

## THI-SHOW TRANSCRIPT 2020-09-29

WHO'S GOT MY BACK NOW? There have been many powerful and sometimes long shows exposing all kinds of lies, fraud, corruption, schemes and programs against we the people, with varying degrees of unpleasantness. Some accuse our show of being negative, and that is ok, that is where those people stand in terms of their own development and understanding of this world. We, at THI have never shied away from any topic only the timing of such shows, based upon our audiences readiness for certain types of information. We have taken on many difficult topics, feminism, the black issues, in fact every color or race issues, we took on the unspoken issues surrounding the term Jewish, we took on the propensity for much evil in New York, we have taken on the transgender issues, eugenics, the Nazis and the Zionists, and his story was shredded to ribbons, plus the ET issues on a wider scale than lights in the sky, and recently we took on another subject rarely covered or mentioned in any circle, of astral rape. We did not do that for extra listeners or followers, in fact most of our deeper topics many others outside of our group are just not ready for, I wish that wasn't the case, but it is. For most in the alt media wish to focus around the circus known as politics, finger pointing blame games, he said she said, when politics and politicians are more irrelevant than we are. Politicians have no power, but we the people do and we have just forgotten to exercise that power. We have done them all, because no matter how uncomfortable many of those topics are, someone and hopefully and eventually the many, has to out these things. It brings it out of the darkness where they hide and reside, into the blazing light for more to see and act upon. This will be a short and sharp jab that will cut deeply through every fiber of you all this evening and beyond. Support each other during and after this broadcast please as you have always done. CHILDREN OF THE GRAVE

I came across documents about what is frankly something beyond evil and we have covered much evil within our shows, and wish to give credit to Jim Stone for revealing them. But knowing something and seeing something can and will bring differing emotions. These documents put out were about Youth detention centers and the production of adrenochrome, involving children aged 3 to 13 years of age. This particular exposure and there are many others, focuses on one company called CYM, located out of a science hub in Alderley Park in Cheshire UK, between the cities of Liverpool and Manchester. This building was formerly called and owned by a group called ICI, who then changed names to Zeneca Pharmaceuticals then Astra Zeneca, oh my Astra Zeneca the same company Trump sent money to develop the fake vaccines. CYM bought the building from Astra Zeneca in 2014, CYM's logo is caring is youth, youth is money, money is freedom, CYM is caring, youth and money, CYM. I don't know about you, but what has adrenochrome got to do with caring for the children? youth is money is a sick and twisted title in and of itself, but money is not just an issue for this topic either, and is part of a wider range of issues. Whilst money remains the new god to have and worship,

our society will continue to sink to new and deeper lows. They say the love of money is the source of all evil, this subject proves that statement beyond all doubt. I guess the word love like caring has whole different meaning in their world, distorted into a mass of confusion and bullshit. Money is an off world exchange program brought here to control people, the Orion system in case you didn't know, and not just lower class either, try all people. It is used for bribery and seducement on a massive scale, and corrupts most people into various levels of depravity. Child sex and ordinary trafficking, organ harvesting, body parts factories in China, all for the purpose of acquiring pieces of paper with numbers on them. I said in previous shows that, when people fully understand your life force energy is far more important and precious, than any amount of pieces of paper with numbers on, then our species will make giant leaps forward. The deliveries of the adrenochrome is to an address in Maryland, at 200 Forbes Street, Suite 200, Annapolis, which is actually a pediatric center. The name of this company for deliveries is Annapolis Pediatrics and this is their spiel. Annapolis Pediatrics has provided superior healthcare to infants, children, adolescents, and young adults in Annapolis and the surrounding communities, in some cases, we have cared for three generations of families. We strive to provide high quality medical care, from excellent clinical care to a positive customer experience for our patients and their parents. We have over 30 physicians and nurse practitioners in 5 locations: Annapolis, Crofton, Edgewater, Severna Park, and Kent Island. We also offer M-F walk-in hours at our Annapolis office for short sick visits. Please visit our website for more information on our practice and our providers. The mention of family generation may provide a clue, as often in these fields certain families based on their, blood, DNA and genetics are targeted for nefarious purposes. ET abductions was often run through family generations as well, is that a coincidence? no, it is all connected. What they left off is, we also sell the life force of the children as well, all part of the service, of these psychopaths. I hate to state this due to the fear it creates, but in needs to be said, is there any 100% safe environment for our children anymore? Whether it be schools where they indoctrinate them and in some cases inoculate them without consent, hospitals, doctors, day centers and Pediatrics, and then we come to the frankly hideous and misleading name of all, Child Protection Services, child protection my ass. They should be renamed CHS Child Harvesting Services, then you have a true reflection of what elements of that group are up to. Then we go to other centers we have covered in previous shows linked to Eugenics and the Planned Parenthood group, which again is a misnomer, it is planned death hood, and then they cut up bodies and the foetus's and sell it to these harvesting agents of darkness. I will ask again, is there any safe place to send your children anymore? the answer is no, the skullduggery involving children is far more vast than you can even attempt to imagine. I remember stating 4-5 years ago that 900K children going missing permanently in America alone, most said at the time I was talking shit, I wish I was, but as time goes by, others have learnt for themselves at a much later date sadly, that much of what we stated years back in this show was largely true, no matter how unpalatable that information is and was. (post document)

The document itself has names, ages and the blood type of the children in these detention centers, but these children are NOT criminals, these are children acquired by the CPS and others, then used for the elite purposes. The next categories on the documents is right in your face, custody months, as a random example you have a 6 year old who has been detained for 30 months, which means that child was 3.5 years old when detained. Next category is just about as unpalatable as it gets, adrenochrome quality, I mean WTF is that shit? quality control on children's life force energy? There is a subsidiary branch of this company in New York, which will come as no surprise to our regular listeners, each week we unearth more rogue operations and people or otherwise, that a picture emerges and the pet name for that city is, Gotham is both telling and indicative. The company in New York, which is actually the HQ at 725 5th Avenue, and having just mentioned Trump earlier, surprisingly or not his name is involved again, as 725 5th Avenue is Trump Tower. The question arising is, why if Trump is dealing with the children issues as stated by Kim, does he have an adrenochrome Head Quarters company in his own building? At which point do cohen-cidences cease to be that way, and become an unpalatable fact? that maybe Trump is not what you thought or expected? I warned of him and his Israeli connections back in Cosmic Voice, I repeatedly warned Kim of issues with Trump, only to be ignored. My final straw with him for me, was around April 4th when I told Kim that Kushner was doing foreign deals with India and China for PPE's, she made calls and confirmed it and then revealed Kushner and FEMA along with Gavin Newsome, were threatening American companies like 3M from selling PPE's to Americans. Some people who are stuck in party politics tribalism, will ask why Kushner and Newsome who are rival parties would work together? well, both Kushner and Trump were Democrats before the last election - oh my. In my opinion they are all two sides of the same coin, and no different to the Rothschild's and Black Sun groups. One thinks they are the "good guys" fighting the bad guys, but both are bad for we the people. It is covered in the series Agents of Shield, agents of shield portrayed as the good guys fighting the Hydra group, but Agents of shield is agents of roth shield and Hydra is the Black Sun. If Trump was legit, he would have fired Kushner on the spot, he didn't and a week or so later appointed Kushner to another elevated position, in addition to his current role in the White House. At some point Kim has to listen to people who are advising her and actually take that advice on board, not ignore it and then we the people all pay a heavier cost later down the line, how much we pay for that will be revealed in the closing months of this year I suspect. To all intents and purposes it appears now that Trump has been playing her like a fiddle, I would love to be proven wrong, but evidence to this point leans otherwise. Back to the reason for this article, the database of children released is staggering spread over 12 pages was enough, but this goes far wider than 12 pages of children. The next category is Custody locations, mostly are in code but I was able to decipher some of them, all appear to be run by US Army or Military facilities, no doubt with large input from the rogue elements who run the CIA. Why would alleged child

miscreants should they be labeled that way, be housed in US Army chemical depots and bases? The answer is they are not child miscreants at all, and your fabulous, lets all wave our fucking flags at our Military and aren't they great, the bestest in the world, are running adrenochrome harvesting centers on children, all over this country, and beyond. I remember all the alt media goons all stating about mass arrests and people going to Gitmo, and I dismissed it, as I have heard of mass arrests since Wilcock started doing it in 2002 on the Skolnik Report, under the pseudonym of Art Aqua. Evidence was produced online, which Trump has referenced himself, of expanding the Gitmo facility, was it expanded for mass arrests? no evidence has been produced to date for that, but other evidence emerges of what went into the expansion of Gitmo. You know what they put on their expanded base, they put a child detention center there for adrenochrome harvesting, I guess because Epstein and Necker Island is out of bounds now. Yet again I warned of the Gitmo and mass arrests stuff was all bs, and as per usual I got flak for denying their claims, and sadly in this case THI was proven correct again, at which point will people listen at the first rebuttal? You know it is really not about me being right, but the information being right, and some take potshots at me for being right, you are missing the point, it is the information that is important, not me. Most times the information is right, I personally wish was wrong. People are dying in record numbers due to the propensity of several alt media outlets spreading pure hopium and their endless promises, none of which has come to fruition. We have gone from two weeks, to tomorrow, and tomorrow and tomorrow, Monday, Wednesday and Friday week after week, to the latest version in the alt media of it is all happening by Monday or Tuesday latest, it never did happen. Quit that shit and focus on something real, beyond how much sodding Trust money you may or may not get, the bloody children are being harvested everywhere, and all we hear now is, where is the money, FSS. Next category is called due for disposal, the latest date was 2025, and that it appears is when they kill them all off, which is what due to disposal means, if they were just naughty children it would say date of release, no they kill them off around the age of 13 or less in most cases. Why aged 13? well in most cases that is when puberty is reached, and perhaps that changes the quality of the adrenochrome, is the reason why they have a cut off date for these children. Then my pondering kicked in and I realized there is another potential connection of termination at 13, is also the time when children on their soul development level start to attain their astral level cord, and people start to develop on a deeper level. The astral is where many are infected or harvested by the astral level beings, perhaps that is a connection? Next column tells you whether the child has attempted suicide or not, I presume in their sick thinking a suicide attempt would increase the quality of adrenochrome? as that is based on producing maximum fear within the child. Adrenochrome is produced by torturing the child into maximum fear levels, and then via tubes punctured into the adrenal glands, they siphon off the fluids, to then process it via chemical labs housed within Military bases, to then sell on to these elitists. These elitists are all your so called stars on the tv, cable and movie screens, your sports and musician stars as well, are all involved in it, and

yet the public worships them like gods? Like the gods in the holy books, both them and the current stars or demi gods of the screen, which is why they are called elites, the real term is el which means god, followed by ites, so godites. They are telling you all they are your new gods, fuck that, never put anyone above your own heart, and I mean anyone. Both of those "gods" share a common thread, the harvesting of humans, and all your favorite new age style ET groups splattered all over the internet, were also involved in this practice of harvesting or seeding humans. Coming to save us my ass, they were using us to piggy back, harvest and for food. Country of origin, most fall in 4 categories American, Canadian, Mexican and Costa Rican, the latter of which is almost exclusively used for CIA retirees and sleeping agents. Then there is a category for daily quotas, presumably the amount of times they extract the adrenochrome, that ranges from 1 to 25 times per day. Then they have an inmate number, these are not inmates, why would the US Military house American, Mexican, Canadian or Costa Ricans kids? the inmate number is another sick game of theirs, it is the child's stock market number that they trade upon to make more money. The sales of adrenochrome comes in quality categories A, A+ or A++ is traded with a minimum quantity sale of 100mg for \$1920 per mg, so that is \$192K for that quality and quantity. Next is B, B+ or B++ again the minimum sale is 100mg, and that is sold at \$1450 per mg, so that is sold for \$145K. Next is B- or below, minimum sale is 250mg, and is \$1100-1200 per mg, and that is sold for \$275K to \$300k depending on market rate of the day. The average age of the children used is between 8 and 9 years of age. The youngest is 3 years of age, oldest on the database is 13. Lets out some UK companies involved in purchases of this, Factor Therapeutics Europe Warrington. Incanthera Ltd, Manchester, BiVictrix Therapeutics, Alderley Park, Macclesfield, Medimmune UK Ltd, Speke, BTG management Services Runcorn, Absynth Biologics Alderley Park also. All in the words again, Therapeutics, Therapy, Therapist, all words used for our benefit they say, then why does it have the rape or the rapist at the beginning of those words, it does because that is what they are doing. Before some get all sensitive and offended, that does not mean all who do that work are rapists. There is a reason a social services department is called Human Resources, what it is telling you is, we are their resource, top of the food chain are we? That'll be a no. In essence with this program, the rapist prey on human resources, which is the category therapists comes under within social services, connecting the dots now? They have a code for it called Research and experimental development on social sciences and humanities, UK SIC code 72200. Their sales pitch includes a description of the column suicide, it states this, only states suicide attempts, a finished suicide would be included in the disposal report (not enclosed). I appreciate many of you do not wish to hear this information as it is traumatic, but the outing of it stems the tide and their ability to hide it, I like it less than you all, as I have to process it, and then compose and deliver the information. Intel is not a nice field to be engaged in, and is often fairly brutal in the stuff you learn away from the public glare. The Jupiter Ascending program has descended to Earth it seems, perhaps it was always that way? You may wish to see this as a new

operation, I personally know different, they have been doing this to us for tens of thousands of years. Something that the Earth Ambassador to the Universal Council has failed to address, given after the 2016 peace treaty, it should have ended this practice. People may say and with some validity it is not fair to blame Kim, but if you are elected to that title, you then have the direct responsibility to fix it. The very fact she has so many titles means her time is divided between various projects and issues, and she fails to delegate anyone to help her and it has become a one woman show, she said it on her show, I am doing it all alone with no help from anyone. That practice and methodology not only damages her, as ultimately she will be held responsible for all of it, as she took the titles, if it all goes wrong, but damages us all too. This is not a minor operation, it is global and wide spread. **ESTRANGED**

Recently the Trustee claims she has even more titles, plus the highest security clearance on the planet, plus an enforcement team and can now do the complete package it seems as claimed. With that in mind as I have no reason to disbelieve her at this point, I am requesting her team end this shit this coming week, by sending the enforcement team to the addresses provided earlier and stop this heinous abuse of humans, the stupid funds are not our priority and never were. Should Trump have any clout or leanings to we the people, he like the Trustee has made claims that have not been delivered upon for the benefit of we the people, I will now present a plan of action for him as well. As these detention centers are mainly housed on American military bases, and under the clowns own code, rules and statutes, the American Military is NOT allowed to engage in war on American soil. I will repeat that again for all Americans to hear and understand, the American Military is NOT allowed to engage in war on American soil, so if we are attacked by insert boogeyman all created by the CIA, they will not defend you. Don't believe that statement? go and research it for yourself please, it is important for you all, to understanding the bigger picture here and elsewhere the US Military engage. Neither are they allowed to do another act of war against the people by administering vaccines to we the people as well Mr. Trump, just saying. This should be declared as an Act of War against we the people in this country. With that fact ascertained, you Mr. Trump can declare this as a war on and against Americans on our soil, which is against their own laws, and declare the said military bases as enemy combatants, and subsequently terrorists, and close them all down and arrest those involved. Not after the elections, now, we the people are tired of wait clubs. Both Trump and Kim are in the positions to affect this change according to what they have stated, and I am calling on them both now to honor their duties on behalf of the American, Canadian, Mexican and Costa Rican children housed in these death and harvest camps. Enough of the grandstanding of I am this and that, promises everywhere and yet little to nothing delivered, as the President and The Trustee you are now called to do actions on behalf of we the people. We the people expect you to deliver given the alleged power you both have. **WHEN THE CHILDREN CRY.**
