohens, holding hands out like a shackled prisoner, promising respect and obedience all very indicative to me, but lost on the many billions who perform this binding ritual on a daily basis. Now people may disagree with those points made and many do, but the question to be asked is, why does god shackle his creation and make them subservient? Then they tell you that you have to go into a church to be preyed upon and shackled as a subservient, definition of church, a church was used for any particular Christian denomination agreeing on doctrine and forms of worship. A doctrine, the notion is whatever is taught or laid down as true by a master or instructor, since when has god been described in those terms, master or instructor, they are power laden words, is god/source power mad? clearly not, but these books and orders where not written by god or source at all, but by self appointed control freaks, perpetuating all kinds of horrors on the people. There are several references of submission in the bible or is it buy bull, here is one of them, if your a radical feminist you may want to close your ears to this next piece, it may cause you to have an aneurysm. Ephesians 5:22-33 Wives, submit to your own husbands, as to the Lord, for the husband is the head of the wife even as Christ is the head of the church, his body, and is himself its Savior. Now as the church submits to Christ, so also wives should submit in everything to their husbands, Husbands, love your wives, as Christ loved the church and gave himself up for her, that he might sanctify her, having cleansed her by the washing of water with the word. Bad lord can you imagine the UPS workers and Political Correctness brigade with that statement nowadays? There would be outrage if Trump or any other male said that now, so why was it acceptable back then, and why would god wish to make women second class citizens? Then we come to the word Lord, to lord all over you, and another word that has a controlling connotation, but a Lord is below the Royals, so the King or Queen and their immediate family, then a Viscount, then the Archbishop and then comes the Lord, a Lord is always below the King, so how can the Lord in the bible be interpreted as god? LORD DONT LET ME BE MISUNDERSTOOD

No lord we never misunderstood you, just underestimated your ability to fool so many, with your dark antics. This next piece covers much of what was stated in 8A and B, based on my researched knowledge, but this is written by someone who actually took part in the skullduggery, this is called: THE ILLUSION OF INDIAN, JEWISH AND TIBETIAN WORSHIPPING

The abuse and rottenness of Tibetan ‘Buddhism’ is system-wide and rooted deeply, Tibetan ‘Buddhism’ (Lamaism) is a mind-control cult, and essentially is a sociopathic ‘religion.’ The abuse and rottenness is system-wide, rooted deeply in the sacerdotal Tibetan Lamaism which long ago incorporated aspects of Bön (the indigenous animistic/shamanic religion of the region of Tibet), Buddhism, Hinduism, ritual magic, black magic, sorcery and witchcraft, Lamas of all lineages have engaged in this abusive behavior. This blog post debunks the victim blaming, including self-blame, guilt and shame, of the women and men who are revealing the mental, physical, sexual and spiritual abuse, they suffered at the hands of Tibetan lamas, the abuse is so systemic that, some even call it cultic brainwashing, from a sociopathic ‘religion’. Many more people, mostly women, are now coming forth about the abuse they have experienced, for decades sometimes, by the Tibetan lamas who were/are their teachers. Mental, physical and sexual abuse, and even rape, of the vulnerable, of those who trusted these men. The Tibetan lamas Sogyal ‘Rinpoche’ and ‘Sakyong Mipham’ are only the most well-known, but there are so many more that have not been exposed yet. Kalu Rinpoche who started this particular group died in 1989 and is being run by a guy said to be his re-incarnation under the same name, who subsequently was convicted of rape in 1994, but settled out of court with substantial damages, how was a charge of that severity allowed to be settled privately? well history show us some higher ups are involved in this group is why. But the floodgates have burst open, and the truth is now being told, more and more abusive lamas are being named, and the victims are now being believed. Previously, those few women brave enough to tell their stories were mocked, shamed, had their lives threatened, were accused of having weak minds, misunderstanding the ‘higher’ teachings, and even of being insane, this is like double trauma, having not only suffered the original abuse trauma, they run the gauntlet of people calling them liars and burdening them with further traumas. The lamas had circled the wagons, and they’ve had their lackey Western students give teachings (Pema Chodron for one) and write books attacking the women, again one must ask is this being holy, godly or saintly as they betray themselves? but then the same threats of violence using words were heavily prevalent in the scriptures, where

they not? And mine eye shall not spare, neither will I have pity: I will recompense thee according to thy ways and thine abominations, that are in the midst of thee; and ye shall know that I am the LORD that smiteth. They very kindly explain to us the horrors awaiting those who turn against their teacher, of 'breaking samaya', samaya is a set of vows that bind you to the guru or disciple, so you can't break the samaya to the 'beloved' self-proclaimed 'god-king' who has only the most compassionate, enlightened love for his students, it is said, but clearly not exhibited or followed, the old saying don't do as I do, just do as I say springs to mind here. These dissemblers proclaimed loudly that anything, and everything the men in crimson robes do, is for the benefit of their students, and as an extension, for all sentient beings. Recent defenses, by Tibetan lamas, of the criminal activity of Tibetan lamas, includes that they are above the laws of the countries, which have altruistically taken them in, and even if they commit murder they should not pay the consequences in courts of law. Now where have we heard that before, above the law, they are chosen and they are subsequently untouchable in the eyes of god, yes the Talmud again, which is exactly what all these fake religions and fake spirituality based cults are based upon. Here is the quote from the Talmud, if a non-Jew kills a Jew, the non-Jew can be killed, punching an Israelite is akin to assaulting God, but killing a non-Jew is NOT like assaulting God. If a goy killed a goy or a Jew he is responsible, but if a Jew killed a goy he is not responsible. Samaya is a supposed "bond of loyalty", and a key tenet of Tibetan Lamaism, students are taught that breaking Samaya with your teacher, will subject them to lifetimes of horrific torture in the hell realm, with no hope of ever attaining rebirth in a higher realm. Ah the classic Roman Catholic statement of you will burn in the fires of hell, and further example that all these institutions masquerading under god and religion, are all interconnected, once you connect the dots. I had experience of this personally, as my former wife was a Catholic but didn't go to church, a group of nuns, nun is the modern term which derives from the term pagan priestess, go figure. Anyway these nuns told my wife if she didn't go to church, she would burn in the fires of hell, why are these people held in such reverence, when they are not sexually and mentally torturing or abusing children, they are threatening you with the devil. What is it about those who wear the cloth, that affords them so much license, and they appear to get away with things that none of us would get away with in normal life, these are ordained as messengers of god, well you can stick your god with messengers like them, and no it is not just a few either, that is a myth and a conspiracy, it is rampant throughout all these religions and spirituality cults. What would convince sensible Western men and women to take a vow of unbreakable loyalty to a Tibetan lama, which is supposed to bind you forever to him or her, and agree to serve this person for all of their (supposed billions of)

reincarnated ‘lifetimes’ as a subservient student? Perhaps this quote from Dalai Lama applies, He cautioned against rushing into commitment to a lama. "In Tibet", he says, "it could take 12 years before a lama-disciple relationship was established." He points out that it is a big responsibility and should not be undertaken lightly by either party. This is eerily similar to the fake shamans in North, Central and South America, shamans with less than a years training, I am not being funny here but you don't train to be a shaman, you become a shaman, you can't judge a shaman by a paper based or book read exam. Whilst also accepting that the abuse they receive – physical, sexual, psychological and spiritual – is doled out to them by self-appointed ‘god-kings’ to help them reach enlightenment (but only after those billions of reincarnations!) and that they should rejoice, that they have this rare and precious opportunity to be horrifically abused by Tibetans? The truth is their false ‘Buddhism’ has very little in common with the Buddhism of Siddhārtha Gautama, Buddha certainly didn’t teach his followers to worship demons, or ‘god-kings’, in fact idolatry and sacerdotalism was expressly condemned by Buddha. That may have been the original Buddha intentions but 8A and 8B made it clear that the Buddha fell into the Order of the Black Sun. We gave many of the names that come under that umbrella of The Order of the Black Sun, and given the psychological torture and abuse endured by people in this cult, is it any surprise that the Dalai Lama is a CIA agent, the very group who delivered the MK Ultra mind control techniques on the world. Why do many victims, who find the strength to leave, accept the lie that they are to blame for the treatment they received, but do not understand that it is Vajrayana itself that is rotten? Many still embrace what they believe is Buddhism, which they learned from Tibetan teachings, and they do not denounce Tibetan Lamaism, they still accept the tenets and possibly still chant the mantras and do the (mind-bending) rituals of Vajrayana. Tibetan Lamaism is like an apple that looks beautiful, fresh and desirable, but is unexpectedly, and forever, rotten at the core. Vajrayana, Mantrayāna, Tantrayāna, Tantric Buddhism and Esoteric Buddhism are terms referring to the various Buddhist traditions all are corrupt and not fit for purpose, yana is not an Asian term, but is a Hebrew term, well I never. Why aren’t people comfortable discussing the truth of what the Lamaists are doing to get their victims compliant, techniques of mind-control, flattery then shaming, thought-and-emotion projections? Tibetan Lamaists use mind control and ritual magic, yes, magic, and it is, in fact, black magic, unbeknown to the author neither white or black magic are beneficial to us. But pragmatic Westerners, even after long years of practicing the rituals taught to them by the lamas, do not believe that the rituals actually do anything, that impacts and changes matter in space and time. Instead they believe that the rituals are intended for the individuals to ‘develop their minds,’ ‘cultivate

compassion,' 'meditate towards enlightenment,' 'purify their karma,' and joyfully serve 'holy men.' This is what the public is told, also, about the benefits of practicing Vajrayana Lamaism. While the stories are being reported, worldwide now, of the criminal activities of Sogyal 'Rinpoche,' 'Sakyong Mipham,' and a few others, very few people are attributing the abusive nature of these 'god-kings' (Sakyong, surprise!, means 'king'), to Vajrayana Buddhism itself, the myth that these are a 'few bad apples' who are corrupting the 'pure' teachings of Tibetan 'Buddhism'. But the problems in Lamaism are so much deeper, than a few predatory men in crimson robes acting inappropriately, it is system-wide, rooted deeply in the sacerdotal Tibetan Lamaism which long ago incorporated aspects of Bön (the indigenous animistic/shamanic religion of the region of Tibet), Buddhism, Hinduism, ritual magic, black magic, sorcery and witchcraft. Don't be fooled by their robes and deceptively gentle manner, Lamas of all lineages engage in this abusive behavior, and it is a myth that the lamas are monks, and therefore celibate, this a useful tool for subterfuge, a deception that allows the public to disbelieve the truth, that Tibetan lamas prey upon the women around them. It seems there is a cover up underway to play this down, according to recent tweets to and fro on the matter, a recent tweet by @SogyalTruth: "There are reports of rape in multiple countries, over 90% of reported rapes are "unproven" in the legal sense, most rape goes unreported, that does not mean the rapes didn't happen." Mary Finnegan, an author, former journalist and convent girl, seems to follow a list of Irish writers and journalists of covering up crimes by the church and state, as Alan from Circle of White Light will attest to, he has highlighted several of them in that country. Mary Finnigan "Be careful about rape accusations, not proven, mostly consensual sex with coercion as factor in some instances." I responded to Mary's tweet: How would you know these were 'consensual'? Were you a witness to all the rapes you are claiming were consensual? 1000s? – #ConeBeckham said he wanted evidence proving @KaluRinpocheLA was raped repeatedly as a child by his teachers #Really?? 4 siddhis. Confessions of Kalu Rinpoche, who as a child raped repeatedly by his teachers, was not consensual, now, if Tibetan lamas feel free to violate a young man in their charge (& it is common in monasteries) why do you believe that these Western women are willing participants? For those of you who were fortunate enough to leave Vajrayana lamaism, and for those who are still ensnared (but reading this!), and for the general public who attended some empowerments, what did you think you were participating in? How did the: chanting millions of mantras, meditate for hours, days, months, years, visualizing complex dimensions replete with demons, sleep deprivation at events and retreats, participating in the many pujas (rituals) that are in a foreign language, with warlike ritual items. The consuming of dutsi, tsok, tormas and wine in skull cups

(human and otherwise) change your brain, change your belief systems, make you do things you later realized were immoral and unethical, and believe their lies? The consumables: dutsi, tsok, torma (handshaped buckwheat meal offerings), milk tea, can be made of many things, and are. Dutsi are sometimes made with the spittle, urine or feces of 'highly realized beings (humans)' as 'blessings' for those consuming them, this is exactly the same or similar substances at the ceremony, here is a reminder. According to Tantras of Chakravarti, and Tantras of Vajravārāhī, a ceremony needs to be hold for melting and blessing the inner offering Nectar, the Five Nectar needs to be arranged in four directions: yellow excrement in the east, green bone marrow in the north, white semen in the west and red blood in the south, blue urine is placed in the center, in the second phase of the ceremony various animal parts were placed and the meat of a corpse from a red human. It is also very possible these items include psychotropic's as well, Tibetan medicine (herbal pharmacology) has a history of more than 2500 years, and is distinct from traditional Chinese medicine. The herbal pharmacology of Tibet, as in China, has always included poisonous plants, as the toxins in these plants were found to have pain-relieving and healing properties, but these same poisons were also used by Tibetan clergy, to get rid of political and spiritual foes. The shamans of early Tibet were of the Bön tradition, and they mixed Bön shamanic ritual with medicine to heal people. Those Bön shamans, and later the 'Lamaist' clergy, also became proficient in Tibetan ethnobotany, and knew all of the toxic effects on the brain and body of the poisonous plants, of how much of each poison would result in short-term afflictions, long-term afflictions and death. The untimely deaths of the Ninth, Tenth, Eleventh and Twelfth Dalai Lamas are widely attributed to poisoning, a disgruntled regent of the Thirteenth Dalai Lama, Norbu Tsering, was said to have enlisted the sorcerer Nyagrül in an attempt to assassinate this Dalai Lama. A revealing and harrowing story of which we will have more after the break, has all the hallmarks in my opinion of, intrusion and interference from a hidden element, in 8B we heard of the Order of the Black Sun and their various named subsidiaries involved in it, whether knowingly or not. Remember this group is behind the enemy lines and the curtain of Communism and the Chinese, just like musicians who were able to enter countries, not exactly on the friendly list, it is safe to presume that so called "spiritualists" were trained with a specific reason to infiltrate that country, for espionage and subversion practices, it is a global issue. I highlighted a recent document release from the FBI, about a group called the Finders and link to issues at the McMartin school from late 1980's and early 1990's investigation. The Finders were a similar group that wished to be away from society and live their own lifestyle, similar to these religious and spiritual cultures, only to find that the CIA was a front for this Finders

group. The fact that the whole document and various departments went to so many great lengths to deny CIA involvement, despite them admitting they were a part of it, suggests the initial allegation that it was a CIA front group, was correct in its original form. Children involved, mind control, psychedelic drugs, devious practices, forced coercion were involved in Tibet practices and also The Finders group, now throw in the fact that the Dalai Lama is a CIA asset, and it all becomes crystal clear, and confirms much of what was revealed in From Russia with Love 7, connecting the dots more now? Perhaps next section will bring more confirmations. YOUR UNBELIEVABLE

Thought and Emotion Projection for Manipulation is Real No longer in the realm of science fiction, fantasy or imagination, influencing others through thought and emotion projection has been confirmed by physicists and scientists. Niels Bohr, University of Copenhagen physicist and Nobel Prize winner, confirmed that matter is like a beam of light. Physicist Louis de Broglie, another Nobel Prize winner and author of de Broglie hypothesis, demonstrated that all matter is electromagnetic fields/wave of energy, thoughts and emotions are waves of electromagnetic energy, and when directed at a target (person/persons to control) are effective ways to manipulate and control vulnerable minds. Then add in the hypnotic music played live during the rituals, the chanting of thousands of mantras in a foreign language, meditation (quieting the mind) led by the lamas, heavy smoke from incense, and sleep deprivation (in longer ceremonies and retreats), it's no wonder people become brainwashed. It is NOT about the Westerners consenting to what the lamas want from them, and then later regretting their actions and claiming they were victimized, those who understand mind control cults will see exactly why these people get ensnared, and do things that in their right minds they would never consider doing. Although many people will struggle to understand this, we are targeted by these lamas, we are seen as resources, and they use their mind control techniques to get what they want from us, they pacify us, and then subjugate us, and keep us or discard us, at their whim. Furthermore they do their lamaist rituals that send their dark intentions into time and space, to harm those they perceive as their enemies, students who have left, fellow lamas, politicians, academics, in fact anyone and everything they claim are 'dharma destroyers.' In case you are not familiar I have just described some of the tactics of MK Ultra training, done globally at various hidden CIA, P2, Mossad, KGB and other agency related front offices. Never allow yourself to think you will not be a target, all are targeted with a form of MK Ultra in its varying forms, in one way or another, remember the Militaries have had control of the Telecommunications and subsequent frequencies

since 1934 Act. Look what sonar frequencies does to the whales and dolphins, look what they did to the music frequencies, it's all there once you connect the dots.

What do the lamaists want? Hidden beneath their message of compassion, altruism, world peace, and working for the benefit of all sentient beings, is their overwhelming desire for money, sex, land, and influence, and especially from women, because it is the Tantra sex that they crave on their twisted path to (false) enlightenment. Many, many Tibetan lamas are involved in Tantra sex, with their female followers, some lamas prefer underage girls, and Tantra, although from Hinduism, is the foundation of Tibetan Lamaism. How much money, over the decades, have Westerners 'donated' mostly cash to Tibetan lamas? Billions, suggestive of another of their laundering operations, just like all the main charities, you are not giving to the charity, you are funding humanities downfall, as most of the funds line the pockets of these harvesters, and allow them to run clandestine practices on people largely unhindered, as with cash, their is no real oversight. Throw in the fact the CIA, DHS and NSA all have security clearances higher than any Government official, that means should an enquiry take place, the evidence has a higher security clearance than those requesting it, and so the National Security Act is invoked, and the legendary statement of "you don't have the need to know" is rolled out at an alarming rate. The reality of the Four Siddhis What is the process the lamaists use to accomplish their goals? Let's discuss the four siddhis of Tibetan Lamaism, shall we? Because Westerners are pragmatic, reasonable, compassionate, altruistic people, their thoughts and emotions must be manipulated in order to accept the twisted teachings, of the false sociopathic 'religion' of Tibetan Lamaism. First lie to be believed is that Tibetan Lamaism is Buddhism, it is not, in fact there is really very little in Lamaism that can be described as Buddhism. The foundation of all Tibetan Buddhist rituals are the four siddhis (attainments), which are: 'Pacification' (for perceived enemies and to control their deities) 'Subjugation' (for perceived enemies, deities, hungry ghosts, etc.) 'Increase' (for their powers and reach) 'Wrath' (destruction and death) These siddhis have outer, inner, secret, hidden, buried, concealed and most secret aspects to them, and all Vajrayana mantras have seed syllables, and each syllable has its own signature color, sound, element and function: Om, white, element, pacifying, pituitary gland Ah, red, fire, subjugating Hung, Black and blue, water, wrath Ma, green, action Ni, Yellow, earth, increase When the syllables are chanted, these sounds create the energy and function, to manifest in the physical realm for the intended outcomes, the 'seeds' of the seed syllables are intended to take root where they are sent. Mantras can be short, three syllables, or very long, hundreds of syllables. Chanting is brain entrainment, repeated creates a

memory frequency within the brain, which they can use to trigger you, just like the Manchurian candidate, its enchantment which is magic, enchant means in chant and ment means mind, so chant in the mind, it's MK Ultra practices folks. Pacification is the action of reducing to a submissive state Subjugation is the action of bringing someone or something under domination or control Increase is to become progressively greater (as in size, amount, number, or intensity) Wrath is the destruction of all, that the lamaists consider threatening to them. Again I must ask the question as it appears few comprehend, what they are saying or meaning when it comes to any religious or spiritual concept, common sense predominantly just doesn't apply in these fields, more like no sense. By reducing people to submissive state, bringing someone under domination and control, increase in the numbers game which is external and unbalanced ego, and wrath, do they sound remotely like enlightening terms? do they sound godly? do people not understand what being spiritual means? it appears not following those directives. Lets look at another of the Indian terminologies shall we, as I believe these practices are keeping humanity in a repeated cycle, just like the loops. We are supposed to go through certain ages or epochs of time, whereby things changes, the Indian's call it the Yugas, and yet there is clear evidence we are stuck in the one Yugi which is Kali, and the obvious connection to the dark mother, known as the Kali Ma. The Kali Yuga is ending and the Dwarpara Yuga is beginning they say, but it should have ended years ago, each Yuga has certain characteristic traits, the Kali Yuga most common attributes and consequences are, spiritual bankruptcy, mindless hedonism, breakdown of all social structure, greed and materialism, unrestricted egotism, afflictions and maladies of mind and body. I don't think I need to point out to anyone listening to this, that it appears we have been stuck in that Yuga a very long time, one must ask the question, is chanting mantras, and using mandalas of which we have no idea what there hidden meaning is, keeping us entrapped into the Kali Yuga?

One of the great gifts of spiritual knowledge is that it realigns your sense of self, to something you may not have even ever imagined was within you, like all life, the Cosmos and way beyond. Spirituality says that even if you think you're limited and small, it simply isn't so, you're greater and more powerful than you have ever imagined, and a great and divine light exists inside of you. This same light is also in everyone you know, and in everyone you will ever know in the future. You may think you're limited to just your physical body and state of affairs, including your gender, race, family, job, and status in life, but spirituality comes in and says "there is more than this." It is attaining a deeper level of understanding of you, and your role in the dance of life, that goes way

beyond external or materialistic ideals, it's about tuning into the harmonic music of life, the eternal bliss, and the all encompassing Source, and knowing you are a spark of it. It is the frequency.

The control of a student, or a target, starts from the very first meeting, thought projection, the smile (certain smiles are mind control techniques), handshakes are also used to manipulate the target. Presumed intimacy, making subject feel special and above the rest of the sangha (group of students), and above the unenlightened public. The essence of a sangha is awareness, understanding, acceptance, harmony and love, but those chants, mantras clearly do not represent those values. Being told that finding Vajrayana Buddhism and studying under a Tibetan lama is a rare and special privilege, so you have the 'good karma' necessary for this, you must have been their student in a previous life, the classic seducement program, you are special, you are chosen or the chosen one, requested by some god or lord is an all too familiar program, is a pattern that repeats through all walks of life, and all too many fall for it, often repeatedly, which is why they keep using it, it clearly works. Bear in mind these Eastern cultures like the Hebrew culture all dispel their karma onto the rest of the population, via their Day of Atonement ceremonies. Perhaps a useful exercise during your time in meditation, you state clearly I do not consent to receiving the karma of others, that is a revocation statement. The lamaists use cognitive dissonance very professionally, after praise and attention, a carefully constructed negative remark made by the lama, and you go into a panic, "What did I do wrong? What did I say wrong? I must examine myself, my thoughts, my actions, my words, everything I've done must have been wrong, if 'my lama' criticized me! But he only has my highest good in his mind at all times, so I am at fault." The bait and switch tactic, fear program also, based on an assumption that because they are Lamas, Shamans, Priests etc they are higher or better than you, said who exactly? This is a prevailing problem of assuming because people have a title or noble position, they are automatically in some way better or above us, and you have to prove yourself worthy, no it's the reverse actually, it is they who have to prove themselves worthy of respect or admiration. Remember they are in a so called higher position, and with that should come more responsibility, more morals, higher values and behavioral traits, those have to be shown and earned, for a so called disciple to elevate them to their perceived status. We are debunking all the Tibetan lamas and Tibetan Lamaism, how many people have said, "I have important work to do with the Tibetans."? How many people have heard others say this? It is a thought-projection by a lama, or someone being used by the lamas, to influence others. I would ask you to examine very carefully your thoughts, beliefs and

opinions, are they truly yours, or were they planted in your mind from external sources?. The Blavatsky, Steiner, Crowley, along with these Eastern culture practices and many others in the new age program has much to answer for, they took advantage of human traits of wanting to develop themselves, and a desire to be a part of something, and twisted it into an insidious program that trapped and damaged so many. Enlightenment is a self based program, you don't need internet snake oil salesmen or women, or to go to expensive conferences and buy their books and cd's, you just need you and a quiet room or space, nothing more and nothing less, you are the enlightenment. WE ARE THE LIGHT OF THE WORLD

INDIAN MYSTICISM, BUDDHISM AND TIBET PRACTICES LINKED WITH THE VATICAN We heard before of the practice of Vajrayana, yana is a separate word as noted here, the Param Vir Chakra, India's highest war time military decoration has a motif of Vajra, the mythic weapon of Indra created by the bones donated by sage Dadhichi, as tribute to his sacrifice. That same terminology again riddled through Asian and Middle Eastern culture, does anyone ask why we have to keep sacrificing people? Having stated earlier that yana is of Hebrew origin and means god is great, all very similar to Allahu Akbar is it not, and another example of the connectivity of Eastern and Middle Eastern religious practices of all having a single origin, it is an illusion they are separate or independent of each other. Incidentally Allahu is eerily similar phonetically to the name of Anu's father. Indra is described as using the vajra to kill sinners and ignorant persons, they needed to forge this weapon and requested help from Shiva and Brahma, and neither could deliver it and required the help of Vishnu. Vishnu revealed to Indra that only the weapon made from the bones of Dadhichi would defeat Vritra, Indra and the other deva therefore approached the sage, whom Indra had once beheaded, and asked him for his aid in defeating Vritra. Nice people these gods or lords, beheading people who don't follow their orders, and people worship these entities? and we wonder why are world is messed up? Dadhichi who complied with the request, it is said he sacrificed his life by the art of yoga, after which the gods fashioned the vajrayudha from his spine. This weapon was then used to defeat the asura, allowing Indra to reclaim his place as the king of devaloka, the deva loka is a plane of existence where gods and devas exist, that and other planes will not last much longer, they are and were a trap. Another poor example of these gods and the narrative of my god is better than your god is it not? Lets look closely at the word Vajra and see if we can find some connections, Vaj name meaning is strength; vigour; energy; speed, and so all about the power of, Ra, vajra means the power of Ra. So Dahichi sacrificed is life to yoga did he, Yoga is derived from the root yuj "to

attach, join, harness, yoke", The word yoga is derived from the English word "yoke", which is the practice of binding two oxens together, like sacrifice keeps popping up, the term binding is just as prolific throughout this series, Testament and Covenant are both terms meaning binding. Yoga is also a dangerous practice for those without the full understanding and knowledge to carry out this practice, and no, your yoga expert will in 99.99% of the cases will not have this knowledge, yoga requires you to open up the portals within you, and without shielding first, this can bring in the spirit entities. An oxen is an adult castrated bull, and is linked with the Papal bull, described as an edict, charter, decree or patent. Papal bulls have been in use at least since the 6th century, but the phrase was not used until around the end of the 13th century, and then only internally for unofficial administrative purposes. However, it had become official by the 15th century, when one of the offices of the Apostolic Chancery was named the "register of bulls" ("registrum bullarum"). By the accession of Pope Leo IX in 1048, a clear distinction developed between two classes of bulls of greater and less solemnity. The majority of the "great bulls" now in existence are in the nature of confirmations of, property or charters of protection accorded to monasteries and religious institutions. In an epoch when there was much fabrication of such documents, those who procured bulls from Rome wished to ensure that the authenticity of their bull was above suspicion. A papal confirmation, under certain conditions, could be pleaded as itself, constituting sufficient evidence of title in cases where the original deed had been lost or destroyed. Oh my fake documents, no authenticity and documents lost or destroyed, sounds like a Langley investigation operation that to me, and no it is not a coincidence, as this series has shown, it is all connected. The official symbol of being the papal bull, is shown now by the wearing of the ring, known as the Ring of the Fishermen, so we are back to the Dogon from Sirius again, and why they wear fish hats, the symbol of the fish said to be about Jesus, it's not. Having just mentioned the ox, let us not forget the Vatican church all but confirmed this series this week, by installing the statue of Moloch in their grounds, Moloch-worship involves the sacrifice of innocent children in order to fulfill the good of the community, it is said, And the good of the community is always expressed in merely material goods - better crop yields, greater pleasures, more wealth. The Moloch-worshiper does not see the children as human sacrifice, but as the slaughter of an ox, blind as well as stupid. Moloch is not God, but a demonic genie that grants you your desires at the cost of your innocence. Since at least the middle ages it has been a tradition for Catholics meeting the Pope to show their devotion by kissing the ring, one has to ask the question as to which particular ring piece, they are kissing? The Dogon where half man half fish described as floating above the ground, in a flying formation, kind of

resembles the description of angels does it not? Are they angels or angles? what does a fishermen do, they angle. The bull, also has another connection which synthesized the spiritual and the secular crimes of witchcraft, is often viewed as opening the door for the witch hunts of the early modern period.

Dalai means ocean lama means priest, ocean priest, now where have we heard that before, ah the Holy Sea, remember all humans are declared dead in the sea after 7 years, I did a piece recently with an analogy surrounding humanity coming out of the sea and onto the land, maybe that makes more symbolic sense now? Described as humanities own personal landing on the Dunkirk beach, but then you found out that, that also has, not only a symbolic meaning, but sinister connotations also. Dunkirk's meaning is sand church, dun is dune, kirk is church, so they landed out of the church of the sea onto the church of the sand, essentially their version of placing humanity in quick sand, this is how these people think in their occultist ways, aligned with dates and numerology. The majority of the German stronghold in France was further south in Calais, which is actually nearer to the UK than Dunkirk, this in my opinion was not some random landing, but a symbolic statement that the church was taking over the land, as well as the sea, whilst placing people with their head in the sand. Knowing how these people think and operate, Dunkirk was specifically chosen for that particular battle of World War 2, not because of strategic war operation, but because of the name, as the birth certificates all held courtesy of the fact of humanity being lost at sea, came on land and berthed, spelt berth. What is closest main town or city to Dunkirk? Brussels now home of the birth certificates and resides in the system known as Anna. It doesn't end there, the Romans had a female deity called Anna, known as Anna Perenna, who was an old Roman deity of the circle or "ring" of the year, another reference to the ring, it is the origin of the word (per annum), and also the origin of the word perennial. The festival to her fell on the Ides of March (March 15), which would have marked the first full moon in the year in the old lunar Roman calendar, when March was reckoned as the first month of the year, and was held at the grove of the goddess. More Roman fear porn, with the saying beware the ides of March, perhaps this will explain why, that offerings were made to her, so that the circle of the year may be completed happily, and that people sacrificed to her both publicly and privately. Yet again a god or goddess mired in sacrifice, the ring mentioned again, yet again bringing fear on the people, yet again connected to Lilith, the Kali Ma and the moon cycle, but this piece intrigued me that offerings were made to her, so that the circle of the year may be completed happily, this smacks heavily to me of a circle ritual, and so was coven based. Statement and listen closely, there is no organized light

practices currently operating on this planet, everyone of them were twisted dark, it is important to understand and grasp that, we have to create new again, starting off with the full background of hidden knowledge and only then can we create new, all the old light practices are now traps, due to a chronic lack of real knowledge. We have to create our own mystery schools, not based on their corrupted versions.

THE HEBREW CONNECTION The Jewish people are the only religion that are taught to not believe in djinns, ghosts or spirits, describing it as purely superstition, that ignorance is how so many from that religious background fell and how they became corrupted. It could also have been one giant ploy used also, whereby the leaders were familiar with the djinns and spirits, but wanted to keep it to themselves, so only they can use their dark and magic intentions, it is not too clear, but certainly worth considering, perhaps this next caption will make things clearer? The very phrase brings to mind images of priests pronouncing, "In the name of the Father, the Son and the Holy Spirit." The Christian triune God, composed of God the "Father," Jesus the "Son," and a mysterious entity known as the Holy Spirit, or more archaically known as the Holy Ghost, would seem to be as far as one can go from Jewish theology. While the Trinity only became official Christian creed in the fourth century, this was a time when Christianity was still a variant form of First Century Judaism, the Holy Spirit was already a frequent actor in the New Testament, oops Christianity was a variant form of Judaism. In the Gospel According to Matthew, a curiously sounding British name for one residing in the Middle East, but I digress, one reads that Mary conceived her child by the Holy Spirit, that is one idea not found in Judaism! So lets get this down to basic terms of what they are saying here, that Mary was shagged by a ghost and got pregnant, really? are we expected to believe that nonsense? Then others say that the Holy Spirit or ghost is the Mother, so they are saying that two females produced the offspring that became the son of god? oh dear. For the early Christians, the Holy Spirit was presented as an active agent, bestowing God's gifts, defending the people. Eventually Christianity began to assert itself as the new covenant, the religion of the Spirit, in opposition to Judaism, the religion of Law. Ah the religion of law, which is legalese, which is Latin, which is the language of the Draconians.

This piece comes from research from one of our members and ties in and connects more dots. In 1666, which is the same year of C'estui Que Vie Act, cohen cidence? the Rabbai Sabbatai Zevi who we covered earlier in this series, declared himself to be the Messiah, self appointed titles of importance again, he said that the Talmud said that sin was the

way to salvation. But remember they love to play on words, the double and even triple meanings, when you understand the original meaning of sin was knowledge, then things may become clearer to you, the God of knowledge is called Sin, so the Talmud statement is correct, but they are using it in a reverse psychology way, sin is bad and evil we are told, like the Catholic church and confession booth, come in the confession booth and reveal your sins, which actually means reveal your knowledge. So the confession booth is just a glorified spying or gossiping outpost, remember their story in the garden of Eden, Adam and Eve or Lilith were banned from eating the fruit from the tree of knowledge, and called it a sin, which we are led to believe is something bad or evil, when sin means the knowledge. Living in the Ottoman Empire it was said that he was forced to convert, or was it a clever infiltration ploy so prevalent at that time? He then converted from Jew to Muslim called a Donmeh, but secretly he still operated as a Jew. The Donmeh infiltrated the Muslim community, the original spelling of the word, like most else in religious circles has changed from MOSLEM to Muslim, the meaning of Muslim which is an Arabic word is submitter, and so like all the other religions, it means subservient. The Donmeh are stated to have a great dislike for Jewish people, the usurpers as they believe that Adam, Noah, Abraham, Ishmael, Jacob, Moses, and Jesus and his apostles are all considered to be Muslims in the Qur'an. These Donmeh later became the Royal Saudi Family, another of the Houses, this time the House of Saud. This Family together with the British Empire created Wahhabism, which is a Sabbatean cult, and not Muslim, Wahhabism is the background and front to the group known as ISIS, ah that goddess again, but also is an acronym for Israeli Security Intelligence Services, oh the cohen cidences, and why it changed to ISIL and now to just IS. It is my understanding also the last male Parent, known as the Prince was ensconced within this family. Jacob Frank took this evil to an even higher level, Frankist infiltrated the Roman Catholic Church and later all religions leaderships. 1776 Illuminati, another of their mirror word magic, as it spells the same in a mirror, but in reverse it spells itanimulli, add .com to it and it brings up the NSA website, what are the chances of that not being connected? In witchcraft and demonology, spells are "cast" by means of magic mirrors, which are believed to be the entrance to other dimensions. "Through the looking glass" is more than simply symbolic, and the Qabala mystery religions teach that "Lilith" enters into this "world" via "mirrored walls" which are "the entrance to her cave." Like I said in recent show, a mirror is not one way, once you grasp that, the world of illusion begins to dissipate. On May 1, 1776, Sabbatean cult disciple Jacob Frank conspired with Adam Weishaupt and Amschel Rothschild. In a highly demonic ritual, the trio communicated with "Father Lucifer" who revealed unto them the "Darkest Priesthood the World had ever known!" Ah May 1st,

when people doth ridiculous clothing and all dance like prats, all around the May pole we go, not realizing it is another of their ritual days. Another of their 9/11's which is the emergency and warning number, but what about May Day, May day it is an emergency, yes Randy it is an emergency, a case of emerge and see, three words not one. It is the day they emerged to see the light given they believe they are the Illuminated ones, their version of light is darkness, everything's backwards or mirrored, they emerged to see with their cyclopic eye, the eye of Horus and also the eye of Ra, same entity, same symbolism and same cult. The Jewish "Frankite" cult named their organization the "Illuminated Ones" (Lucifer, the "Son of the Morning" brings "first light" or "enlightenment" to the world.) The House of Rothschild controls much of the earth's wealth, their elitist organization is called the "Illuminati". In demonology, secret names have power inter-dimensionally when reversed or "mirrored". Mirrors are used in Monarch Mind Control programming of MK Ultra origin, each of a mirror's broken shards represents a different alter, or personality, watch the movie Eyes wide shut for that in your face disclosure. They are following the Khabbalah, especially the Book of Zohar. Zohar = radiance illuminated, hence the Illuminati, is the main language of the Talmud. They infiltrated politics, media, science, business, banking, entertainment, sports - everything. They are called the Hidden Hand, they created the State of ISRAEL. They are the New World Order, One World Government, with Jerusalem as capital. Today they are called Satanists They are ALL of them - children of Donmeh.

So who are these Donmeh and how have they influenced certain matters, in various regions? There is a historical "eight hundred pound gorilla" lurking in the background of almost every serious military and diplomatic incident involving Israel, Turkey, Iran, Saudi Arabia, Iraq, Greece, Armenia, the Kurds, the Assyrians, and some other players in the Middle East and southeastern Europe. Although known to historians and religious experts, the centuries-old political and economic influence of a group known in Turkish as the Dönme, is only beginning to cross the lips of Turks, Arabs, and Israelis who have been reluctant to discuss the presence in Turkey, and elsewhere of a sect of Turks descended from a group of Sephardic Jews, who were expelled from Spain during the Spanish Inquisition in the 16th and 17th centuries. Remember it was these Turkic people who were also a part of the Genghis Khan cult in South Siberia and Mongolia, that swept across that whole region and into Iran, the land of the Aryans, interestingly enough the group said to be under threat and attack in China, are Turkic called the Ugyhurs. The Khazars were a nomad and later on semi-nomad Turk people that had originally settled in Central Asia (Khazar is translated with "wanderer – wandering around"). These Jewish

refugees from Spain were welcomed to settle in the Ottoman Empire, and over the years they converted to a mystical sect of Islam, that eventually mixed Jewish Kabbala and Islamic Sufi semi-mystical beliefs into a sect, that eventually championed secularism in post-Ottoman Turkey. The Black Sufis of course was referenced in 8B show, as part of the Order of the Black Sun. It is interesting to note that Dönmeç not only refers to the Jewish “untrustworthy converts” to Islam in Turkey, but it is also a derogatory Turkish word for a transvestite, or someone who is claiming to be someone they are not. Many Dönmeç, along with traditional Jews, became powerful political and business leaders in Salonica, it was this core group of Dönmeç, which organized the secret Young Turks, also known as the Committee of Union and Progress, the secularists who deposed Ottoman Sultan Abdulhamid II in the 1908 revolution, proclaimed the post-Ottoman Republic of Turkey after World War I, and who instituted a campaign that stripped Turkey of much of its Islamic identity after the fall of the Ottomans. Abdulhamid II was vilified by the Young Turks as a tyrant, but his only real crime appears to have been, to refuse to meet Zionist leader Theodore Herzl during a visit to Constantinople in 190, and reject Zionist and Dönmeç offers of money in return for the Zionists to be granted control of Jerusalem. Modern day Turkey is ran solely by the Donmeç, and as I understand it although just as capable or likely he could be a double agent, Erdogan is fighting against this particular Donmeç group. A common theme to label certain leaders who will not bow down to these globalist parasites, to label them tyrants, despots, the anti christ in an effort to turn the public against them, and because so many will not think for themselves, they get away with it, please learn to think for yourselves, we will make giant strides on fixing this world if, the many begin to think for themselves. Like other leaders who have crossed the Zionists, Sultan Adulhamid II appears to have sealed his fate with the Dönmeç, with this statement to his Ottoman court: “Advise Dr. Herzl not to take any further steps in his project, I cannot give away even a handful of the soil of this land, for it is not my own, it belongs to the entire Islamic nation. The Islamic nation fought jihad for the sake of this land, and had watered it with their blood, the Jews may keep their money and millions, if the Islamic Khalifate state is one day destroyed, then they will be able to take Palestine without a price! it was and they did. But while I am alive, I would rather push a sword into my body than see the land of Palestine cut and given away from the Islamic state.” After his ouster by Ataturk’s Young Turk Dönmeç in 1908, Abdulhamid II was jailed in the Donmeç citadel of Salonica. He died in Constantinople in 1918, three years after Ibn Saud agreed to a Jewish homeland in Palestine, and one year after Lord Balfour deeded Palestine away to the Zionists in his letter to Baron Rothschild. Ibn Saud fathered many children, including 45 sons, and all of the subsequent

kings of Saudi Arabia, bit like the Rothschild's family then, and also a common practice of the so called gods. During World War I, the British government established diplomatic relations with Ibn Saud, the British agent, was named Captain William Shakespear, you can't make this stuff up. Whilst the fake Russian takeover was ongoing, there was another genocide taking place that rarely gets coverage, right next to the Turkish border, and that of Armenia. The Armenian Genocide was the systematic mass extermination, and expulsion of 1.5 million ethnic Armenians within the Ottoman Empire (most of whom were citizens) by the Ottoman government from approximately 1914 to 1923, this was also carried out by these same Zionists. The same time period we covered in part four of this series, we are still paying heavily for that time period of 1880 -1925, and now we have uncovered, grasped and understood, can we go about fully correcting it. Right through this series I have said these Jews are fake and part of a program of death, that has used the people now known as Jews as pawns in a giant game of death and destruction, perhaps this scripture piece says it best. Revelation 2:9 I know thy works, and tribulation, and poverty, (but thou art rich) and [I know] the blasphemy of them which say they are Jews (Israel), and are not, but [are] the synagogue of Satan. TIME

This completes the mobius loop and the figure 8 of From Russia with Love, 9 brings the open ended spiral and a completion to the series. The key to all this series is, history or his story has been a giant lie and a conspiracy of the highest magnitude, conspiracy indeed, the cons of the piracy have fooled us left, right and center, and only the unveiling of the hidden world and bringing it into the light, coupled with a willingness by many peoples to embrace our story, will greater clarity, hope and wisdom be garnered from it. Unlearning the lies is the first step, processing it and releasing that old construct is the next stage, armed with the new knowledge, which then has to be morphed into a new way or path, repeating it is pure folly and destined to fail. This giant umbrella was a cancer on this planet, that all but destroyed everything we hold sacred, the truth was stomped upon in giant waves, consciousness stripped away and left many devoid of it, the abilities to care, nurture and love desecrated in a plethora of self serving greed, that has created an abomination within society, that will require much healing, teaching and trauma releasing going forward. This cancer was all designed to bring divide and conquer, and much blood spilt to play their illusion game, the spilling of blood has great consequences on this planet on a meta physical level, but these fake gods and their many followers desired that blood spilt, to collect for their harvesting. This show and previous was not a denigration of peoples, cultures, countries or religious or spiritual based peoples, it is highlighting we have all been duped here on a massive scale, and used as pawns in a chess game where

most of the pieces where dark. People can react and shout racism all they want, deny it or refuse to look at it, as it affects their life or lifestyles too much, but seeking the external has come at great cost to us all on this planet, it has spilt much blood, caused great suffering and trauma, that only begins to end, when you accept facts and reality, once you do that, a whole new world opens to you all, with untold riches, not in terms of pieces of paper with numbers on, but inner wealth, riches and abilities. This show was a warning for those seeking enlightenment on the external, your enlightenment is internal and does not require paying fees to do so, or join some sycophantic religious or witchcraft based cult group, that are all designed to take all of your power away. Pray within, external makes you the prey. All the isms, ism equals Is M, just like I be M, M being Marduk were created to harvest your energy and power away from you, so you sought external help, gods and idols, the love, the answers, the truth and the enlightenment were inside of you all along. You are all much more than you realize or comprehend, once you get the external construct out the way, and go within, far greater treasures of life awaits you, than you can ever receive externally. The aura shine or beacon on the external of you, is a reflection of your internal light, use it wisely. I will walk, not in front of you, but beside you, and we all walk the path together into the domain of the free, freedom is a Universal right, not an Earth based privilege. LIGHT UP
