CANT HANDLE TRUTH- LOW LIFE IN HIGH PLACES This show covers more evidence and supported narrative that validates our series From Russia with Love in bucketloads. The systematic takeover by a relatively small group of people that has done everything to subvert life, destroy life, destroy spirituality, consciousness and our own unique way of living. There will be no more illusions where our collective problems globally lies after this show, should the listener grasp and understand it. I say small group of people because in real terms it is, but they are not all people as we know it, as our series has revealed. The introduction of off world elements into a narrative often leads many people to turn away from it, due to the sheer indoctrination program done against many on this planet. This leads to a giant chasm of information and understanding missing, and often leads to many things not making any sense, and the only thing that actually makes sense is, by adding in and accepting the narrative of the off world programs and the entities. It is the key to many issues on the planet and below it. Tonight we go deeper into a pervading theme of the series, the people known as Jews, except they are not Jews per se, these greed based psychopaths care not for anyone, least of all the people of the same shared religion. It is very important to distinguish between the two, as broad sweeping plays exactly into their hands as they roll out program after program to control the narrative, the most prominent of which is the money laundering industry known as the Holocaust, and the speech controlling narrative of anti-semitism. These greed based psychopaths all demand monies under the banner of guilt and shame, which is eerily similar to the church is it not, in fact it is not similar at all, but the same program, ran by the same people and same off world entities. Our series documented as far back as 110K years ago when the Kosheys the dark forces were determined to extinguish what is known as the Great White Race, and no they were not all white either. So no more white privilege and supremacy memes designed by the same group of dark forces, they were teachers for the all, not harvesters of doom and sorrow. Koshey's became the Kosher in my opinion, known as the sub gray race. Mass elimination of many white peoples though from Da'arya to Hyperborea to The Rus to the Aryans to the Caucasians and onto the western world, with their final destination, America. This is playing out now and all can see it, but maybe not understand it and why it is important for the From Russia with Love series to spread far and wide. To that end, once a different FRWL 9 is completed and it is underway, then I will assemble a THI FRWL book club and we will work on it and produce that book. We will start with the first one soon, likely involving Parts 1 through 3. It needs to be seen, heard, absorbed and understood and is the key to our future, we cannot go forward to a better future with the echoes of lies and deceptions permeating within and through our midst. We must end the program that bans discourse, truth must be endured loud and clear, and remember the truth never feared investigation. To build a home or a brighter future one must lay foundations, to do that requires digging through the mud and dirt to get to where the foundations begin for a rebuild, these shows are

digging through the dirt to allow a brighter future for us all. Our regular listeners to this show have become familiar with the term born in and born to. Born in New York and born to Jewish parents has become a common theme and pattern for those people, who are involved in heinous acts, harvesting and greed based finances, the evidence of that now is overwhelming, but tonight we will spread the net a bit wider than just New York and see where we stand. Is it a real problem? or just some people being misunderstood and misrepresented? it is your choice to make. I will repeat again for the close minded and hard of hearing, this is not a denigration of Jews or the Jewish and will repeat the line again from the book of Revelation 2:9 I know thy works, and tribulation, and poverty, (but thou art rich) and [I know] the blasphemy of them which say they are Jews (Israel), and are not, but [are] the synagogue of Satan. UNITED WE STAND

To open this show I am in part reading an article written by John Q. Publius, interspersed with comments and insights by me for deeper clarity, when written this was called Occidental Observer. Occidental observer means the one who see or views from the West.

“What has happened since World War II is that the American sensibility has become part Jewish, perhaps as much Jewish as it is anything else. The literate American mind has come in some measure to think Jewishly, it has been taught to, and it was ready to. After the entertainers and novelists came the Jewish critics, politicians, theologians. Critics and politicians and theologians are by profession molders; they form ways of seeing.”— New York Times Theater Critic Walter Kerr, writing in 1968. In a media-saturated society, with said media almost completely under Jewish control, the Jewish “way of seeing” retains not just its primacy but its virtual monopoly. In such an environment, what you see will be determined for you, and as one who is to be molded, the aim is for your very will to no longer be your own." "they form ways of seeing" is an interesting line, as with THI with are unforming those ways of viewing things, and now we see with a new set of eyes and eye, and also perspective. But this is also referring to the totalitarian creep, which when that word is broken down, means to ruin or total the Aryans, and confirms the subtle MK Ultra mind control tactics that have been used on all peoples and countries for thousands of year. Once again I will repeat this is not a denigration of people known as Jewish, but Jewish is a religion not a race of people, but they have bound those people to their off world based religion and made them suffer terribly. Whilst a select few of them plunder the world in their name, of which the Jewish peoples carry the can and ire against them due to these peoples, who go by the name Jews, but are not. It is way past time to clearly differentiate the people known today as the Jews, from the sub gray race these harvesting psychopaths are from, once and for all.

MEDIA, MUSIC, FILM AND CONTROL The music industry is, as with all forms of media, dominated by Jews, and its control has become increasingly centralized, another

trend we've seen irrespective of the industry in question. In December 1998, with the PolyGram-Universal merger, the music industry's Big Six became its Big Five, in control of 77.4% of a market estimated to be between \$30 and \$40 billion; 2004 saw another merger, this time of Sony and BMG, to then create a Big Four. Coupled with the shrinking of independent labels, the Big Four were in control of a whopping 88% of the market by 2011. In December 2011, EMI was absorbed by the Universal Music Group and Sony Music Entertainment, though in Europe regulators forced Universal Music to sell off its EMI assets which became the Parlophone Label Group, and was then promptly acquired by the third member of the Big Three, Warner Music Group. In 2012, the Big Three represented 88.6% of the market. A snapshot of the leadership of the Big Three proves illustrative; this overview from December 2019 reveals an obscene overrepresentation of Jews including Michael Lynton, Chairman of the Board for the Warner Music Group and its Vice Chairman, Len Blavatnik; of the nine other members of the Board, Noreena Hertz, Ynon Kreiz, Thomas H. Lee, and Alex Blavatnik (Len's brother) are Jewish. Mathias Dopfner is a Gentile, but is also a self-described "non-Jewish Zionist." The rest, such as Stephen F. Cooper—also the CEO, replacing the Jewish Edgar Bronfman, Jr.—are either contested or I could not definitively find out. Co-Chair and CEO of Warner Records, Aaron Bay-Schuck, has Jewish ancestry, and other prominent Jews in management include the COO of subsidiary Atlantic Records Group Julie Greenwald and its CEO Craig Kallman. Universal Music Group Chairman and CEO Lucian Grainge is Jewish, as are: Chairman and CEO of the Universal Music Publishing Group's global publishing division, Jody Gerson; Chairman and CEO of Universal Music UK and Ireland, David Joseph; and Executive Vice President of Marketing Andrew Kronfeld. Sony Music CEO Rob Stringer is Jewish, as is its COO Kevin Kelleher, Executive Vice President and General Counsel Julie Swidler, and President of Global Digital Business and US Sales Dennis Kooker. In other words, all three major record labels are headed by Jews and their corporate governance is dominated by Jews as well. The rest, like RCA Records CEO Peter Edge, are "well-liked Gentiles." Just four conglomerates control 90% of the entire US television and films markets: Comcast (including NBCUniversal), Disney, ViacomCBS (controlled by National Amusements), and AT&T (including WarnerMedia). These conglomerates are, in fact, almost entirely Jewish-controlled. Jews are overrepresented at places like CNN (a WarnerMedia subsidiary) by a factor of twenty-five, and are over-represented among senior executive positions at the major television broadcast networks, cable networks, and movie production companies by a factor of 44.5! With positions current as of December 2019, we see that Bob Bakish, President and CEO of ViacomCBS, is Jewish as are: John T. Stankey, CEO of WarnerMedia and President and COO of AT&T Comcast Chairman and CEO Brian L. Roberts Jeff Zucker, Chairman of WarnerMedia and President of CNN Worldwide Bob Iger, Chairman and CEO of Disney Jeff Shell, Chairman of NBCUniversal Film and Entertainment Ron Meyer, Vice Chairman of NBCUniversal David L. Cohen, Senior Executive Vice President and Chief Diversity Officer of Comcast

Kent Alterman, President of Comedy Central (under ViacomCBS), Paramount Network (also under ViacomCBS), and TV Land (under MTV Networks, a division of ViacomCBS, which also owns MTV, VH1, Nickelodeon and Nick Jr.) Shari Redstone, President of National Amusements and Chairwoman of the Board for ViacomCBS Sumner Redstone, majority owner and Chairman of the Board of National Amusements; through National Amusements, Redstone and his family are majority voting shareholders of ViacomCBS and its subsidiaries such as MTV Networks, Paramount Pictures, Comedy Central, and BET. Randall L. Stephenson, Chairman and CEO of AT&T and former National Chair of the Boy Scouts of America during its “inclusivity” demise (when girls were allowed to join the Boy Scouts) is not Jewish, but was awarded an “honorary yarmulke.” Other recent principal figures include: Jeffrey Katzenberg, former Disney Chair, co-founder of DreamWorks Entertainment, WndrCo, and Quibi (and a major donor to Barack Obama) Michael Eisner, former Chairman and CEO of Disney Ralph J. Roberts, co-founder, former CEO, and Chairman Emeritus of the Board of Comcast Richard Plepler, member of the Council on Foreign Relations and former Chairman and CEO of HBO (under WarnerMedia) Former Time Warner CEO Gerald Levin Les Moonves, Chairman and CEO of CBS Corporation from 2003 until his resignation in September 2018, following numerous allegations of sexual harassment and abuse and current member of the Board of Directors at ZeniMax Media. Former Paramount Chairman and CEO Brad Grey Jordan Levin, member of The WB’s founding executive team and a former CEO; former Microsoft Xbox Entertainment Studios Executive Vice President-General Manager to Produce Original Programming; founder and former CEO of Generate, a production studio and talent management company; former Chief Content Officer at the NFL; former CEO of Awesomeness, an American media and entertainment company eventually purchased by Viacom; and current General Manager of Rooster Teeth, an entertainment company and subsidiary of Otter Media, which is a subsidiary of WarnerMedia. Julian Brodsky, co-founder and former CFO and Vice Chairman of Comcast, as well as co-founder and former Chair of Comcast Interactive Capital, Comcast’s venture capital unit. We should also not ignore the remaining 10%, most of which is divided between Vivendi, Sony, and Bertelsmann, nor can we ignore other major players in affiliated industries such as producers, agents, writers, and “talent scouts,” and we certainly cannot ignore social media and other online platforms not considered part of the “traditional” media market, though no less important to the media apparatus, and arguably more so. Once again with positions current as of December 2019, we see the same obscene overrepresentation of Jews, including: Tom Rothman, Chairman of Sony Pictures Motion Picture Group Josh Greenstein, Co-President of Sony Pictures Motion Picture Group Peter Chernin, former News Corp. Chairman and current Chairman and CEO of The Chernin Group (assets include Chernin Entertainment; a majority stake in CA Media, an Asia-based media investment company; and Pandora, Fullscreen, Tumblr, Barstool Sports, and Flipboard) Record company magnate and DreamWorks co-founder David Geffen Lionsgate CEO Jon Feltheimer

Lionsgate Chairman Mark Ratchesky Facebook founder Mark Zuckerberg Facebook COO and ADL-donor Sheryl Sandberg YouTube CEO Susan Wojcicki (her sister founded 23andMe) Former Co-Chair of Sony Pictures Entertainment and current head of Pascal Films (which produced the atrocity known as the Ghostbusters re-make) Amy Pascal Relativity Media CEO Ryan Kavanagh “Committed Zionist” Sam Zell, founder and chairman of Equity Group Investments and former owner and CEO of the Tribune Company, which counted among its assets 23 television stations, a baseball team, and many major newspapers, including the Chicago Tribune and the Los Angeles Times “Super-agents” Scooter Braun and Ari Emanuel (Rahm Emanuel’s brother and inspiration for the character Ari Gold in HBO’s series Entourage) Ivan Seidenberg, former Chairman and CEO of Verizon Communications Inc. Joel Klein, former CEO of Amplify, Executive Vice President at News Corp., and former Chairman and CEO of Bertelsmann, Inc. Lloyd Braun, Chairman of the ABC Entertainment Group from 2002 to 2004, former head of Yahoo! Media Group, who partnered with Gail Berman to form the entertainment company Berman Braun, eventually becoming the sole owner and renaming the company Whale rock Industries. Mort Zuckerman, owner of the US News & World Report, former owner of the New York Daily News, The Atlantic, and Fast Company, and former chair of the Conference of Presidents of Major Jewish American Organizations, one of the largest pro-Israel lobbying groups in America. Haim Saban, founder of Saban Entertainment, the Saban Music Group, and Saban Capital Group, a stakeholder in Univision (Saban: “I’m a one-issue guy, and my issue is Israel.”) Mega-producer and member of the Board at ZeniMax Media Jerry Bruckheimer Former Warner Bros. Chairman and CEO Barry Meyer, who was also on the Board of Directors for the San Francisco branch of the Federal Reserve. Harry Sloan, former Chairman and CEO of Metro-Goldwyn-Mayer and Board member at ZeniMax Media ZeniMax Chairman and CEO Robert Altman (ZeniMax’s legal counsel is none other than DLA Piper, which features prominently in The Way Life Should Be?) Fox Entertainment CEO Charlie Collier Michael Lynton, from earlier, also former CEO of Sony Corporation of America, now Chairman of Snap Inc. (Snapchat) and as mentioned Chairman of the Board of Warner Music Group (Lynton is also a member of the Council on Foreign Relations; his brother-in-law is “progressive” journalist and correspondent Jonathan Alter and his mother-in-law, Joanne Hammerman/Alter, was a “progressive” politician who worked closely with Bella Abzug, all Jewish) Nicole Seligman, former President of Sony Corporation of America and Sony Corporation general counsel and former representation of Oliver North during the Iran-Contra hearings, of course there would be Jewish counsel on that hearing, incase the world found out the real deal behind that was the not only the CIA supplying Iran with weapons, but the fact that Israel sold nuclear weapons to Iran in the 1980’s. She was counsel also for Bill Clinton during his impeachment trial (her husband Joel I. Klein was an official in the Clinton administration and is the former Chancellor of the New York City Department of Education, preceded by the Jewish Harold Levy and appointed by the Jewish Michael Bloomberg; in an illustrative example

of Jewish nepotism. Wikipedia states that Klein, “never obtained the common formal credentials that one would have to take a leadership role in a public school system, and...had a short duration of teaching experience”; in 2005, Klein fired Rashid Khalidi from the teacher training program for his views on Israel) Klein didn't have credentials but got in anyway, that is just like the Stanley Milgram story from a recent show of ours, is it not? Leonard “Len” Blavatnik, from above, also owner of AI Films and founder of Access Industries. The New York Times Company, controlled by the Jewish Sulzberger family through a dual-class share structure. Donald Edward Newhouse, owner of Advance Publications whose properties include Condé Nast, dozens of newspapers across the US, cable company Bright House Networks, and a controlling stake in Discovery Inc. President and CEO of Discovery Inc. David Zaslav (Zaslav serves on the Boards of Sirius XM Radio, Inc., Lions Gate Entertainment, the National Cable & Telecommunications Association, The Cable Center, Center for Communication, Grupo Televisa, Partnership for New York City, and the USC Shoah Foundation, and is the Chair of the Auschwitz: The Past Is Present Committee) Google co-founder and Alphabet Inc. President Sergey Brin Google co-founder and Alphabet Inc. CEO Larry Page The Weinstein brothers Harvey and Bob of the now-defunct Weinstein Company movie studio Former Vice Chairman of the Board and CEO of Vivendi Universal and former Warner Music Group Chairman and CEO Edgar Bronfman (now a Managing Partner at Accretive LLC, a private equity firm focused on “creating and investing in technology companies”); and the list goes on. Bronfman: Is the son of Edgar Miles Bronfman and the grandson of Samuel Bronfman, patriarch of one of the wealthiest and most influential Jewish families in Canada. The Bronfman family gained its fortunes through the Seagram Company, an alcohol distilling company. Edgar Jr. is the second of five children of Ann (Loeb) and Edgar Miles Bronfman. His mother was the daughter of John Langeloth Loeb Sr. (a Wall Street investment banker whose company was a predecessor of Shearson Lehman/American Express) and Frances Lehman (a scion of the Lehman Brothers banking firm)... Edgar M. Bronfman, Jr., is the son of Edgar Bronfman, Sr., the billionaire businessman and longtime president of the World Jewish Congress who died aged 84 in 2013. He is the half-brother of Clare Bronfman, who as a 39-year-old was charged in 2018 in a NXIVM sex-trafficking case. In 1979, Bronfman married his first wife, Sherry Brewer, an African-American actress, in New Orleans. Bronfman’s father did not approve of the marriage. ‘I very much wanted for him to end the relationship, because I told him, all marriages are difficult enough without the added stress of totally different backgrounds,’ Bronfman Sr. wrote in his memoirs. ‘Sherry offered to convert [to Judaism], which though well intentioned, was not the point.’...On January 21. Which is further proof of the media based illusion that only whites are racists, when in fact the most racist book ever written is the Talmud, these greed based merchants all follow and abide by. 2011, Bronfman was found guilty in French court of insider trading as Vivendi chief and received a 15-month suspended sentence and a €5m fine. This could all be sound and fury signifying nothing, however, as these people “just happen to be Jewish,”

pace former Anti-Defamation League National Director Abe Foxman, and thus we shouldn't make anything of the comments by Robbie Brenner, head of Mattel Films and President of The Firm's film division—"Everyone had a similar kind of look, the know-your-tribe look—the Jews from New York"—or that in writing the screenplay for *Crouching Tiger, Hidden Dragon*, co-writer and former Focus Features CEO James Schamus said that, rather than try to create authentic Chinese characters, he tried to write them "to be as Jewish as possible." We shouldn't make anything of the fact that, as Mike Konrad writes: The popular TV show *Bridget Loves Bernie* was canceled because some Jewish pressure groups were furious, that American TV approved of Jewish-Christian intermarriage. Meredith Baxter said, "We had bomb threats on the show. Some guys from the Jewish Defense League came to my house to say they wanted to talk with me about changing the show." Threatening phone calls made to the home of producer Ralph Riskin resulted in the arrest of Robert S. Manning, described as a member of the Jewish Defense League. Manning was later indicted on murder charges, and fought extradition to the U.S. from Israel, where he had moved. Needless to say, the quite popular show was canceled. This is a common issue whereby any of this Jewish network are caught in a crime in America, they are flown out and into Israel and go missing, and avoid the authorities. There has been a number of sexual crimes committed and they fly out to Israel and avoid extradition, hello Mr. Epstein - just saying. Ironically, soon after that, the CBS network didn't mind featuring an interracial couple on *The Jeffersons*. Similarly coincidental and inconsequential, from "Jewish Media Power: Myth and Reality" by Elana Levine and Michael Z. Newman: In a society in which Jewish identity exists in tension with gentile whiteness, Jewish power over media has been a source of as much anxiety as celebration... The new movie studios and networks were run largely by Jewish immigrant moguls or their offspring: the Warner brothers, Adolph Zukor (Paramount), David Sarnoff (RCA/ NBC), and William S. Paley (CBS), among others. Both news and entertainment remain fields hospitable to Jewish artists and business people, from CEOs like Bob Iger (Disney) and producers and company presidents like Jeff Zucker (CNN, NBC) to writers and directors like Nora Ephron and Steven Spielberg. Jewish journalists have led the most influential news organizations in the United States, including the *Times* and *Washington Post*. Jews are heavily represented in creative and media workplaces and occupy many positions of prestige and authority. Even PBS, "the nation's largest non-commercial media organization with nearly 350 member stations throughout the country," is under Jewish management in the form of President and CEO Paula Kerger. And it's not just the American media: the Rothschild's have their tentacles in all sorts of British media from the *BBC* to *The Economist* to *The Guardian*; Six of Sweden's seven major newspapers are Jewish-owned; the Bronfman family's Seagram Company has an outsized footprint in Canadian media; the three most-watched non-state-owned television stations in Finland are under the control of Sanoma WSOY and Alma Media, which are Jewish-owned, and the two companies own a majority stake in the nation's premier news agency; The most widely-circulated newspapers in Latvia are Jewish-

owned; LNK TV in Lithuania is Jewish-owned; several premier business papers, such as Finance in Slovenia, Äripäev in Estonia, and Puls Biznesu in Poland are Jewish-owned; a substantial swathe of the Danish media and finance commentariat is Jewish; and once again the list goes on. They we look at this report out recently, Only 22% of Americans now believe “the movie and television industries are pretty much run by Jews,” down from nearly 50% in 1964. The Anti-Defamation League, which released the poll results last month, sees in these numbers a victory against stereotyping. Actually, it just shows how dumbed down America has gotten. Jews totally run Hollywood. It makes no sense at all to try to deny the reality of Jewish power and prominence in popular culture. In August 1996, the Jewish magazine Moment (which describes itself as “North America’s premier Jewish magazine, founded in 1975 by Nobel Prize laureate Elie Wiesel”) ran a front page article titled “Jews Run Hollywood—So What?” written by Jewish journalist Michael Medved. Elie Wiesel went onto building on an idea by another of their ilk, Henry Kissinger to build and run the Jewish museum in New York, and despite collecting millions per year in donations, gives nothing of it back to the real Jewish people, many of which live in poverty in New York itself. Which in my book like Black Lives Matter donations, makes it a scam. Any list of the most influential production executives at each of the major movie studios will produce a heavy majority of recognizably Jewish names. Jewish writers and directors employ unquestionably flattering depictions of Jews for audiences to react with sympathy and affection. The combined weight of so many Jews in one of America’s most lucrative and important industries gives the Jews of Hollywood a great deal of political power. They are a major source of money for Democratic candidates, oops. The industry’s informal patriarch, MCA chairman Lew Wasserman, wields tremendous personal clout in state and national politics. So do Barbara Streisand, Norman Lear and others. There is even a commercially available book about the Jewish control of Hollywood, written by the Jew Neal Gabler, titled *An Empire of Their Own: How the Jews Invented Hollywood*. On page 263, Gabler even describes this takeover as the work of a “Jewish cabal.” On the first page of his book he states how the industry was “supervised” by Jews, goes on to detail the workings of the “Jewish network”, and specifies how the studios “preferred to deal with other Jews”(p.272). Gabler also reveals that the Hollywood Jews practice anti-Gentile discrimination. “Those goyim!” Harry Warner would yell in derision, or “He’s a nice fellow for a goy” a Jew might say but only in their inner sanctums, when they were safe among fellow Jews, and only verbally.

The sheer depth of this list should alarm anyone, it is not congruent on so many levels, ignoring the propensity of these people to control and subvert the populace with their pro pagan da. How is one group regardless of religion, nationality or color dominating so much of industry, and not just media either. This is a monopoly on a massive and quite staggering scale and encourages greed based harvesting on all levels, and this why it is imperative we build our own brand for and by the people, with The Peoples Club. The

premise of the peoples club is their is no individual ownership, but is equally shared amongst us all, all colors, all cultures and all countries coming together as equals. That then allows a clockwise flow which touches everyone, and not the anti clockwise flow which is harvesting and collected by the few. All the above wealth accumulated by these people and not one of them will help their own people, never mind anyone else. There are millions of poverty stricken Jewish people around the world, and these greed based merchants despite vowing we are gods chosen people, can't even look after them? The fake Holocaust museum in New York generating \$50-100M a year in donations and it is all going to feed the war machine in the so called gods chosen country? Thousands of Jewish people in New York alone in abject poverty and living in squalor, and not one of the above puts their hand in their pocket to help them? no their pockets are anti clockwise only, and it is shameful. A group basing their whole history on a fake book written by a Crown based agent called King James, that has all British names as disciples and several names with the letter J, which never existed until the 15 or 1600's. That book has laid the foundation for hundreds of thousands of deaths over the past 500 years alone, and allowed these psychopaths to take over everything, based on running a guilt and shame scam on the whole world. This hegemony has to be ended and the world will return to peace, prosperity and abundance this group have denied us for thousands of years, to us all nothing else matters. PLD-14 NOTHING ELSE MATTERS

I used the word before the break called hegemony, which means the political, economic, or military predominance or control of one state over others. The term cultural hegemony was a Marxist term, Marx also being of Jewish origin and not a cohen cidence, is the idea that the ruling class can manipulate the value system and mores of a society, so that their view becomes the world view, sound familiar? In contrast to authoritarian rule, cultural hegemony "is hegemonic only, if those affected by it, also consent to and struggle over its common sense", explains why the bots consent and struggle then doesn't, as it seems common sense doesn't exist in their world.

So having established their absolute control of the media, we come to a different type of media and investigate whether their domination applies there as well. This type of media is far more seedy and underground in many aspects, and involves hidden criminality and systematic abuse, this is the world of pornography. Robert J. Stoller, M.D. in his 1991 book, Porn: Myths for the Twentieth Century, sought to understand the mentality of the people involved in the hard core pornography business. While interviewing some of the actors and actresses in California, he was told, "If you're welcomed into the porn scene, it's unbelievable. It's an extended family.... So many Jewish people involved with it." Today, most porn movies and porn videos in America are produced by Jewish in the San Fernando Valley in Southern California. This is located just north of Los Angeles in a sprawl of seedy suburbs known to locals as "Porn Valley" or "the Other Hollywood". Here Jewish are the kingpins of the sex industry and own every single major studio, chief

among these is Vivid Entertainment, reportedly the largest porn production company in the world. This is owned by Jewish multi-billionaire Steven Hirsch, sometimes known as the “Porn King”. Vivid Entertainment generates an estimated \$100 million a year in revenue, cranking out 60 films per year and selling them in video stores, hotel rooms, on cable systems and on the Internet. “Sex is a powerful thing,” Hirsch notes complacently. “This is the right time for us!” Another billionaire Jewish porn mogul, Paul Fishbein, founder of Adult Video News (AVN), is also headquartered in Porn Valley, California. Fishbein’s business associates, Irving Slifkin, Barry Rosenblatt, and Eli Cross are all fabulously rich Jews. So make no mistake: Porn Valley, California, is a Jewish enclave, as Jewish as Tel Aviv or Brooklyn.

According to the British charity, National Children’s Homes, 55 percent of the world’s child porn is made in America. Despite dominating the porn industry as a whole, the Jewish are not in the forefront of this sordid enterprise. Pedophilia is a worldwide phenomenon, but it is an undeniable fact that the large number of Jewish who practice it, and yet appear to do so with a certain impunity. Roman Polanski, after he had drugged and raped an unconscious nymphette, got off the hook lightly, all he had to do was buy a one-way ticket to Paris, France, nothing was done to bring him to justice. Same applies to Woody Allen did it not? also born in and born to, who began his career as a comedy writer on Your Show of Shows, working alongside Mel Brooks, Carl Reiner, Larry Gelbart and Neil Simon. Brooks, Reiner and Simon again all born in and born to, whilst Gelbart was born in Illinois to Jewish parents, one giant in house club as revealed. Then he performed as a stand-up comedian in Greenwich Village alongside Lenny Bruce, Elaine May, Mike Nichols, and Joan Rivers, all four of those guests were all Jewish also, and two of them born in New York. In July 2000, Brazilian police tried to arrest the Israeli vice-consul in Rio de Janeiro, Arie Scher, he was wanted on suspicion of running a child porn ring from the Israeli embassy. Vast quantities of pornographic material had been found on his computer, what happened to Scher? Nothing. Claiming diplomatic immunity, he hopped on a plane to Tel Aviv and that was the last that was heard of him. Another Jewish pedophile too important to receive serious punishment for his crimes was the son of the famous science fiction writer Isaac Asimov. Found in possession of the hugest cache of child pornography in California, a federal crime normally carrying a 20-year sentence, David Asimov was to receive a slap on the wrist: six months home detention. How is it he got off so lightly? “A look at the players yields the answer,” a sensational news report reads. “Asimov’s child porn stash was so big that many child victims and perpetrators would have taken a fall had Asimov been zealously prosecuted at trial.” There is one law for the Jews, it seems, and another for us lesser mortals.

A CBS News investigation has found that many accused American pedophiles flee to Israel, and bringing them to justice can be difficult. Jewish Community Watch (JCW), an American organization that tracks accused pedophiles, has been trying for years to find

Jimmy Karow to bring him to justice, he abused a 9 year old girl in Oregon and then fled to Israel. JCW says Karow and other wanted men and women have been able to exploit a right known as the Law of Return, whereby any Jewish person can move to Israel and automatically gain citizenship. Since the small organization started tracking accused pedophiles in 2014, it says more than 60 have fled from the U.S. to Israel. Given its limited resources to identify these individuals, JCW says the actual number is likely much larger. There is an extradition issue in Israel that allows pedophiles to flee there and escape prosecution, due to the complicated extradition rules, I suspect Jeffery Epstein is actually being held there. Throw in Bronfman's, Disney controllers, Epstein, Maxwell's and a much bigger picture emerges from less than 2% of the American population.

If 55 percent of the world's child pornography is produced in the US — according to the British charity National Children's Homes — 23 percent of the world's child porn is produced in Russia. Whether or not Russian child porn is dominated by Russian Jews remains a nebulous issue, according to the report. There is a high probability that it is, given that there is more than enough solid evidence of Russian Jewish involvement in sex trafficking, kidnapping, pedophilia, and even child murder in the production of snuff porn movies. Here is a news report first published in October 2000, it will give the reader some idea of the depths of depravity to which some pornographers are willing to sink: Italian and Russian police, working together, broke up a ring of Jewish gangsters who had been involved in the manufacture of child rape and snuff pornography. Three Russian Jews and eight Italian Jews were arrested, after police discovered they had been kidnapping non-Jewish children between the ages of two and five years old from Russian orphanages, raping the children, and then murdering them on film. Mostly non-Jewish customers, including 1700 nationwide, 600 in Italy, and an unknown number in the United States, paid as much as \$20,000 per film to watch little children being raped and murdered. Jewish officials in a major Italian news agency tried to cover the story up, but were circumvented by Italian news reporters, who broadcast scenes from the films live at prime time on Italian television to more than 11 million Italian viewers. Jewish officials then fired the executives responsible, claiming they were spreading "blood libel." Though AP and Reuters both ran stories on the episode, US media conglomerates refused to carry the story on television news, saying that it would prejudice Americans against Jews. According to the Talmud, 3-year-old girls like this are fair game for sex with adults (Sanhedrin 54b). Killing them is permissible too. "The best of the gentiles deserves to be killed," the revered Rabbi ben Yohai states authoritatively in the Talmud. \$20k per film is a lot of money for most people today, but 20 years ago was a small fortune, which tells us one thing, only the rich and so called elite were paying and watching this utter filth. Yet so many in this and other countries look up to these rich and elites as some sort of demi gods, whilst in the background and away from prying eyes, they are up to the most disturbing and disgusting shit ever. The general public is close to finding out most of their tv stars in movies, theater, music and politicians, may have all participated in this

type of skullduggery in some form or other. That is the price you pay in this world for the illusion of what they call fame, it is called selling your soul out for a reason.

Here is what Brother Nathanael Kapner has to say on this subject. It is a neat summation and the fact that Kapner is Jewish makes his words even more compelling, and why we cannot broadsweep these people: “The degradation of Western Christian social life did not merely happen, it was planned, deliberately fostered and spread, as outlined by The Protocols of the Learned Elders of Zion. This systematic undermining of the culture of the West continues today. The instruments of this assault on Christian culture and consciousness are the weapons of propaganda, the press, television, cinema, and education. The chief fount of the propaganda is the cinema. From his capital in Hollywood, the Jew spews out an endless series of perverted films, to debase and degenerate the youth of America and the Western world. Divorce replaces marriage, abortion replaces birth, and the family becomes the battleground of individual strife. The Jew has attained his goal in destroying Western culture.” A few things about that is, the western culture is not Christian, Christianity is a spin off from the Zionist based Talmud book. The original western culture was Rus, Aryan and Slavic and nothing to do with Rome or the church. But to state the Jews are entirely to blame for the decline and fall of Western culture, is in my opinion pure folly, it takes two to tango. If the West has gone to hell in a hand basket, in my opinion the westerners are as much to blame for allowing it and themselves to stoop to those levels. We cannot just keep pointing fingers away from us, and this show will never do that, we are all partially responsible for the mess on this planet. The old saying if I asked you to put your hand in the fire would you do it? springs to mind here. They say the society we get is the society we deserve. But there is little doubt now that the virulent sex epidemic we witness all around us today, is a deliberately planned sexual psyop of epic proportions, all supported by your governments, as most of them have been involved in child porn or abuse. The Puppet Masters who pull the hidden strings of our Western regimes, all masquerading as democracies, have managed to manufacture exactly what we see when we look around us. Widespread neurosis, mass misery, the collapse of moral values, Christianity in ruins, and the coarse brutalization of the common man. Christianity is in ruins as many now are seeing through the illusion of it, and also the powers that be want to delete it now, in favor of a one world religion. There is no need for gulags for those who consent to their own chains. THE CHAIN

WEALTH Wealth is also disproportionately concentrated in the hands of global Jewry. Depending on the year in question, the percentage of the Forbes 400 for the four hundred wealthiest Americans is usually around one-third or more, despite comprising just 1.5% of the US’s population. In 1987, Nathaniel Weyl found 23% of American billionaires were Jewish, whereas for the last decade, the number has settled in at around 35%. In both 2009 and 2013, for example, Jews represented 35% of the list. 11.6% of the world’s

billionaires are Jewish, despite Jews accounting for 0.2% of the world's population. Jews are over 100 times more likely to be billionaires than everyone else on earth. Five of the top seven wealthiest Aussies are Jewish, despite accounting for less than 0.5% of the nation's population. 20% of Britain's "Super Rich" are Jewish—and most of them are immigrants. All of Monaco's billionaires are Jewish. Jews are 25% of Canada's billionaires (at roughly 1% of the population), 13% of Brazil's (at 0.5% of the population), and 43% of the Ukraine's (at roughly 1% of the population). Jews are roughly 17 times more likely per capita to make the Forbes 400 than is the rest of the American population. 46% of Jews earn more than \$100,000 a year, compared to 19% among all Americans, IQ differential alone is not enough to explain this disparity; the overrepresentation is too dramatic. Jews, by the way, are 26.4% of South Africa's wealthiest individuals whilst representing an absurdly small .014% of the population. They have profited enormously from the diamond trade, things are clearly going well for the Jews in South Africa, but for whites it is a different story. Per Henk van de Graaf: "The farmers live in fear, because being a farmer in South Africa is the most dangerous occupation in the world. The average murder ratio per 100,000 for the population in the world is nine, I believe, in South Africa, it is 54. But for the farming community it is 138, which is the highest for any occupation in the world" (Chicago is 28 per 100,000 and St. Louis is 35.3 per 100,000 residents as a point of reference). Whites are less than 9% of the South African population but are 40% of all murder victims. South Africa has a 95% black-on-white murder rate and the world's highest rape rate, there are government-sanctioned policies to seize land from white farmers, and re-distribute it to markedly less productive blacks. It should be noted here that the virulently anti-white Economic Freedom Fighters Party, helmed by Julius Malema, derives its funding from Jewish-Swazi billionaire Nathan Kirsh. In the Democratic Republic of the Congo, Israeli billionaire Dan Gertler has made a fortune exploiting the country's natural resources, through his political connections and the use of offshore tax havens: Gertler has stakes in companies that control 9.6 percent of world cobalt production, based on U.S. Geological Survey data and company figures. That's just the beginning of Gertler's influence in Congo, the largest country of sub-Saharan Africa, with the world's richest deposits of cobalt and major reserves of copper, diamonds, gold, tin and coltan, an ore containing the metal tantalum, which is used in consumer electronics. His Gibraltar-registered Fleurette Properties Ltd. owns stakes in various Congolese mines, through at least 60 holding companies, in offshore tax havens such as the British Virgin Islands. Gertler, whose grandfather co-founded Israel's diamond exchange in 1947, arrived in Congo in 1997 seeking rough diamonds. The 23-year-old trader struck a deep friendship with Joseph Kabila, who then headed the Congolese army and today is the nation's president. Since those early days, Gertler has invested in iron ore, gold, cobalt and copper as well as agriculture, oil and banking. In the process, he's built up a net worth of at least \$2.5 billion, according to the Bloomberg Billionaires Index. He's also acquired a roster of critics, many of the government's deals with Gertler deprive Congo's 68 million people

of badly needed funds, according to the London-based anticorruption group Global Witness and lawmakers from Congo and the U.K., the country's second-biggest aid donor after the U.S. "Dan Gertler is essentially looting Congo at the expense of its people," says Jean Pierre Muteba, the head of a group of nongovernmental organizations that monitor the mining sector in Katanga province, where most of Congo's copper is located. There are also the anecdotal cases of powerful Jews like Roman Abramovich in Russia and Ilan Shor in Moldova fleeing to Israel after committing major financial crimes, which surely can only confirm the "anti-Semitic" stereotypes. It's not just private citizens or politicians, either, but perhaps most insidious of all, the global finance sector and its "money men." As just one example, recall Dominique Strauss-Kahn, the Jewish former head of the International Monetary Fund—the same one that liberals used to protest against for pillaging the Third World; Strauss-Kahn headed the IMF while Greece was forced into taking its first bailout, which has effectively reduced the nation to economic serfdom, which was technically legal, but it is no less criminal. Jewish media magnate Paul Bronfman may have pulled funding from York University for its "anti-Israel" mural, but I'd be curious to know if he and his Rothschild-connected kin who own the Seagram Company (whose patriarch, Edgar Bronfman, was head of the World Jewish Congress for a quarter century; whose brother and son sit on the infamous Board of 300; whose daughters, Sara and Claire, are members of NXIVM, which has been implicated in immigration fraud in addition to sex trafficking; and whose grandson, Stephen Bronfman, is the Liberal Party's chief fundraiser, providing Trudeau and his allies with their war chest) support the UN High Commission of Refugees's discussions with Israel to ship their 40,000-plus African deportees not back to Africa but to "safe Western countries," including Canada. As Tet-Lim N. Yee writes, "As a collective term 'Israel' provides the Jews, as the backbone of the story of their descent, with their collective 'location.'" 70% of Jews in Israel favor the deportation of illegal "infiltrators" (as Netanyahu calls them), whereas 70% of Jews in North America support amnesty for illegal aliens. I can't imagine that 70% would oppose more multi-cultural enrichment in the form of additional tens of thousands of Africans to Israel. From the birth control pill to abortion to the prevalence of gentile circumcision, there is no question that even the most intimate and essential elements of our society have been thoroughly Judaized. The word Judai needs a closer look, is it Jud AI? Jud means Doctor of Canon and Civil Law, and hence the term of jud ges, and why you have terms like jury, jurisdiction and justice, jur, jus and jud are all variant form and part of the root words of law and justice. Jud is a variant form of Jordan, Jordan means the tribe of Horus. The Greek form of Jud is Jude, hey Jude sang by the Tavistock created group, The Beatles. Given the Jewish religion is actually based on laws and not actually religion itself, perhaps the term Judai means the laws of the AI, which is artificial intelligence, does that make more sense now? Who passed the judgement and law on the person known as "Jesus" - Jud as, which means as law. Law is all done in Latin, Latin is the language of the Annunaki, and so legalese which is defined as the specialized language of the legal profession, and the language used by lawyers that is

difficult for most people to understand. It is difficult to understand as it is not from here is why, and legalese actually means babble. It is their language and why their followers hardly ever face justice, they pass all their sins onto the gentiles by way of the Day of Atonement ceremony. When that also includes antagonism toward the host population—indeed, even attitudes and policies geared toward atomizing and then destroying that host population—the locus of control becomes not just significant but essential to identify. While the Jewish Frederic Raphael may feel that the “anti-Semitic canard...that ‘the Jews’ control the world’s economy and, in particular, the press...brooks no empirical refutation” (from 2015’s *Anti-Semitism*, a book in the *Provocations Series* by Biteback Publishing Ltd. edited by the self-described “leftie liberal, anti-racist, feminist, Muslim” Yasmin Alibhai-Brown, she of the vicious attack on the British white working class), and that “the oldest hatred” simply materializes by magic anywhere Jews appear in any appreciable numbers, irrespective of the time period or civilization or racial or ethnic group in question, it can be very easily evidenced that Jews do in fact control both. Perhaps that’s why there’s been scant coverage of Jewish malfeasance in the media.

So who controls Africa really? we have often heard of the white invaders purging Africa, but what is often left out is, who operated those so called white shipping peoples, perhaps this next piece will reveal much. Africa Israel Investments Ltd. (AFI Group) is an international holding and investment company based in Yehud, Israel. The group consists of several private and public companies active in areas such as real estate, construction, infrastructure, manufacturing, tourism and leisure. The company’s shares are traded on the Tel Aviv Stock Exchange and are a constitute of the TA-25 Index. The company became the subject of newspaper coverage in 2008, for its association with the construction of Israeli settlements on the West Bank. Early years Africa Israel Investments was founded in 1934, during the British Mandate, by Jewish investors from South Africa who wanted to support development in the local economy of the Yishuv. After the establishment of the state of Israel the company expanded its commercial and financial activities, and was one of the first companies in the country whose shares were traded on the Tel Aviv Stock Exchange. In the early 1970s control of the company was acquired by Bank Leumi. From 1978 to 1996 Shlomo Grofman served as President and CEO of the company. In early 1997, Lev Leviev acquired control of the company and Grofman left.

So who is Lev Leviev? he is an Israeli businessman, philanthropist and investor, of Uzbek Bukhari Jewish background, known as the "King of Diamonds". Lev Leviev has a net worth of \$1.0 billion as of March 2018, and has been a philanthropist for Hasidic Jewish causes in Eastern Europe and Israel. Beginning in the 1990s, Leviev avoided being directly involved with the Yeltsin family, and nurtured ties with Vladimir Putin. His diamond mining investments in Angola and his investments in Israeli settlements

have been the target of protests. A prominent member of the Bukhari Jewish community, he is president of the World Congress of Bukharian Jews.

The term “Bukharan Jews” refers to the Central Asian Jews of the khanate of Bukhara, those of Samarkand, and the Ferghana Valley, all of Uzbekistan. Today, the region is divided between the former Soviet republics of Uzbekistan, Tajikistan, and Kyrgyzstan. The majority of Bukharan Jews live in the Uzbek cities of Samarkand, Bukhara, Tashkent, and Kokand, in Tajikistan's capital, Dushanbe, and in Kyrgyzstan's capital, Bishkek. Also, a large number of Bukharan Jews have made aliyah, which means a migration to Jerusalem, and have congregated in Jerusalem. Bukharan Jews call themselves Isro'il or Yahudi and speak Bukhori or Judeo-Tajik, a distinct dialect of the Tajiki-Persian language that incorporated a number of Hebrew words. We asked the question in FRWL about the exodus out of the Garden of Eden India, whereby what was then known as the sub gray race, who were thrown out of India to Egypt. We asked the question are the Istan named countries where all these now known as Jews settled? Well there is more of the evidence of such, these people were never from what is now known as Israel, and where the mixture of jet black peoples of India worshipping and sacrificing to the Kali Ma, mixing with white Rus and hence the term sub gray race. India herself was also an istan country up to the 1500's, it was called Indostan.

The Yeltsin corruption family we covered in FRWL 6 and they are linked with the Reagan, Mitterrand and Wanta looting of Russia, and the group known as Langley 1, and were more Rothschild's based than the Russian Generals who protect Putin, who are more linked with the Order of the Black Sun. For further evidence of the faction war and in particular the diamond trade, for so long ran by the Rothschild's based Dutch through the De Beers, things took a turn in that region as the piece reveals. As the De Beers came under fire during the blood diamonds furor, Leviev increasingly came to dominate the legal Angola diamond market through the Angola Selling Corporation (Ascorp) formed in early 2000. In which the Angolan government maintains half the stake in Ascorp and Leviev and the Omega Diamonds of Antwerp, Belgium, each have about a quarter stake in Ascorp. At the same time, all contracts signed with Angola Exploration, Exploitation, Lapidation and Trading Company of Diamonds (Endiama), Angola's state owned diamond marketing company, were declared void which hastened De Beers exit from Angola, and thus allowed Leviev to gain a large stake in Angolan diamonds. So the transfer of power between the Rothschild's based Dutch to the Black Sun was completed. Leviev says he presented Angola with a plan to reduce smuggling and increase revenue by funneling diamonds through only one source, while others claim the deal was clinched through Leviev's connections with obscure Russian businessmen. Except these were not Russian businessmen at all, but Jewish based Russians, operating under the Black Sun. So did the Angolan people benefit from this change over, this next piece will reveal whether they did or didn't. The government of Angola has obviously profited from this

venture, but when critics queried how his company benefits not just the government but the people of Angola. He answers that the Leviev Group's heavy investments in Angolan diamonds "will change the informal way of doing business into a more formalized, educated system that helps individual families... We want to help people who work with their hands. We want Angolans to develop many different new skills." Yet just 7 years after the takeover, the New York Magazine reported in 2007, that a security company hired by Leviev had been accused by a local human rights group that year "of participating in practices of 'humiliation, whipping, torture, sexual abuse, and, in some cases, assassinations. New boss same as the old boss. But Mr. Leviev also has heavy links to America, and is a hidden part of the recent scandal to do with Russian collusion and the Trump family. An article published in The Guardian on July 24, 2017, Donald Trump's son-in-law, Jared Kushner sealed a real estate deal in 2015 worth \$295 million, to purchase space in the former New York Times Building on 43rd Street near Times Square, from Lev Avnerovich Leviev's firms Africa Israel Investments and Five Mile Capital. Later, in October 2016, Kushner used this space as a basis for a \$285 million loan from Deutsche Bank. Ah the snake oil salesman himself rears his slimy head again, Jared Kushner. The ties between Trump family real estate deals and Russian money interests attracted the justice department's special counsel, Robert Mueller, while Mueller was investigating alleged Russia interference in the 2016 presidential election. So what is that saying? well, that the Russian collusion is a smokescreen between Rothschild's and Black Sun factions, and it was actually not Russian collusion, but Jewish collusion as evidenced in that piece. This is what I have consistently warned of Trump's involvement with the Israeli elements from as far back as 2015, and I know some QAnons are starting to question Q, saying what about the Israelis? and the response is they will be last. But the great question is, is it they will be last to be dealt with or will they be the last ones standing? Just trusting the plan is not good enough for an investigative journalist, just what is the plan is the great question? AFRICA

Acquisition by Lev Leviev In November 1996, the diamond cutter and diamond merchant Lev Leviev acquired control from Bank Leumi; he soon expanded the group's activities into new markets and territories. Including: energy - Dor-Alon in Israel, US and Europe. Real Estate - AFI development, Russia, USA and Europe. Manufacturing - AFI Industries (by acquiring Packer Plada).

Debt restructuring Following the Financial crisis of 2007–2008, the company was hurt by the drop of real estate values in the United States, Russia and eastern Europe. It defaulted on a series of bonds and in 2010 it restructured 7.4 billion shekels of debt, about \$2.25B. In 2016, the company sought a second debt settlement. All sounds very Trumpesque that to me, how these greed based people just eliminate their debt and carry on regardless, Trump went bankrupt 6 times and was bailed out at least 4 times by Rothschild's loans. In a recorded conversation that was leaked to Israel Channel 10 News, Lev Leviev is heard

saying: "I shit on every bank, but they haven't been able to make me move a centimeter because I don't owe any of them money, to no bank in the world. I piss on every bank from above, even Rakefet" (referring to Bank Leumi CEO Rakefet Russak-Aminoach) Interesting he is saying I shit on every bank, this could well be another reference to the Rothschild's banking system being discredited by a member of the Black Sun group. Remember the Black Sun took over the Fed under Black Rock and both Trump and Q supported it, when the Fed is actually owned by neither the Rothschild's or the Black Sun, but the Trust.

Controversy The company became the subject of newspaper coverage in 2008, for Leviev's association with the construction of Israeli settlements on the West Bank. The British Embassy in Israel was planning to move into the Kirya Tower, one of its buildings, but cancelled when these ties were revealed in the British media. Remember the British is heavily ran by the Rothschild's clan. In September 2009, Leviev's empire was on the verge of collapse. During the real estate bubble of the early 2000s, he had borrowed huge sums of money to acquire property around the world, including America. As American real estate prices plummeted, and market values declined to less than half of what Leviev had paid for properties, so did the value of Africa Israel investments. Leviev said: "Our main mistake was the investments in the U.S."

In 2009, Africa Israel's recently constructed private prison near Beersheba was banned by Israel's High Court of Justice. The prison had not yet been occupied when it was declared unconstitutional. In 2009, BlackRock divested from the company, allegedly "due to firm's involvement in West Bank settlement construction." Confirming the Black Sun links, Black Rock were involved with this group back in the 2000's. Following campaigning by the Boycott, Divestment and Sanctions movement, in January 2010 Danske Bank added Africa Israel to the list of companies, that fail its Socially Responsible Investment policy. A bank spokesman noted that it was acting in the interests of its customers by not 'placing their money in companies that violate international standards'. In October 2011, Africa Israel sold Manhattan's Clock Tower for US\$165 million, increasing its cash flow by \$88 million. In the third quarter 2011, Africa Israel made a NIS 148 million profit. The company recorded net gains in real estate investment for the first nine months of 2011 in the amount of NIS 712 million (\$188 million), of which NIS 599 million (\$159 million) were recorded in the third quarter. On 30 January 2014, the Government Pension Fund of Norway excluded Africa Israel Investments from its portfolio, citing "Serious violations of individuals' rights in situations of war or conflict." On 17 November 2014, the Cypriot AFI Development Plc, which did not file its 2012 financial results indicator report and delayed filing its 2013 financial results indicator until March 18, 2014, was fined by the Cyprus SEC for lack of transparency a violation of the section 13 (1) Law.

Cotroceni Park opened on 29 October 2009, as the "AFI Palace Cotroceni". Interesting only a few years after that whole region was destroyed by war, that is group moved in on all of them and took over. This is a repeated tactic, for further evidence see which group took over Russia after the so called Bolshevik revolution, 80% of the power structure were Jewish, who then took over all of the oil in Russia and created oligarchs, or best named as oilgarchs, most of those who ran them companies were of Jewish origin, like Abramovic. Africa Israel Residences Ltd.: TASE: AFRE A public company traded on the Tel Aviv Stock Exchange operating in Israel under the "Savionim" brand name, Africa Israel develops entire neighborhoods including shopping centers, schools, green areas, cultural and sports facilities. AFI Properties Ltd.: TASE: AFPR A public company traded on the Tel Aviv Stock Exchange holding shopping centers and office buildings. The brand name Savionim is interesting as Savion means new house, oh my.

Construction and infrastructures Danya Cebus TASE: DNYA is the construction and infrastructures arm of Africa Israel, listed on the Tel Aviv Stock Exchange. Danya Cebus is involved in major infrastructure projects in Israel, Russia, Romania and North America. BOT & PFI Projects: Africa Israel owns 37.5% of the company operating the Cross-Israel Highway (Highway 6), Israel's first toll road. Other BOT and PFI activities include Highway 431, Israel's first private penitentiary, student dormitories at the Hebrew University and the Tel Aviv Light Rail.

Energy and food retail Alon Group: Consists of Dor Alon Oil TASE: DRAL, Israel's largest international energy group; Alon USA Energy, Inc. NYSE: ALJ which operates the Big Spring refinery, 1,700 FINA gas stations in several states, terminals, more than

1,850 miles of oil pipelines, asphalt factories and more than 170 7-Eleven convenience stores. Dor Energy: A national network of gas stations and Super Alonit convenience stores in Israel, controlling also Blue Square, Israel's second largest supermarket chain. Who knew the 7-11's were 10%+ owned by a foreign group?

Industry AFI Industries: Africa Israel holds a major interest in AFI Industries (formerly Packer Plada), Israel's largest steel company and Negev Ceramics, the country's leading company in design and manufacture of building and interior design ceramic products. AFI Industries is also active in Russia and intends to expand its activities to additional countries.

Tourism and leisure Africa Israel Hotels holds the Crowne Plaza and Holiday Inn franchise in Israel, operates 10 hotels in Israel (2,250 rooms) a Spa Hotel in Kislovodsk, Russia (400 rooms), a hotel in Germany, and 3 hotels in Bucharest, Romania, and is expanding its operations in Europe. It also holds and operates an amusement park in Eilat, Israel. That fits in with the CIA who claims rights to most of US Hotels and also the Home Depots, as well as all former Radio shack stores.

Fashion The company's fashion Brands include Gottex, Gideon Oberson, Christina (Canada) and other beachwear international brands, and the Zara and Pull & Bear franchises in Israel. Lev Leviev and the Africa-Israel Group acquired Gottex in 1997, from its founder and chief designer Lea Gottlieb. After about a year heading the design team, Gottlieb left the company.

Communications and media The company has a controlling stake in Tadiran Telecom which develops telecom solutions and in Channel 9 (Israel), a TV station serving Russian speakers.

Recent disposals In June 2009, Africa Israel Group sold its 50 percent stake in the Gottex swimwear firm to its joint venture partners for 44 million shekel (US\$11.3 million). In March 2009, Africa Israel Properties sold its stakes in two shopping centres in the Tel Aviv area to Melisron Ltd TASE: MLSR, a company controlled by the Ofer Brothers Group. The Ofer family is one of 20 families that control 25% of Israel's exchange-listed companies. On May 24, 2011 the US State Department imposed sanctions on the company for violating the Iranian sanctions regime. Another example of them playing both sides and also working with Iran to corrupt it for their own ends. According to the State Department, an Ofer subsidiary based in Singapore had sold a ship to Iran in 2010, ah the links to Singapore and the many clown based programs ran out of that country. Former Mossad director Meir Dagan has said that he does not believe any laws were broken by the company's business dealings in Iran, well of course not, as mentioned earlier, they are the law under the Jud terminology, which according to company

statements involved the transport of oil and petroleum products in a manner permitted under the sanctions regime. Interesting that Mossad would chime in, as they are involved heavily in Iran and also ISIS and many other so called terrorists group, including Hezbollah. There is a series called Mossad on Netflix that confirms much of how they operate within that organization. They are not operating on behalf of the Israeli people, but the Zionist regime, and most of their perceived enemies, are stooges and friends of theirs. Prime Minister Benjamin Netanyahu's office denied allegations that the company's dealings in Iran had been authorized by the State of Israel. Of course he would because he with Obama, Bush and the Iran Ayatollah Khomeini are all in on the free oil deal within that region. The idea that Iran is the enemy is, as fake as the American and Russian cold war nonsense. After Sammy Ofer's death in 2011, Netanyahu made a public statement commending Ofer as a "true Zionist". Indeed, Zionists whilst operating under the Jewish religion, are not Jews at all, but dark force psychopaths running an Annunaki program of destruction against the human race. They have been doing it for at least 110K years and mainly against the white race.

Quite an over reach and proves the story they put out about the whites harvesting Africa, was actually done by this Hebrew group of harvesters, the same applies to North, South and Central America. This is not to say that some whites did not commit atrocities within those countries, although it is often overlooked that much of the rampaging and pillaging was done by Hispanics, there was serious crimes done here by Europeans, but all at the behest of this Hebrew paymasters, with the desire to takeover everyone's land. With the term Jud AI perhaps defined it now makes much more sense to what is playing out now with the technology over reach, WELCOME TO THE MACHINE.

Lets look next at their entrance into the technology world, along with espionage and global interference, and this was mentioned recently in our main show, but worth repeating again to get the overall picture. Operation Blackout was a 2019 exercise simulating sabotage of civilian infrastructure, "terrorism" and psychological operations against American citizens on the day of the US 2020 Election. The private U.S.-based, Israeli-founded company Cybereason organized it with members of the DHS, FBI and the U.S. Secret Service, and also the law firm Venable. Venable who are they? out of Washington DC and this is their spiel. As the federal government's regulatory reach expands, it is more important than ever to have a finger on the pulse of legislative and executive branch decision makers in Washington. Long recognized as one of the capital's leading law firms, Venable's Washington office helps clients understand how evolving regulatory and policy issues can affect their businesses. The firm also assists clients in making their voices heard, as policy is being crafted through both direct lobbying and the management of numerous issue-focused industry coalitions. Hmm crafted through lobbying, sounds like AIPAC and Jstreet that to me. Does anyone ask why we need an Israeli PR or lobbyist group operating in the heart of our political region? Just who is running this country is a question ALL American people need to demand answers to, for as long as this power takeover continues, this country will continue to slide into oblivion. The office includes the nation's preeminent privacy and data protection practice, as well as a renowned regulatory practice. Venable's regulatory team includes many former government agency officials who represent clients in the advertising and marketing, food and drug law, telecommunications, environmental, international trade, and banking and financial services areas. Former government agency officials, oh my here comes Langley again. Cybereason is led by ex-members of Israel's military intelligence 8200 Unit, best known for its cyber offensives against other governments, and is advised by former top and current officials in both Israeli military intelligence and the CIA. The 8200 Unit we have covered in the show. The 8200 Unit is an Israeli Intelligence Corps unit responsible for collecting signal intelligence (SIGINT) and code decryption. Military publications include references to Unit 8200 as the Central Collection Unit of the Intelligence Corps, and it is sometimes referred to as Israeli SIGINT National Unit (ISNU). It is subordinate to Aman, the military intelligence directorate, Aman becomes Ammon and Amun, as in Amun Ra. The reason being is, the exodus out of Egypt did not go to Jerusalem or anywhere near it, but Ammon in Jordan, now known as Amman. Jordan means tribe of Horus, son of Isis, and so ISIS and RA were classed as gods became IS RA EL. Unit 8200 was established in 1952 using primitive surplus American military equipment, nice to know even that far back the American peoples funds were going to another country. The unit is composed primarily of 18–21 year olds. As a result of the youth of the soldiers in the unit, and the shortness of their service period, the unit relies on selecting recruits with the ability for rapid adaptation and speedy learning. Afterschool programs for 16–18 year olds, teaching computer coding and hacking skills, also serve as a feeder programs for the unit. Former Unit 8200 soldiers have, after completing their military

service, gone on to founding and occupying top positions in many international IT companies and in Silicon Valley. Silicon Valley companies confirms our earlier FRWL shows of their connectivity with the CIA and NSA, as one giant spying, hacking and subversion group. According to the Director of Military Sciences at the Royal United Services Institute, "Unit 8200 is probably the foremost technical intelligence agency in the world and stands on a par with the NSA in everything except scale." In addition, it is funded by and partnered with top U.S. weapons manufacturer and government contractor Lockheed Martin, and financial institutions with clear and direct ties to Saudi Crown Prince Mohammed bin Salman and White House adviser and the president's son-in-law Jared Kushner. In 2010, the French newspaper *Le Monde diplomatique* wrote that Unit 8200 operates a large SIGINT base in the Negev, one of the largest listening bases in the world, capable of monitoring phone calls, emails, and other communications, throughout the Middle East, Europe, Asia, and Africa, as well as tracking ships. Unit 8200 also reportedly maintains covert listening posts in Israeli embassies abroad, taps undersea cables, maintains covert listening units in the Palestinian territories, and has Gulfstream jets equipped with electronic surveillance equipment. Ronen Bergman says in a 2009 book that a Hezbollah bomb, disguised as a cell phone, was picked up by agents, and taken for investigation to Unit 8200's headquarters in February 1999. Inside the laboratory the cell phone exploded. Two Unit 8200 soldiers were injured. In 2010, the *New York Times* cited "a former member of the United States intelligence community" alleging that this unit used a secret kill switch to deactivate Syrian air defenses during Operation Orchard. Operation Orchard was an Israeli airstrike on a suspected nuclear reactor, referred to as the Al Kibar site (also referred to in IAEA documents as Dair Alzour), in the Deir ez-Zor region of Syria, which occurred just after midnight (local time) on 6 September 2007. The Israeli and U.S. governments did not announce the secret raids for seven months. The White House and Central Intelligence Agency (CIA) subsequently confirmed that American intelligence had also indicated the site was a nuclear facility with a military purpose, though Syria denies this. The great question is, why is the White House and the CIA involved in this at all? In 2014, 43 veterans of Unit 8200 signed a protest letter decrying what they called the electronic surveillance unit's abusive gathering of Palestinians' private information. In response, 200 other reservists signed a counter-protest letter. According to the *New York Times*, the Unit 8200's hack of Kaspersky Lab allowed them to watch in real time, as Russian government hackers searched computers around the world for American intelligence programs. This is a lie as the CIA, KGB, Mossad, GCHQ and MI5 and 6 have all been working together since the 1940's, there is no country to country espionage between those groups, they work together. Israelis who had hacked into Kaspersky's own network alerted the United States to the broad Russian intrusion of US systems. Kaspersky although a Russian company was operated by a UK holding company, Kaspersky also worked for the KGB. So although it may look separate as a company, it is not and ran by the same people across the five eyes groups.

Cybereason's CEO, Lior Div, has openly admitted that he views his work at Cybereason as a "continuation" of his service to Israel's intelligence apparatus. The Israeli Cybereason has discreetly become a major software provider to the U.S. government and military through its direct partnership with Lockheed Martin, which followed the defense company's decision to open an office at the Israeli military's new cyber operations hub in the Negev desert. So, Lockheed Martin have a company inside the Israeli intelligence network in Israel, do people not think this is a National Security Issue and a conflict of American interests? Lockheed Martin is one of the largest companies in the aerospace, military support, security, and technologies industry. It is the world's largest defense contractor, based on revenue for fiscal year 2014. In 2013, 78% of Lockheed Martin's revenues came from military sales. It topped the list of US federal government contractors and received nearly 10% of the funds paid out by the Pentagon. In 2009, US government contracts accounted for \$38.4 billion (85%), foreign government contracts for \$5.8 billion (13%), and commercial and other contracts for \$900 million (2%). For the Mars Climate Orbiter, Lockheed Martin incorrectly provided NASA with software using measurements in US Customary force units when metric was expected; this resulted in the loss of the Orbiter at a cost of \$125 million. The development of the spacecraft cost \$193.1 million. The simulation, titled "Operation Blackout," was set in a fictional U.S. swing state called "Adversaria". It pitted: a Red Team, of "ethical hackers", ethical hackers from Cybereason, academics and security professionals from the private sector. They were simulating an anarchic group's attempts to undermine democratic institutions and systems of governance, especially by creating havoc during the election, but apparently not wanting to cancel the election. The team was led by Cybereason co-founder Yonathan Striem-Amit, a former contractor for Israeli government agencies and a former operative for the elite Israeli military intelligence Unit 8200, against a Blue Team of veteran law enforcement officers from the US Secret Service, Department of Homeland Security, the FBI, and the Arlington, VA police, for Arlington police read the CIA. The opposing teams were supervised by a "white team" composed of members of Cybereason's staff and Ari Schwartz — a former member of the White House's National Security Council and the National Institute of Standards and Technology(NIST) — who set the rules of the simulation and would ultimately decide its outcome. Schwartz also used to work for the Center for Democracy and Technology (CDT), a major backer of Microsoft's ElectionGuard software. The Red Team implemented "a fantastic set of moves that demonstrated daring and creativity", including "Autonomous vehicles were leveraged...to wreak havoc at polling stations and cause many deaths and injuries" (how this is in any way "ethical hacking" is left unexplained). The Red Team also used false flag operations and psychological warfare. When the Red Team "crash autonomous buses and cars into the polling lines and polling locations", the team makes ISIS (a group not without ties to Israeli intelligence) claim responsibility. In addition "Deep fakes were used by the Red Team to impersonate the superiors of pollsters and law enforcement

officers, and direct them to execute actions that benefited the Red Team. Deep fakes were used to create fake videos and spread misinformation about the candidates in the race, accounts of media "influencers" were hacked. Telecom networks and news outlets within the fictitious states were also hacked and flooded with deepfakes, aimed at spreading disinformation and panic among U.S. citizens. However, in a somewhat curious conclusion (undermine, but not cancel), "the primary mission of the Red Team failed due to overkill. Instead of undermining the election, they forced the Blue Team to cancel the election and they caused a terrorist attack". The exercise concluded that "having clear channels of information or disinformation was very important for affecting public sentiment for both sides, including "Control of social media networks for journalists, influencers, and political figures that allowed the Red Team to easily spread misinformation through supposedly "legitimate" channels. The exercise explicitly excluded hacking election equipment from consideration to focus instead on everything else in the electoral system. Cybereason and unnamed former members of the British Government and the Metropolitan Police repeated this on December 11 2019, in Operation Blackout London. This time it was a fictitious UK city, Adversaria. "Both teams performed well, and they deployed a number of tactics and techniques throughout Operation Blackout London. However, in the end, the Red Team wasn't able to achieve its goals, and the Blue Team scored a clear victory because they were able to maintain its goals of limiting disruptions. and maintaining normalcy and open and free elections. With many excellent former government and law enforcement experts on my team, we were able to counter Red's moves and maintain public trust," said Alessandro Telami, senior director at Cybereason and Operation Blackout London Blue Team Leader. The participants were Ari Schwartz, Cybereason, Israel Barak, Sam Curry, Sanat Clugh, Yonathan Striem-Amit.

There has been largely an untold history to these people operating as Jews, as they claim, but many details reveals these peoples are not Jews per se. Thrown out of 106 countries in 2000 years for the same issues of subversion of the local population, takeover of their lands and imposing of their culture and stated religion. Christian and Muslim religions were direct creations of Hebrewism and the Torah, which is a watered down version of the Talmud, the Eastern religions were created and or corrupted by the same group that started in India thousands of years ago. Here are some of the past quotes and although the term Christian is used in much of it, despite Christianity being created by the same peoples, it underlines the classic program passed down from generation to generation, of divide and conquer. ST. Justin, martyr stated in 116 A. D. "The Jews were behind all the persecutions of the Christians. They wandered through the country everywhere hating and undermining the Christian faith." This next particular sentence is now making the rounds throughout the internet and a cover up began. Jewish people largely made up of agents rushed to blogs to defend it, but I must appeal to the Jewish people, these bands of people are and have misrepresented you for many thousands of years, and it is they that

brings you much angst, oppression, hate and deaths for many years. These psychopaths care not one iota for Jewish people, they leave you struggling for land and food, force others off of their land and place you, the Jewish people in harms way, all based on a fake book they wrote. Once on the land and you run the gauntlet of hostile native people, they then take over the land and then charge you for it, both in currency and blood - wake up. This is the sentence they are trying to cover up. Dio Cassius. Second century Roman historian. Describing the savage Jewish uprising against the Roman empire that has been acknowledged as the turning point downward in the course of that great state-form: "The Jews were destroying both Greeks and Romans. They ate the flesh of their victims, made belts for themselves out of their entrails, and daubed themselves with their blood... In all, 220,000 men perished in Cyrene and 240,000 in Cyprus. In this time period these psychopaths were not known as Jews but Egyptians, the same peoples and off world entities thrown out of the Garden of Eden in India. H. H. Beamish, N.Y. speech, 1937 "Communism is Judaism. The Jewish Revolution in Russia was in 1918." Hilary Cotter, author of Cardinal Minszenty, The Truth About His Real "Crime," page 6 "Communism and Judaism are one and the same." Gregory XIII. Declared that Jews "continue to plot horrible crimes" against Christians "with daily increasing audacity." Gregory VIII. Forbade Jews to have power over Christians, in a letter to Alfonso VI of Castile. Gregory IX. Condemned the Talmud as containing "every kind of vileness and blasphemy against Christian doctrine." If anyone has doubts about this show or last statement, I ask you all to go and read what is contained within the Talmud, it is the most racist and vile preachings ever on this planet, and shows why those who follow it have no regard for any humans, including their so called own people. Gregory I ('The Great'). Protested wholesale circumcision of Christian slaves by Jewish traders, who monopolized the slave trade in Europe and the Middle East and were widely suspected of supplying white girls to Oriental and African buyers. The act of circumcision which is common amongst Muslims and Jews, and now highly prevalent throughout America, proving the Jewish influence here, is unnecessary, anti sovereign for the child and barbaric in equal measure. Please stop circumcising your children, it provides no proven medical benefits, reduces sensitivity and has infectious implications. This practice predictably came out of Egypt, as with the equally barbaric female circumcision, same peoples is why. But there are other reasons behind this practice, A: collecting DNA B: it is used in products and C: certain strains of Jewish practice choose not to medically cut off the foreskin, but actually bite it off, which equates to pedophilia, which according to the Talmud is ok for a girl at 3 years 1 day and boy 9 years one day, these peoples are sick. Sylvester I. Condemned Jewish anti-Christian activity. Cardinal Minszenty, of Hungary quoted in B'nai B'rith Messenger, January 28, 1949 "The troublemakers in Hungary are the Jews... they demoralize our country and they are the leaders of the revolutionary gang that is torturing Hungary." A. N. Field, in Today's Greatest Problem "Once the Jewishness of Bolshevism is understood, its otherwise puzzling features become understandable. Hatred of Christianity, for instance, is not a Russian characteristic; it is a Jewish one." Henry Ford

in (The Dearborn Independent, 12-19 February 1921 “Jews have always controlled the business . . . The motion picture influence of the United States and Canada . . . is exclusively under the control, moral and financial, of the Jewish manipulators of the public mind.” For those who have followed our FRWL series this type of report will come as no surprise, in fact we could have forecasted it. This is exactly how the clowns operate, spending vast fortunes on running sinister plots via computer simulation games that always involves terror, what is wrong with these people? Why is there \$10B plus given to erroneously by the American people funding this type of skullduggery? Why can't they run scenarios for peace? why can't they take the many Jewish people out of the 14-15M globally out of poverty? Why are the non compete companies like Lockheed Martin operating on their behalf, for those new Lockheed martin and several other so called government contractors get their materials at 50% of cost under a 1976 non compete agreement signed off by the American government. Is Lockheed Martin another front company designed to funnel more American taxpayers money to Israel as well? Where does Trump stand in all of this? The Trump Administration has changed course in various ways from its predecessor when it comes to relations with Israel. Among other things, the current American government has moved the U.S. embassy to Jerusalem from Tel Aviv, recognized Israel's sovereignty over the Golan Heights, and reduced aid to the Palestinians. The same Golan Heights are now called Trump Heights, Golan Heights are in Syria not Is Ra el. Then we have this, the organizations that created the original Trump-Cyrus Coin are now minting a special edition “70 Year Redemption Coin” focused on generating an international effort to build the Third Temple. Building the third temple for one world government and more children sacrificing? seriously!! “In the context of the coin, we are expressing gratitude for President Trump's bold decision to transfer the American Embassy to Jerusalem, thereby recognizing King David's capital and the site of Solomon's Temple as the true capital of Israel,” Except Solomon fell, that temple was built by the demons, and both David and Solomon were Egyptians, not Israelis. Cyrus was Persian and also not Israeli, and yet again an example of claiming all regions and histories as their own. I have the perfect song for these harvesting, greed based, perverted psychopaths. FUCK YOU

There you have it, this show will illicit many differing reactions, and it should, I request you all to do your own investigations on the material laid out within this show. It is important each person gets their own perspective and understanding on this matter, to then see for themselves whether what has been presented today, is real and in truth. It lays out the problems we face, it lays out for the need for all peoples to come together and defeat these psychopaths. To some it will seem an insurmountable task, but remember they have done this for thousands of years and it was all hidden from the people, with shows like this and many others on the internet, it is now being exposed for everyone to see. That is a positive, not a negative, because these dark forces are now being pushed into the light for many more to see, and hopefully counteract. I don't care

which religion or country you are from, these people who masquerade as Jews are a problem to us all, and we all must come together and expose them for what they are, pure evil. Summing up this very detailed piece shows the over reach this group of people have, and having already covered that there is only 14M to a maximum of 17M Jews globally, just how have they reached the pinnacles of power in almost every country? Just why do they have most countries dancing to their greed and harvesting based tune, creating terror and fear wherever they lay their footprint. Why do they seem to lay claim to whole countries, cultures, religions and histories that all has to match with their story, or the threats of persecution, execution and destruction gets wheeled out. You have heard of their ownership of vast quantities of corporations and amongst the world's richest, and yet possibly as many as 10-12M of their shared religion people, live in abject poverty. These are the same people that pushed their kind into several countries to create conflict, and they sneak in behind them and lay claim to land and territories. Just like the settlements, pushing Jewish people into harms way as their totalitarian creep moves across the region, stated to be because god allocated them that land. Which god? why would god only protect one people? If these people are so special, why didn't the same god save the Jews in the camps? Why were Jewish people involved in the implementation of torture and human experimentation on them in the same camps? So god said in some book the land belongs to Israel, well no god has ever written a book so that is bs for a start. But the land now known as Israel never existed under that name ever in history, it was created by the Rothschild's clan along with the British Jewish establishment. It has never been ascertained to this day, who wrote the so called book called the bible, and yet millions of deaths have been lost all because of a book that no one knows or can prove who wrote it. Does this make any sense? Why is the Talmud and The Protocols of the Elders of Zion not readily available to the public, what are they hiding? Why are we still worshipping Isis, Ra, Horus and Osiris all around the world? isis ra el, islam mean isis hidden, Switzerland home of the Rothschild's mean twin sisters which is Isis. All obelisks are nothing to do with Egypt but worship of Osiris and is symbolic of the penis. Jordan means tribe of Horus, and so the Tribe of Dan is also a tribute to Horus. The twelve tribes of Israel, are really zodiac references to the twelve houses, zodiac means the Houses, the pharaohs which were the progenitors of this group, pharaoh means great house. Those houses spread into Europe and many thought they were European, but many were actually this same tribe out of Egypt. But there is a house missing, just like there is a zodiac missing called Ophiucus, known as the serpent bearer, just maybe the 13th tribe of Israel was from that region, Israel was never a country but was known in so called biblical times as, the House of Israel, the house not the country. I actually believe the term is ra el is actually a spell cast, as the sudden mention of it seems to create fear, makes people subservient, makes people commit the most heinous crimes and makes people hand over their money to these greed based harvesters. None moreso than the American government, who gives out more aid to that country than the rest of the world combined, why aren't the Americans complaining of that theft of their money? fear is

why, and this whole group, peoples, religion and ideology is all based around that word. It has all the religious followers spell bound, which adds weight to the fact it is actually a spellcast, whereby the religious followers believe in the most ridiculous conspiracy theories ever. Immaculate conception, spontaneous combustion of bushes that then talk to you, fiery chariots on a mountain giving you a script to follow, Gods chosen people, Noah built a boat and only those on the boat survived. A 2000+ plus year old dead man will return to save us, god only designated one peoples as special and gave them a whole region of land, did god tell these same peoples to harvest everyone else? well if you believe god wrote the Talmud, clearly he did, is this a god we should be following? I could go on but you get the gist. We have large parts of Western societies hating on Russia, China and Iran, and previously Iraq, because they are Communists Russia and China, when this group created Communism, which is actually Judaism. Iran and Iraq was because of ancient history and the role of the Aryans, who made home there after being in Russia and the Caucasian region, Iran means land of the Aryans, and some settled in Iraq also. These same peoples had the world hating Germans, when it was they, not the Germans who were the Nazis, NA ZI means National Zionism. The world previously hated the British and Dutch empires, but again as proven it was ran by this same group. But there is one superpower in terms of financial clout now who largely goes untouched in terms of criticism, and that is India, why? because that is the land where this sub gray group originated from. What this piece has also shown is, these peoples are in both the remaining camps of the factions, The Rothschild's and the Black Sun. They infiltrate every group so they always win, and ultimately both of those factions will be destroyed as well, as these off world program based Zionists, with their plan of one world government, one world religion and one world currency, all ran from the 3rd Temple in Jerusalem is their ultimate goal. Aldous Huxley once noted, "A really efficient totalitarian state, would be one in which the all-powerful executive of political bosses and their army of managers control a population of slaves who do not have to be coerced, because they love their servitude." It is all of our duty including the Jewish people they misrepresent to prevent that from happening, by speaking up and speaking the truth, they hate the truth and why their army of fascists are spread all over the internet, rewriting his story and modern day events. I will end this show with one saying, that all those who not only seek the truth, but you must be the truth, and remember the fact that, the truth never feared investigation. That is the antidote to this cancer on this planet, and time we all took responsibility to fix it. LET MY PEOPLE GO
