SPACE ODDYSEY In the first two explosive parts to this series we uncovered the reality of the existence of ET's, crafts and some disturbing aspects related to why they were here, their purposes and goals. We also found out the depth of the cover up surrounding this topic, involving the Majestic group, CIA and above government level think tank groups. We also found out how and why those groups now secretively run our world, via the use and attainment of advanced technology and knowledge, and have by and large used it against we the people. We the people have a right to know these life changing events and knowledge for the advancement of our species, and not allow it only into the hands of what I would describe at this point as, psychopaths. These psychopaths intend to keep the old system running of harvesting humans for their own gain and power. These are two older documents that ties into Parts 1 and 2 and whilst I can't verify it all 100%, there is sufficient elements in both of these pieces, that bare out the larger truth behind this what is labeled a conspiracy. Where I believe there are elements of deeper truth or parts that don't resonate, I have provided a differing narrative for people to ponder on. The world needs to know these truths, so we can counter back and prevent many of the largely hidden under and over world denied to many of us, out of the dark and into the light is a premise of what THI is all about. Truth should never fear investigation, and on that score, they have riddled us with lies, distortions and outright destroyed our free will and sovereignty for their own ends, and serve their gods and goddesses, none of which there has been evidence to date of being beneficial to we the people. SPACE ODDITY

We begin this show with an input from one of what is known as the super soldier group, with deep connections to the often hidden world of black ops, this is called, Above the Maximum Secret | James Casbolt This was put out quite of few years ago now and so dates and figures need to be taken into account at the time of writing. Much of what was reported in these pieces has since been dealt with at varying levels, so don't think much of this is still happening on the levels reported back on. Casbolt also went by the name Michael Prince, was sentenced to a rather excessive jail term for stalking, blackmail and terrorising his ex wife, he was given 12 years in prison. Whether that event was real or not should not detract from the information given out, compromised agents or those who break free of their programming, are quite often targeted and jail or sent to mental facility for further "training" as they call it. The same happened to Leo Wanta remember. My name is James Casbolt and I worked on covert MI6 cocaine trafficking operations with the IRA in London between 1995 and 1999. My father Peter Casbolt was also an MI6,

and worked with the CIA and the mafia in Rome in 1993, in operations secret trafficking in cocaine and heroin. The global drug trade led by many factions of the global intelligence community that cooperate together (MI6, CIA, MOSSAD etc.) is worth at least £500 billion a year. This is more than the global oil trade. The MI6 controls many of the other intelligence agencies in the world, MI6 created the CIA in 1947 and still controls it today. This then means MI6 is the OSS group, as the OSS created the CIA, as stated in FRWL 7 show. This drug money from “black operations” or, in classic Orwellian terms, MI6 / CIA “inappropriate funds”, is being used to finance government and military projects classified as “Above the Maximum Secret”. These operations include enormous worldwide coverage of UFOs, and the construction and maintenance of deep underground military bases (DUMBS). There are many such bases around the world, but here is a short list. Dulce in New Mexico, Area 51 in Nevada, Brecon Beacons in Wales, Los Alamos in New Mexico, Pine Gap in Australia. The snowy mountains in Australia, The Nyala Range in West Africa of Kindu in Africa. Next to the Libyan border in Egypt, Mont Blanc in Switzerland, Narvik in Scandinavia, Gottland Island in Sweden and many other places. These projects are being carried out by a secret and unelected international government agency connected to the UN, UN is United Nations not United News although one wonders at times. This is likely what I would know as the World Government that has operated in secrecy for many years, until our show exposed them around two years ago, most of them as I understand are not human. There are at least 1,400 of these DUMBS worldwide, 131 in the USA. With two underground bases being built annually in the USA at the moment. The average depth of the bases is four and a quarter miles underground (some shallower and others deeper). The bases are, on average, the size of a medium-sized city. Each DUMB base costs between \$17 and \$26 billion dollars to build, which is financed by MI6 / CIA drug money, and each underground base employs 1,800 to 10,000 workers. A nuclear drill used to dig underground, this drill cuts through the rock at tremendous speed, and literally melts the rock to form a smooth glass like surface around the edges of the tunnels. That machine is or based on off world technology. On May 20 (2008), I personally received information from a former member of the NSA through third parties, I want to protect this man's identity and so I will call him 'G', and this is the first time that this information has been made public. G was subcontracted by the NSA in the late 1980s and worked for the NSA until 1992. He was a senior electrical engineer at the Los Alamos underground base in New Mexico, G also worked at the Alamo Gordo DUMB in New Mexico, and at an underground base in Hawaii. He said the Los Alamos base is three kilometers deep and is the size of a small town. While there he witnessed rows of caged humans, tall, gray,

reptilian aliens, G says the NSA was very tough on all subcontractors, and the people worked under severe conditions. According to G, the US federal government, the USAF (Air Force) and DOE (Department of Energy) to administer the Hawaii DUMB in which he worked, this base goes down three kilometers and extends to the Pacific Ocean. It was here that three very tall, muscular 'Nordic' men (who according to G were reptilian / human hybrids because their eyes 'changed' to have vertical slits for the students) chased him down the road and threatened to kill him, because he heard them talking about some high technology. Understandably however, G was emotionally scarred by these experiences and does not like to talk to people about them. I can confirm the caged humans narrative, and I speculate that many of these in the past were the former missing in action or described as prisoners of war out of Vietnam, and several other war theaters of operations. The description of this was known as Hotel California, you can check out but never leave, perhaps makes more sense now. There are other types of glass cages, where humans and others are used as batteries and or food in and on certain facilities, the Fire in the Sky movie reveals that. This was revealed in the series the 100, in season 2, the grounders and the reapers, G for grounders or Greys, R for reapers or Repts, US military in underground bunkers as well, elites bunkers with all kinds of opulence is their underground cities there as well, all in the first two seasons, there is more in that show than you realize. I was also informed on May 23 by this source that in June there would be an enormous amount of artificial earthquakes projected by HAARP on the west coast of America, and that the DUMBS had already been evacuated and closed. That was one hundred percent accurate, because between June 21 and 28, there were at least 400 earthquakes on America's west coast. I posted all this information on the Deus Productions forum on the net, and within hours the post was hacked and removed. By executive order, the NSA is exempt from all laws that do not specifically name itself in the text of the law, which basically means it can do whatever it wants, and not answer to anyone. Like I have said all along, the term National Security is not about protecting the people or the country, but these rogue nefarious group and their operations against the people. This is due to its interaction with extraterrestrial species, and their distorted view that people are children, and cannot deal with the truth. By and large their statement is correct, but that is not the real reason to keep this all a secret, the real reason is for a select few to garner control and also protect the fake program, known as religion. Why religion some may ask? because some of these entities they have been working with are presented as the gods, the Lord for example in your holy books, and they are neither holy or godly. Currently, there is an internal war in the global intelligence community over the alien agenda, this is between positive and negative factions. That is correct, and why as I

understand it they killed off the original Majestic 12 group, as too many within that closed circle wanted to bring the truth to the public. Also added into the mix is a competition between the differing branches of the Military as to who controls the narrative, it is the Navy too much chagrin from the other branches. As I understand it, one of the main negative factions is a group centered on MI6 and the CIA called 'Aquarius' (Chimera). Chimera is half man and half beast, seen frequently in Egyptian hieroglyphs and are a very nasty and evil based group. This group is covering up the truth, blatantly lying, discrediting or killing anyone who comes too close to exposing what is happening. There is also a positive group focused on naval intelligence called 'Comm 12' (Resistance Movement), which is leaking accurate information about the alien agenda to the public arena. I am not sure I would trust that group either, it becomes more of a case of controlled opposition, like MUFON, which was created and ran by the Majestic and CIA agents, that was revealed in Part 1 and 2 of this series. When the missile (not the plane) hit the Pentagon on 9/11, it hit the building's naval intelligence section, this was part of the internal war between Aquarius and Comm 12 being fought. What I understand is, that hit was a deliberate attempt to take out what was known as the White Hats group, all on the internet since then are agency based clowns in my opinion. Aquarius also enlisted the help of Hollywood and the mainstream media, to distort the facts of the alien agenda and blind the public to the truth. I guess it wasn't the dawning of the Age of Aquarius you all thought then, it is funny how so many alt media shows and personalities run under the banner of the CIA project names is it not? Camelot, Avalon, Abel Danger all CIA project names, cohen-cidence? Sir Martin Wakefield Jacomb who was the director of the Telegraph newspapers in 1986. He is also connected to MI6, and is involved in laundering MI6 drug money through the Bank of England, Jacomb was the director of the Bank of England from 1987 to 1995. Former CIA chief William Casey was the head of the board for the ABC media network, many insiders refer to the ABC network as 'The CIA network'. Ah ABC of course is the start of the alphabet, just like Alphabet Inc is the start of Google, both of which are linked back to the alphabet agency's CIA and NSA, the NSA is just a subsidiary of the GCHQ in the UK, and maybe GCHQ is really just the OSS? The group of gray and reptilian aliens (from the Chimera group) who work together with the military at underground bases, is called MIEC (Military Industrial Extraterrestrial Complex). This is a malevolent organization, as you will see with the following information. There are also benevolent ET's on this planet. These groups are not part of MIEC, and are of: Pleiades, Andromeda, Lyran, Procyon, Tau Ceti, Sirius and Ummo. For further background, the Lyrans are the original version of most of our type of humans. The Tau Ceti are the Vulcan's from the Star Trek series.

Umno revolves around a binary star called Wolf 424, fourteen light years away from us, in the Virgo constellation, and is made up of Lyran and Pleiadians, and was likely an outpost for refugees from other planets during several great wars. These groups seem to work together in some kind of "Federation" protective. On February 20, 1954, a delegation of these positive groups met with the Eisenhower government in an unsuccessful effort, to reach agreement on the US thermonuclear weapons program. The obstacle to these negotiations was that these ETs were not willing to provide technology, that could have been used by the industrial-military factions the Eisenhower government. These human-looking beings who love peace have refused to be co-opted in the emerging Military Industrial Extraterrestrial Complex (MIEC) in the USA, Britain, Russia and other parts of the planet. Me, personally is not sure that that information is wholly correct, I believe they were malevolent who met Eisenhower in 1954. You have to consider the fact that Casbolt worked for malevolent groups in these programs, and like what we see with alt media and the factions game, their definition of malevolent differs greatly to ours. On July 11, 1934, the first Orion grayscale treaty took place on board a Navy ship in Balboa, 7/11 date is not a coincidence and neither is the store of the same name, CIA store front in many cases. This was one of the most important events in the history of mankind, because it put us in a role for which, we were not prepared, in relation to being a host to a malevolent extraterrestrial race. The US federal government disregarded the United States constitution, doing so and not telling the people. It was here that the deal was struck between the ashes representing Orion's reptilians, and representatives of the US intelligence community. The treaty stated that in exchange for the ashes to provide high technology (antigravity, metals and alloys, environment, free energy and medical technology), the government would allow the ashes to continue unimpeded with human abductions. This was only if a list of abductees were provided to the government, and the abductees returned unscathed with their memories of the events erased, how nice of them to consider that minor detail. In 1944, the second treaty extension was signed, I have very few details of that, from my perspective that was likely the Aldebaran and Vrill groups, who were working with the National Zionists and the SS in Germany, more commonly known as Nazis. Yet again another confirm of Nazis being Zionists, and the Zionists are the foot soldiers in my opinion of the reptile group, Hebrew Annunaki is the term I came up with. In May 1954, again under the Eisenhower government, the third extension of this treaty, called "The Treaty of Greda", was signed. The ashes and reptilians violently abused the terms of this treaty, as we will see later in this information. The Greda treaty was agreed at the Holloman Air Force base in New Mexico, by the Ashes and the NSA 'Ultra' unit. Not quite sure of this term the Ashes

refers to, it may well be a code name within the higher security clearance community for a specific group of ET's, although I could speculate it is the Phoenix group, as the Phoenix came out of the ashes. The original document of this treaty and its ET materials can be found today at the NSA facility called 'Blue Moon' under the Kirkland Air Force base in New Mexico. That reveals the color of the program, blue was for ET interactions, like Blue book, Blue beam and the fake Blue Avians. The entrance to this underground base is in the Manzano Mountains, also in this location is the technology base of the Secret Department of Energy (DOE). Currently, free energy devices developed using reptilian and gray technology, are being built for use in space at the base of the DOE. On April 15, 1964, two intelligence officials met at "Project Plato" with the Ashes in the New Mexico desert, to set up an April 25 meeting at the Holloman Air Force base in New Mexico. This meeting was to renew the treaty again, in a psychological attempt to buy time in order to solve the problem of the ashes and reptilians, as a nightmare of truly epic proportions was now unfolding. Phil Schneider was a geologist, structural engineer and underground tunnel specialist from the US and UN governments. He participated in the construction of many DUMBS in North America and other countries. Phil was murdered by the CIA on January 17, 1996 at his Wilsonville apartment in Portland, Oregon, 6 days after the last invasion of the Drak archons. He died the same week Karla Turner died in mysteriously circumstances, after discussing and writing books on the alien invasion, in relation to the Zeta Reticulans, alien abduction and harassment of abductees by either or men in black or the US Government. In 1979, in Dulce, New Mexico, Phil Schneider was drilling through the desert there to build an auxiliary base in the southern tip of Dulce, on top of an existing underground base there. The existing base had been built by the US government in the 1940s under the "blue operating note", but was later taken over by ashes and reptiles. Over a two-day period, Phil and his team made four holes in the desert, which fell several thousand feet. One of the holes continued to raise dirty dust, rotten odors and pieces of machinery that were sent through the hole. Boring machines and lasers came back damaged when they were sent there, a probe was then sent and returned completely absent, eventually, people were sent down. Phil was the first person to go, he was lowered into the cave, and when he got there, about ten feet away were two seven-foot ashes (two and a half meters). Ok now I know what the ashes are known as, the Tall Grays. He was petrified, but managed to empty a pistol clip into the ashes. While recharging, one of the ashes hit Phil with some kind of particle beam weapon, that gave him a very high dose of nuclear radiation poisoning, similar to cobalt radiation, but even worse. Phil's lung was burned and he got a huge scar running down his chest, which he showed in the lectures available on YouTube, it also caused him to lose parts of his

fingers. In May 1995, suffering from terminal cancer, he began giving lectures in Las Vegas, describing in detail the underground cities. The government's secret deal with negative aliens, the alien high technology being employed by the government, including "corbomite" (element 140), mining on the moon, FEMA and martial law. The new acquisition of the New World Order, the Alien / Genocide Agenda NWO to reduce Earth's population by 85% before 2029, and a number of other impressive revelations. Phil Schneider was an extraordinary man and brave person, who knew he would be killed because of the information he was revealing to the American public. His fingers on his left hand were burned, his bones were burned, he was basically cooked because of the weapon that hit him. He has been on radiation isolation therapy for more than 400 days. In the cave, large metal vats were found filled with parts of the human body, usually glands. In the tanks there were high-tech agitation devices that prevented blood from clotting. In Aztec, New Mexico, on February 13, 1948, an injured flying saucer was recovered by the US military. The spacecraft was 30 meters in diameter, made of a lightweight metal similar to aluminum and contained bodies of ET reptilians. A large number of parts of the human body were also found on board the vehicle. The "Above the Maximum Secret" safety cap was screwed on more tightly than Roswell to prevent mass panic. The day after the accident (the vehicle was probably dropped by the military), the government bought the property from local owners. Witnesses in Aztec watched covered military trucks in and out of the area for days after the accident. The ship was transported to Wright Patterson's Air Force base, the disc incorporated large metal rings that revolved around a central stabilized cabin. There were no rivets, dowels, screws or hints of grip. The people in Aztec carefully guard their words about the records on the record, Aztec citizens are still being monitored by the military to this day. An elderly woman said her husband watched military trucks in and out of the accident area for days. She said she was very nervous about the whole thing, and did not want to talk about anything other than her husband seeing the military vehicles. She was asked if she believed there was an accident with a UFO. Her response was: "If something hadn't happened out there, how did the military get in ... why did the military trucks come in and out of the canyon ... why did they deny being there ... and why they were buying the land near and around where the UFO supposedly crashed?" Of course Parts 1 and 2 of this series revealed the full details of that event. In Cambodia in 1972, at the height of the Vietnam War, a US special operations team on patrol, found a group of alien creatures carrying various parts of the human body in large metal containers and sealing them. A pitched battle ensued, which resulted in deaths on both sides, when the soldiers moved away, the aliens quickly retreated to their ship, taking the body parts with them. As usual, a great cover up was

quickly applied. Those battles largely involved what is now known as the Supersoldier project, where humans were given DNA of differing animals and ocean mammals to perform certain super human capabilities. I believe this event in Cambodia and other jungle regions in South Asia, was against what is known as, The Predator beings, yes those creatures in the movie are real. One of my contacts in Wales, whom I will call 'D' to protect his identity, was approached by an elite intelligence organization called 'Group 5-8'. This group was formed by Margaret Thatcher in the 1980s to work on targeting broken ET aircraft in Britain, it is the first time that this information has been made public. Although group 5-8 was formed by Margaret Thatcher, it is a UN group. The man in group 5-8 named George, showed my contact with a UN identity card with UN holograms. George then took D to a clandestine meeting at a highway service. One just has to wonder who or what United Nations actually is, remember in an earlier show the term nation, actually means race, not countries. United Races would bring up a whole heap of questions of which races are we talking about? It was here that George showed D photographs of human mutilation that they had found, near Brecon's highly protected DUMB lighthouse in Wales. These photos were taken in an isolated area where the UFO activity had taken place. The photos showed a sixteen-year-old girl and a twenty-year-old boy who had his genitals removed, eyeballs removed, lips removed and directly half of the skin missing. George said that group 5-8 regularly found camping vans in this area where occupants disappeared. D understandably before he had nightmares for weeks, and was followed by a high-tech American van with blue lights underneath, I believe this was an NSA van. Days after that, D had his life threatened over the phone, the call was anonymous, but I told him to be quiet or his house would be set on fire with him inside. George then called D and said his life was in danger, and for the information to be released as soon as possible to protect himself. The next day, a gas supplier appeared and removed his identity, the moment the door was opened he entered and checked the meter. When he left, there was a fire that almost set the house on fire with D and his wife. The house was destroyed, and firefighters said the fire started mysteriously in the trash in the room where the gas man was. Here is some further background to that story. There was a spate of suicides of young people in the town of Bridgend in Wales, twenty three individuals had killed themselves in the space of 20 months. Seven deaths were linked as a possible "cluster", the population is only 32,000 there at the time. Dale Crole, 18, hanged himself in a derelict warehouse on January, 5th 2007. His friend, David Dillings, 19, hanged himself on February 18th, Thomas Davies, 20, who knew both of them, hanged himself in a park a week later. Zachary Barnes, 17, who hanged himself on August 11th, is also believed to have known the other victims. In December, Liam

Clarke, a friend of Crole, was found hanged in a park. Gareth Morgan, 27, who knew Clarke, died on January 5th 2008. Natasha Randell, 17, posted a tribute message to Clarke on her Bebo page two days before she hanged herself on January 17th. On February 13th, Kelly Stephenson was found hanged a few hours after her cousin Nathaniel Pritchard, 15, was declared dead following a suspected suicide. The two cousins were said to be “very close,” and on one of Ms. Stephenson’s Bebo pages, there were tributes to Clarke, Randell and Barnes. Jenna Parry, 16, found hanged on the morning of 19th February, was thought to be a close friend of at least one other victim. I was directly briefed by British Intelligence that in five of the news reports, there were members of MI-6 and Group 5-8 special forces working on telephone poles and in telephone boxes in the background, while cameras were interviewing newscasters. These operatives were searching for an “item,” which has recently gone missing from the underground genetics facility below Brecon Beacons in Wales, known as Trapdoor. This so called item was a Chimera that had gone AWOL. It is referred to as a “feeder,” as being near to it reveals such feelings as intense suicidal tendencies and depression. The reason being is that it telepathically feeds on the taste of fear. So, now you know why the authorities and media creates so much fear, it is to feed these types of entities. This is one of the reasons for the 45/55 balance I speak about so much, it is to stop them feeding off of your energy, more commonly known as the looshing. But there is one other so called conspiracy that has gained much traction in the alt media recently that is engineered by inducing abject fear, that is called adrenochrome. Are you connecting the dots a bit more now? TWO TRIBES

The intel operatives in the news background are a message to the community saying, “we’re attempting to get the situation under control and track this thing down.” The reality of the situation is that the Chimera came into the town and engaged these young people in conversation. It then telepathically hypnotized them with various subliminal suggestions. After this, it went back to the place it was staying (possibly a B&B) and performed a type of remote viewing to the location where the individual was in the process of committing suicide and “fed” off the energies being released here. For those in America a B&B is your average hotel or motel, it is called a Bed and Breakfast, and I bet you all thought you were sharing your motel with humans didn’t you - oh my, that shatters that illusion. Have I not mentioned previously of how the CIA controls most of the hotel chains? connect the dots some more then. Modern scientific investigations are now reporting that some reptile species on earth have a type of orgasm when they die, as huge amounts of endorphins are released. I guess that is were the likes of Michael

Hutchence formerly of the group INXS died from his sexual strangulation act, learned that practice one would surmise. After that D, another man and I were investigating reports of an idiot and missing children in the small village of Zennor in Cornwall. There have been many sightings of alien beings on the cliffs since the 1960s, and many UFO sightings around the area and large amounts of covert military activities. Some of the UFOs had disappeared into the ocean according to witnesses, these are better known as USO's, Unidentified Submerged Objects. Two years ago, a Devon and Cornwall police project classified as "secret" had proceeded. This was an excavation for the children's mass graves by the police, they had tracked down the reports of many missing children in that area. This is classified information that D managed to get hold of his contacts. As far as I know, the police found no bodies and the excavation area was isolated from the public. I think the police were looking in the wrong place, because the activity seems to be coming from underground. When the poet DH Lawrence stayed in a small cabin in Zennor, he claimed he heard explosions from underground, also Aleister Crowley, an MI6 agent, spent a lot of time in Zennor. As already mentioned, MI6 and the CIA are heavily involved in the alien agenda, and I believe that Aleister Crowley was at their disposal. Aleister Crowley had performed many satanic rituals in a hut in Zennor (there seems to be a close connection with Satanism, the Grays and the Reptilians). That all started with the Kali Ma worshippers, done by the jet black race on this planet, that went on to infect others particularly the tribal peoples with their off world programs. That brought in human sacrifice and ritual offerings to these fake gods. Of course Solomon and Herod took it to whole new levels of debauchery and mass killings, both known as King of the Jews, whilst they like Moses were actually connected to Egypt, not Israel, of what I believe was the House of Israel, under the zodiac of Ophiucus, and the banner of the Annunaki reptile group and the Cult of Ra. In that house, one night after Crowley left, a woman named Ka Cox died of a stroke and her husband went crazy and ended up in Bodmin's mental asylum. The man said that a reptilian being materialized at their home and I believe that Ka Cox died of fear after seeing this. The corresponding Police files relating to her death were stolen from the police station after that. Aleister Crowley was also in Montauk, New York, when the project was in full swing, and there is a quantum grid energy line running from Montauk to Zennor and the ancient Men An Tol stones in Cornwall. The Men An Tol standing stones has an interesting correlation and possible connection to one of our previous shows. It is three stones 1 upright line stone on the left, and the same on the right, and in the middle there is a round stone with a hole in the middle, so as you look at it, it shows 1, 0, 1, one has to wonder if this is representing the fall of the female? Another sidenote is, Montauk and the Long Island facility had a

plasma beam technology that went up to the higher dimensions, 8th I was told and was harvesting human energy, this plasma beam and the occupants near to it was ended in 2014. MSM did actually make a report of a fire underground below those facilities that same week. After the fire at D's house, everything had gone on for a few years, suddenly, after two days of investigating missing children in Zennor, D spotted men outside the bedroom window turning on the lights. This is a common scare tactic used by intelligence agencies. I just scratched the surface of what is happening in Zennor, as there is no room to enter here, the larger issue will be released soon he said. So, what is happening to these human mutilations and missing people? The truth is that ashes and reptilians, feed on glandular secretions and hormones through a type of osmosis (Adrenochrome), that is why the main organs are taken from people. This is where the trading practice of organ harvesting originates from, and clearly some humans, mainly elites took up this practice, which is said to extend life longevity as well as getting a massive high, other recreational drugs cannot deliver. Your mind may want to deny that this is happening, but if you start digging, you will see that this is 100% true. The question for the listener to ponder on, have you considered those using adrenochrome, may not be human? On the Crowdedskies website, there is a smuggled video of Dulce's underground installation, which shows ashes inside vats absorbing these blood mixtures through their skin. Researchers Bill Hamilton and Tal (also known as Jason Bishop) received reports from Dulce DUMB workers who worked there in the mid-1970s, when they were jointly administered by the CIA, the ashes and the reptilians. That was before the ET's completely took the base and expelled the humans. I can confirm that was correct, the rogue ET's threw the humans out and there was several battles, the last one of which to my knowledge was in 2013, where many Et's fled through the tunnels to Dugway Utah via maglev trains or other methods. The workers said that the Dulce facility goes down at least seven levels, level six is privately called a 'nightmare hall' among workers. They speak of bizarre and multi-legged human experiences that look half human and half octopus, reptilian humanoids, hairy creatures with humanlike hands that cry like a baby and imitate human words. Also a huge mix of humans and lizards in cages, several cages of winged humans, three to seven feet tall, of bats as creatures and gargoyles as beings. That is the genetic mixing experiments taking place on that level, and known as Chimeras, the group named Chimera is not all related to these experiments. At level seven, there are thousands of rows of human genetic mixtures in cold storage, humanoid embryo storage tanks with embryos at various stages of development. That is the human breeding and seeding program, so people will ask how and why? Recently we spoke about eugenics, which can be also termed genetics, which is stated as improving the

human stock with higher evolved babies and cutting out the so called weaker stock, but what if it was actually for ET advancements and not human advancements? So how is this accomplished, think abductions which has dropped off since the peace treaty, think eugenics, think Margaret Sanger, think Planned Parenthood, think aborted babies, because if you do think enough you may ponder on it all being connected. Another trick or stunt they play on us and is more prevalent than many would like to hear or think is, think babies being swapped out in hospitals. That line will have horrified many, but once you get over the shock of it, all will know children in their own family or their friends and have wondered where the hell did they get that child from? ponder long and hard on that revealing, all may not be as it seems. Other workers said they witnessed scenes even more terrifying than that and refused to talk about them. One worker said to Bill Hamilton, "Often I found humans in cages, usually stunned or drugged, but sometimes they cried and asked for help. We were told that they were crazy and involved in high-risk drug tests to cure insanity." We were told never to speak to them, in the beginning we believed in the story, but finally in 1978, a small group of workers discovered the truth. Thomas Castello was one of the security staff at Dulce's facility. Thomas worked seven years for Rand Corporation in California, he was transferred to Dulce in 1977. So, members of the Rand corporation are sent to Dulce raises some serious questions in and of itself, does it not? Are the med beds associated with Jared Rand, who is a prominent member of the Rand family and corporation, promoting technology developed by other beings? are they safe? what is the catch? with virtually all technology weaponized against us currently, what makes this device any different? and why despite being a bloodline family member has he not been able to make this available to the public for testing and use? Thomas Castello estimated that there were more than 18,000 small gray grays in Dulce, and he also saw tall reptilians. He distinguished it as the gray grays as some are other colors. Thomas knew of seven levels, but said there could be more, he said the aliens were at levels five, six and seven. The lower you are, the greater the security clearance, the only sign in English is above the metro transport system and says 'To Los Alamos'. The security clearance is correct, I suspect those of Cosmic clearance maybe able to go so far down the levels, but not the bottom levels, that would require Majestic clearance which I held until some other person on the internet decided to remove it from me. But also since then and the peace treaty signing, it is stated that humans are not allowed below level 6 anymore. The tunnel shuttle travels at mach 2.7 speed, this confirms my earlier interjection of the Maglev style trains. The speed mach 2.7 may not sound much to the average person, but in our terms that is 2055.24 miles per hour, so instead of driving near 33 hours for the same distance Glenn, it is an hour underground,

should the tunnels connect to those two locations. Most of the signs at Dulce's facility are in the language of alien symbols, and in a universal system understood by humans and ETs. Thomas said Dulce's other bus connections were to Page Arizona, Area 51, Nevada, Taos Carlsbad, Datil New Mexico, Colorado Springs and Creede Colorado. Creede is full of reptilians that I can confirm, their brochure to advertise their town reveals it in humorous fashion if you know stuff like I do. Their brochure says come to visit the Creede Repository, with the Rep part all highlighted, it is all there in your face for those who can see. Thomas also said that there are a vast number of tunnel transport connections in the United States, which extend to a global tunnel system for other underground bases in other countries. Correct and is why you never see elites on public transport. Thomas Castello said that below the second level of the Dulce facility everyone is weighed naked and given a uniform. Any change in weight is observed and if there is a change in weight of three pounds or more, people are x-rayed. At the entrance to all sensitive areas, there are scales and people's weight must match their identification card and code to obtain entry. Thomas Castello smuggled many things from Dulce's premises before he escaped, including twenty-seven sheets of 8x10 photos of alien and genetic creatures in vats. A silent video tape from the surveillance camera, which starts with the display of computer benches and vats, several photos of the nightmare hall, two photos in shades of gray, a photo of the terminal sign saying 'To Los Alamos' and thirty seconds of the transport train arriving. Twenty-five pages of diagrams, chemical formulas, schemes and alien equipment. A copy of the new alien / government treaty with signatures. Two pages of original documents signed by Ronald Reagan (then governor of California). Each page has Ronald Reagan's signature, as well as other political signatures and four alien signatures. Thomas Castello's flash pistol (a laser-type weapon used by Dulce's security officers). Thomas placed the original set of these items in a heavy, sealed, oxygen-free plastic box, five sets of copies are in five different boxes, in five different locations, kept by five different individuals, known only to Thomas Castello. I understand that these individuals would be afraid to leak this evidence, as Thomas Castello's wife and son were kidnapped and disappeared in Puerto Rico shortly after that (now reportedly dead). But if any of you are reading this, contact me anonymously and we can arrange for you to send me a copy, I will be able to disseminate it on a large scale. This is part of an interview with Thomas Castello before he disappeared: "I am saying that there are aliens on various underground bases in this country, and terrible things are happening in those places. If I die before it's proven, look for evidence, demand that the government admit it. If enough people demand it, they will find a way to explain the bases or at least explain why they should keep it a secret. There are many people who

work at Dulce who know me. I am challenging these co-workers to speak anonymously, send a letter to confirm what I explained, on behalf of the brave men, women, children and aliens, who died trying to inform the public what is happening at Dulce's facility. Expose this horrible place before thousands of innocent people are tortured and die of unspeakable deaths ". A Dulce Base Security Officer Speaks Out: Question: What is your biggest fear? Answer: "That the general public will forget the trapped innocent people in the despicable place [Dulce], and will ignore the hundreds of children, women and men added to that place every month. Since this was revealed by Casbolt, Castello and others, many of those trapped in there have been released, particularly around the 2013 time zone, but many remain in hidden locations and the fight goes on to release the all. NOW WE ARE FREE

Rand Corporation, which is involved in the construction of these underground bases, launched 'The Roper Report'. This is now a third generation report that says, according to his research, one in ten people has been kidnapped and implanted by the Grays and reptilians and has returned with their memories erased. This report was sent to one hundred and ten thousand clinical psychiatrists in the USA. The Roper report also states that women are being raped by reptilian ET's as part of an ongoing genetic program for them. As unreal as that sounds, it is supported by some of the best doctors in the world, like John Macke and many others. There are ninety concerned psychiatric scientists in the US, who are trying to form an organization to prevent secrecy in this dire situation. They say that, because of the alien / government treaties, this amounts to government-sponsored rape. According to the Roper report, 99.3% of the abductees in use in this ongoing genetic ET program are female and 0.7% are male. I personally saw intelligence documents from studies on the gray and reptilian problem, which show that they are involved in the genetic sabotage of the human race. The gray and reptilian alien agenda is to slowly and secretly, dominate the planet over the next thirty years, reduce the population and manage the planet through the underground, using the surface population as food, to be taken whenever and however they want. The British, Russian and American governments are shooting down about one gray and reptilian spacecraft a month with particle beam weapons developed using Tesla technology. The Russians have areas the size of football fields full of broken ET aircraft, if this is not a large-scale invasion, I don't know what is. The British, Russian and American government they became 'blood brothers' and best friends because of the alien agenda. The Cold War of Russia and the United States was feigned animosity and a farce, so that these governments could develop nuclear weapons programs to combat the alien threat. The

Cold War was a lie to the public to divert attention from what the nuclear weapons program was actually being developed for, not against Russia, but as a last resort against the Grays and Reptilians. The headquarters of the international secret body responsible for dealing with the ET phenomenon is in Geneva, Switzerland. The governing body is composed of representatives of the governments involved, in addition to executive members of the group known as Bilderberger's. From my perspective on what you have just heard is a bit of meddling with the facts and truth, sometimes these whistleblowers were sent out with what they thought was the truth, and reveal it in an honest fashion, but they are fed misleading rubbish as well for plausible deniability. I have heard or seen no evidence since 1963 of governments working together on this issue, since Kennedy and Khrushchev agreement in 1963, that the CIA nullified with the death of JF Kennedy. As for Switzerland being the secret body for alien issues and Bilderbergers, that is a complete misdirect to the public that. Although other evidence presented by another whistleblower connected to a reptile meeting stated, the term cold war is the fact to cover up an ongoing war for the past 73 years, which is likely from around the 1930's timeline. Wars have been ongoing here as far back as 65M years ago which wiped out the dinosaurs, no it was not a meteor but a weapon, following a war between a humanoid group, likely the Abraxans from Procyon in the Pleiades constellation and reptile group from a separate Universe. As I said, the British, American and Russian governments are working very closely together because of the gray / reptilian threat to the planet. Although the situation is so dire that these governments have fragmented into panicking factions, some of which have "run out" and are directly helping the Grays and Reptilians. According to credible William Cooper, a member of the US government, the most important meetings of this international secret body, are held by the policy committee of a nuclear submarine under the polar caps. Secrecy is such that, this is the only method to ensure that meetings are not corrected, and is the only place where they will discuss their biggest secrets. Yes, Marduk travelled much on a nuclear submarine, so they were meeting their paymaster for further instructions of ending the human race, not saving it. It would be wrong and cruel of me to present your information without presenting the full picture. Orion's grays and reptilians are involved in an ancient war against the benevolent Pleadians and other groups. The Pleadians are a very powerful group and are the guardians of this Solar System, yes they were, but one group of them sold this planet out for tech from the reptile group. Personally, I don't believe they let the gray / reptilian agenda unfold completely, they have helped us in the past, they are helping us now and they will help us in the future. I know this because I have had many experiences of contact with para-normal ET since childhood. There is no space to go into detail here, but

it is covered in the presentation "Above the Maximum Secret" with investigative journalist Dave Starbuck. Type 'revelation audio visual-Dave star buck' into a search engine to find it. I have very clear photographic evidence of benevolent Pleiadian ETs materializing in my home, and a "channeled" communications box with these beings. These photographs withstand a computer grain analysis test, because they are all one hundred percent real. I also don't have the knowledge or technology to counterfeit them. A photo shows a very clear face materializing in front of me. I also have post-traumatic stress disorder from abductions and other contacts with malevolent reptilian entities. Again, these are covered in 'Above the Maximum Secret'. There are a large number of missing children in Britain, America and other places connected to these underground bases. The figure in Britain seems that at least twenty thousand children disappear without a trace every year. In a 1995 classified, the CIA, DIA (Defense Intelligence Agency) and an FBI report, declared that 100,000 children and 1 million adults disappear and are never found in the United States every year, my understanding it is 900K children per year, not adults. You may wonder how this is being covered up, as mentioned at the beginning of the article, the same group that works with the ashes and reptiles MI6, CIA and MIEC, is the owner and controls the mainstream media. In 2001, Scotland Yard police revealed that it was not possible to find three hundred black boys aged between four and seven who disappeared from London in a three-month period. The three hundred boys disappeared between July and September 2001. Journalist Yinka Sunmonu, an expert on missing children, told the BBC Today program: "Children are here one day and disappear the next." In 1989, in Westchester, New York, the site of numerous UFO over flights and reports of human abductions at the time. More than three thousand missing children disappeared, after an extensive investigation by the local police departments, the children were not found in the districts or centers of the Red Cross, researchers and police were perplexed. There is also the case of the CIA, this involved negative CIA factions directly involved in kidnapping children, this was revealed in a 1987 US customs report. Customs and police raided a Washington DC warehouse that was used by the CIA, there they found a set of instructions transmitted through a computer network, that advised the CIA to move an enormous number of kidnapped children who were originally kept in the warehouse (customs and police found a large number of diapers and other things there). There were instructions on the impregnation of female adolescents and instructions on how to avoid detection by the police. The destination for children in the instructions was in New Mexico. Albuquerque magazine published an article entitled "Why New Mexico has more missing children than comparable states remains a mystery". Much of this activity is centered in New Mexico, where the Dulce underground facility is located. A

survivor of the MI6 / CIA Monarch mind control project, described in Fritz Springmeister's 'The Illuminati Formula', the naval base of China Lake in Ridgecrest, in the California desert. This anonymous man says that lots of children of one, two and three thousand were kept in cages stacked up to the roof of large hangers. He says that these cages are called 'woodpecker crates'. These are electrified and the children were tortured with electric shocks. Today, children are still being transported to the China Lake Naval Base by train, car and plane. One of the main routes for delivering children to Lake China is by plane, through the Santa Rosa runway, near the Bohemian forest. The Santa Rosa airstrip should be closed, but planes take off from there every night and do not turn on the lights until they are hundreds of meters in the air. Nazi geneticist and mind control scientist Joseph Mengele 'The Angel of Death' from the Auschwitz concentration camp, was brought to America after the war by MI6 and OSS (who became the CIA) in the Paperclip project. Many other Nazi mind control experts, rocket scientists and geneticists were also brought to America and Britain after the war. Joseph Mengele stayed at the base of Lake China and at the Tavistock Institute in London. The naval base of Lake China is the same as Lancaster, California, it was in Lancaster that the graves of mutilated children were found. Given the sheer amount of evidence, the only conclusion I can draw is, that certain sections of the US and British government, have sold us and our children to malevolent ETs in backdoor treaties. The situation is really bleak. Come on guys, time to wake up! The New World Order and the UN world government, are this rigid control structure to lock people in the world into totalitarian addiction, so they don't have to tell us about the aliens. I also believe that certain sections of the intelligence community, and the government of the United States and Britain are directly helping the Grays and Reptilians with their acquisition agenda. The evidence seems to point to ETs promising these humans certain powers when that happens. The name of the powerful secret group 'The Trilateral Commission' is taken from the Orion Gray / Reptilian flag, known as the Trilateral insignia, this shows how many problems the human race is in. There is now a deadly and contagious apathy among people about world events, this is especially true of the people of Great Britain. We have really become a nation of sheep, I challenge you to get rid of this apathy and I challenge your government to tell the truth. Send copies of this article to local government officials and distribute it to your friends and family. This information desperately needs and be disseminated as widely as possible, but I cannot do this alone, I need your help. There is enormous pressure on governments to go public in the ET scenario, but there is also enormous pressure on them not to go public either. We need to demand that our government officials tell us the truth about the extraterrestrial scenario. That ends the transcript of James Casbolt, it is a

mixture of brutal truth and some occasional misdirection or lack of knowledge of which I have attempted to fill in the missing pieces of. Thankfully the situation when this was reported has gotten much better and improved, but it has not fully ended it has just changed shape and format, and we continue to end this barbaric subjugation of the human race by psychopaths intent on our destruction. In the next section we go deeper again into things, that is both unpleasant and abhorrent in equal measure, but these things must be brought into the light for better understanding and grasp of the bigger picture.

WELCOME TO THE JUNGLE Arizona Wilder, formerly Jennifer Greene, who was programmed and trained to conduct satanic rituals by Joseph Mengele, a.k.a. the Angel of Death from the Nazi death camps of World War II. The green program we have covered in other shows, Black Sun, Black Trust, Black Eagle, Black Star, Black Dragon and Black Rock are all examples of color coded programs. Arizona Wilder describes how she conducted rituals in which the Queen, the Queen Mother and other members of the British Royal Family sacrificed children in satanic ceremonies. She talks of the same experiences with Henry Kissinger, George Bush, Bill Clinton, members of the Rockefeller and Rothschild families and a host of the most famous names in the United States and the United Kingdom. Your view of the world will never be the same when you hear these types of revelations of not just Arizona Wilder, but also we have covered the female trainer known as Svali. The Reptilians came to earth about 4000 years ago, they followed the Aryans, whose bloodline they want to keep pure, as they need their blood for their use. They look for Aryan features, blonde, blue eyes, as they prefer the blood of the Aryans. They prefer to impregnate Aryans with the semen of the head of the Illuminati, known as Pindar, the Illuminati pursued the Aryans all over the universe. Arizona was identified as a bloodline before she was born, she was addressed as ‘Mother Goddess’, one of only three Mother Goddesses allowed on earth. That is her programming, always with some special title to make you believe what they are doing. The goddesses were banned from here for previous transgressions, mainly for abandoning their planets, as I understand it. The Reptilians don’t have the necessary psychic abilities, so they pick others from the bloodline to control events through psychic means. They attempt to control events by predicting what will happen, and then controlling it. That is likely to do with the now defunct looking glass technology that was used by the Vrill girls. To call out the old ones from another dimension to attend the rituals from another dimension, needs someone with the psychic power, and the Reptilians don’t have this ability. These ‘old ones’ want to come out of the fourth dimension, but can’t except during rituals, Christianity calls them out as demons. This is why I warn of all forms of witchcraft, light or dark makes no difference, you are calling in these demons. A circle

inside a hexagon is powerful occult symbol, inside is a pentagram and a triangle, these shapes stop the old ones from seizing the person summoning them. The old ones tell things during the ritual, and give enormous power to the Illuminati, they don't want to cooperate, but they have to. The demons want out of the dimension they're in – being in the abyss, the fourth dimension is one to stay away from. Is the 4th dimension as described actually the 3rd level and subsequently the astral split in 2 levels, of heaven and hell? David Icke asked her why are the rituals related to the phases of the moon? Arizona stated it was also the sun, they're using the Druid religion, and the Egyptology religion. They call themselves Druidic, Druids were tied in with the cycles of the moon, ritualisation with Druidism, and they love ritualisation. She mentioned the Druid and Egyptian, but also Celtic cultures were involved in the same ritual and sacrificial practices. People were bred from birth to be ritual sacrifices, it's very easy not to register a child when it's born. Children are kidnapped in Third World countries, terrorised and mind controlled, sometimes drugged, used as blood sacrifices. Reptilians need their blood to maintain their human shape, they'll take various organs from the sacrifices depending on which date it is. They slit the throat from left to right, then they give the blood in a goblet to the reptilians, and then to the people who have become party to the rituals. There are rituals every month of the year, usually more than one. Every full moon, the equinoxes, the solstices, Beltane and many others, May 1st is Beltane. Halloween is the ritual occasion for the Councils of Thirteen, three nights in a row, Halloween is the worship and homage to Satan, the Devil. There is a lot of bloodshed, numbers of sacrifices, the popularity of Halloween is to desensitize people to the horrors. Essentially from my perspective this is to lure as many of us as possible, into the dark satanic practices of the left hand path of false Illumination. The Harvest Festival is the same, Christian festivals are unknowing representations of the Satanic rituals. Christmas is solstice related, a Satanic celebration, the killing of the old king. The tree is a phallic symbol, the ritual on the 24th December is to do with the programming of children. Things would happen to the child that hung the last bulb on the tree, rituals are done on this night to little children. The children are killed, and families have to give away their little children for sacrifice. She has seen George Bush at rituals, Henry Kissinger, Madeleine Albright, Ronald Reagan, and Nancy Reagan. Hillary Clinton is involved, although she is not a shape shifter. The two sons of George Bush were involved, now governors of Florida and Texas are involved, the latter became the President in fake circumstances in 2000 as we now all know. J Rockefeller, Newt Gingrich, Gerald Ford, Lyndon Johnson, Joseph Mengele all these are shape-shifters. Jimmy Carter was there, but he didn't shape-shift, all these people are connected to the Illuminati. In Europe,

Prince Charles, The Queen, The Queen Mother, Princess Margaret, Tony Blair all shape shift. Prince Philip has his quirks even in his reptilian form, they're not all robots, they're all cold-blooded, and would kill at the drop of a hat. The French President as well, I presume this was President Mitterand, he of the Leo Wanta and Reagan with his CIA 1 gang that raided the Russian assets. The Rothschild's were there, Guy de Rothschild is a shape-shifter, he uses the name of Doctor Barrington in the US. No surprise the Rothschild's family were part of it, as they have more reptilian DNA than any other family, and the shape shifting is largely connected to a reptile group. He, Guy de Rothschild had Arizona impregnated with seed from the Pindar, she realized what was being done to her. Guy de Rothschild has tried to programme Arizona and get back under control. Zechariah Sitchin was at the rituals, not a major player in the rituals, but others were frightened of him. He talked about doing away with people putting out information he didn't want put out, he is a disinformant, and he warned David Icke off from investigating the Reptilians. Balmoral, Glamis Castle both Scotland are used in the rituals. Glamis Castle is owned by the Lyon family since 14th century, which merged with the Bowes-Lyon line which produced the Queen Mother. Stonehenge, Westminster Abbey and the Mothers Of Darkness chateau in Belgium, all used for rituals. Alsace-Lorraine region castle has a dungeon, where rituals are carried out, also gives access to underground green glowing rocks, which turn blood blacker, which are used in certain rituals. Reptilians are kept down there as pets, it's very warm place to keep reptile's eggs, and they keep them there. I suspect these pets as she described are not the Draco reptiles, but more of the small raptor race that still exist here. Before Charles was involved with Diana, she produced a baby with Charles which was killed at a ritual. That's the price to be paid – the sacrifice of the first born in a relationship with a human. Camilla doesn't shapeshift. Al Fayed was at Balmoral, he was talking with The Queen Mother, they called her The Black Queen. He was discussing his son Dodi with The Queen Mother, they were discussing a marriage between Dodi and Diana. Al Fayed had also been at Mothers Of Darkness chateau. Arizona never saw Diana at any rituals, but stated there was a malevolence towards Diana. Bearing in mind Diana who is a Spencer, was not some ordinary girl either, she is from the Tudor and Stewarts bloodline. All the royals have drunk human blood and ate human flesh. They had their own goblets encrusted with jewels, they had their own daggers, which they stirred the blood around in their goblets, which to them is a symbol of the phallus going into a vagina. All very Osiris and Isis that is it not? The Queen Mother had a very elaborate ornate chair for her to sit at, before the rituals people move around and talk in a ritualistic manner. They wear robes with nothing underneath the robes, the robes are all very ornate, and most are red in

colour. Some have purple robes with gold lines running through them, with the Merovingian Fleur de Lys Symbol. We warned about the Merovingians and Carolingians in our FRWL series. They can't wear clothes because they're going to carry out sacrifices, drink blood, eat flesh, shape-shift and do orgies. The Queen Mother is very cold in reality, and very unlike how she acts to the public. She's cold-blooded, she enjoys consuming human flesh, and the only person she's afraid of is Pindar. It is my understanding from some other insiders that the Queen mother was the voice over for the pre 2 year old children programs ran by George HW Bush. The Reptilians live for hundreds of years, and have assumed many different human form bodies. She the Queen Mother still has life for years to go, her essence and her Reptilian form will go into another human body from the pure Reptilian bloodline. Shapeshifting happens so fast, they get taller, and bigger, they look very different in full form. They need the robes on, as the clothes would be torn apart. The Queen Mother's nose gets much longer, she has fangs, incisors with their tongue, being hairy and very long. They have no hands or feet, but claws and scales, their tails that get whipped around when they are agitated. Queen Mother is beige on the underside, the snout is speckles of dark browns, the eyes are large and round, like they're coming out of their sockets. Their eye colour is beige to gold to dark greenish, with a vertical slit. When eyes are hooded, they're about to do something, the lids come down, they are about seven feet tall. Charles resembles Pindar in Reptilian form, but is shorter than Pindar. The Queen is darker all over, not so much freckling and smoother, she has lumps around her head. Charles has protrusions from his skull where his ears had been, the scent of the blood sets them off shape-shifting. They can't wait to get to the blood, also the flesh, they are addicted. The Royals will do the sacrifice, or if someone's doing it for them, it's not fast enough, they'll step in and finish the tearing to pieces, tearing the throat out, getting the blood from the jugular, they go into a frenzy and can't wait to get at the victims. People who are not titled don't dare step in, they wait, and they can stay in the Reptilian form, but they have a hard time holding their human form. Diana was chosen from before birth for the purpose she served, to have two children and then be tossed aside. She never attended a ritual but she knew what was going on, and she wouldn't cooperate. She realised more of what was going on after marrying Charles, as they have a tendency to shape-shift when they're asleep. When Diana was going through a menstrual period, they might momentarily shape-shift, or any other woman in the Royal household. Her unborn child in the crash was a part of the sacrifice, Guy de Rothschild was in the tunnel when she died, he was there to take the soul of Diana. The Illuminati wanted to capture her soul, the hypnotic stare and the ritual murder, people don't believe what they're hearing about Diana. The Illuminati depend on people not

realizing they are there, but the Illuminati can't hide as easily as they once could. She was a mind control victim from the early part of her life, and she was diagnosed with Disassociated Identity Disorder. A common theme for people within the programs, and explains much of those housed in mental facilities, it is far more common than people realize, the alt media alone is riddled with programmed people. All super soldiers, Aug Tellez, Randy Maugans, Marilee Neitain, Chloe Kirker, Laura Leon, Shane the Ruiner, Stewart Swerdow, Mark Passio, Patty Brassard and the list goes on and on. Some of these people turned against us over time, and by and large it was their programming and their handlers doing that, and in most cases not the original version of them. These people are all victims of horrifying abuse, but they need to fight through their programs, as I nor THI are the enemy. Diana would have had missing time, marks on their bodies and needle marks which they can't remember. Arizona doesn't think that William is Charles's but William is the son of Pindar, she was impregnated but she doesn't realise that and the baby symbolizes Horus. Yes that trio of darkness all complete in the one story, Osiris of which all obelisks are homage to him, Isis, which is represented by the fake country Israel, Isis Ra el, Switzerland said neutral country of the Rothschild's is named after the twin sisters it is said, the twin is, is and is and so Isis, and Horus is the real name for Jesus. There was no letter J until around the 15-1600's time. I am sorry if that upsets the many Jesus followers, but those are the facts you will find for yourselves, if done with an open mind. The Bible is the story of these reptilians and their offspring, Noah, Melchizedek and Moses had scaly skin, known as the Mark of the Nephilim, and no it was not eczema or psoriasis, it was reptile skin. The bible is the book of the Hebrew Annunaki and again you will find that out for yourselves with an open mind, it is all there and covered by our From Russia with love series. 2000 is the age of Horus, and there is a sacrifice involved, the mother and the baby and it involves the survival of another child by the same mother. Diana left that tunnel dead, she had to die at that tunnel, and they had to take her soul in that tunnel, and to take the essence of that unborn child. They would have taken the foetus and the uterus as ritual and they would have removed other body parts, which would have been distributed to high Illuminati members to consume. The year 2000 is the age of Horus and we have the 2K return again as mentioned by the Trustee, but 2000 was known as Y2K, one has to ponder now whether that was Yahweh to Kali Ma. Earl Spencer (Diana's brother) has also been seen at rituals, he is tied into the bloodline, Her father was also present at rituals, he would have been involved way before she was born. Diana's bulimia and self harm is typical of mind controlled children, and he would have been involved in that. This brings in the shows we did on the Svali training called Illuminati 1 & 2, all bloodline children appear to go through this training

and subsequent programming. Children can be programmed to do just about anything, they can memorize from just a glance. Was Henri Paul a mind controlled individual? He could have been drugged and programmed, programmed people can show no effects from alcohol or drugs. Personally I have to disagree with that statement, it has a massive effect, I know that from living with and talking to programmed people. One of his programmes would have been trained to hit the thirteenth pillar, yes the numerology gematria game they like to play with, gematria is more Hebrew Annunaki codes and coding. He would not be conscious of what he was doing, he would have been triggered with a preset signal. The trigger could have been a hand signal, a handshake, a colour flashed, a certain person doing a signal, whoever was present. Arizona's handler was Dr. Mengele who died in 1989, that helped her to recover from her programming. Her alters were loyal to Mengele, but Baron Guy De Rothschild tried to take over, but it only worked partially. Arizona cut her hair off in 1993, which was not permitted, and she couldn't be publicly seen. This is similar to Britney Spears shaving her hair off episode, and symbolic of the person coming out of their programming. She was always told she was their property, they still have plans for Arizona as she has great psychic powers that they need. High ranking survivors get sent a ring from the Mothers Of Darkness. As a child she was electro-shocked to the point, that her parents were told by teachers she was retarded. She has no medical records, here birth certificate tampered with, this is similar to Chloe Kirker, her birth certificate had no name on it, I suspect she wasn't expected to survive the programs. Arizona had her eyelids taped open, drugs injected to put nerves on fire, and the merest touch would torture. She was given electrical stimulation on genitals and teeth, and injections into her gums and under nails. She has been programmed to be both anorexic and bulimic, she was to eat her own feces and drink her own urine, along with experiencing sensory deprivation tank. Dislocated on body parts to traumatize her, tones or frequencies projected into her. She had directed energy, microwave energy, with one tone heard in one ear with a different tone in the other ear. She was programmed to run red lights, they have used her children against her, and what happened to her is happening to her children. She's very anxious to expose the Illuminati what they're doing to children all over, her children are told that their mother just left them, and this is very hard for her to take. In this video she repeats that the reason she's speaking out 'now' is because her children have been taken away from her. This is common for the monarch females, they target their children and turn children against the mother, tell them that their mother has gone nuts. A classic psychology tactic, that is often seen within the alt media today, of turning the victim into the perpetrator, make up lies and make them look bad, all the same program just on different levels. A pattern once found often repeats, and

this is what we see with this program. But these people are more exposed now than in the past and many of this type of operations are much less today, given the exposure done by many within the community. We will hunt you down and seek you out and expose you until it is all others that our saved. THE SHADOWHUNTERS

With a recent FBI document in 1956 revealing the Nicola Tesla was brought to Earth by space people. It was stated Tesla's engineers built a sort of station that could communicate with space people, and they told the engineers that they dropped off Tesla with Mr and Mrs Tesla in a remote mountain region in Yugoslavia, and stated he was a Venusian. Which may or may not be believable to many, but lets have a reminder of Part 2 of this series from an official classified Majestic level document, where the EBE mentioned dropping off babies also, so these events to do have credence. The question remains just how prevalent are these events, and how does it change our world and timelines? Does it go down as interfering? what is the whole purpose of it? as it was not clearly stated within the transcript of that speech with the EBE. Who is collecting these children? Does this explain the high number of babies being swapped out in hospitals? Yes, that does go on more than most realize, or people would like to face or address. But what about whole peoples appearing out of nowhere, like the Bantus in Africa. They just appeared in NW Africa out of nowhere, and then quickly spread to other areas of Africa. Some have stated they just arrived by boat from nowhere, and yet there is no recording of their previous abode in history anywhere. Magic takes a major central role in Bantu belief, with good and bad influence. The Bantu believed in the separation from body and spirit after death. They often saw a manifestation of the souls of deceased ancestors in ceremonies, the Afro-Brazilian Quimbanda cult is a New World manifestation of Bantu religion and spirituality. Quimbanda practices are typically associated with magic, rituals with Exus, and Pombagiras spirits. Quimbanda was originally contained under the religious tradition of Macumba. Macumba, is considered by non-practitioners to be a form of witchcraft or black magic. Perhaps this next tribe who are linked as part of the Bantu, may give some further clues or origins. The Lembas, these peoples mainly live in South Africa or Zimbabwe. Following a genetic research test carried out by British scientists over the years, found them all to be of Jewish origin. The name Lemba derives from Lembi, which means non African or respected foreigner. Every Lemba male undergoes circumcision, they also do rituals and sacrifices but only animals. They have strict rules and do not allow marrying outside of their culture, just like the Jewish. However in some circumstances it is allowed but only if strict rules are adhered to, for a non Lemba male to marry a Lemba female, he must undergo circumcision and

purification to do so. If a Lemba man wishes to marry a non Lemba woman, he risks being banished from the tribe unless the woman complies with Lemba rules and cultures. Their ritual sacrifice called the Pesah is said to be a direct copy of the Jewish passover. The calendar of the tribe follows the path of the moon only, so this is a moon cult and Lilith worship again. They share same language but have some disparities of religion it is stated as some have a more Muslim flavor within the tribe, but Islam means Isis hidden and Is ra el means Isis and Ra are god. But they are described as more Semitic than African, Semite peoples though came from Shem, which was stationed in Asia not the Middle East. Their symbol is of a six pointed star with an elephant in the middle, so the Star of David which is Egypt, and the elephant whilst native to Africa is also a large part of the culture of India. The exodus of the Garden of Eden was out of India to Egypt, that formed the cult of Ra, but maybe those who were thrown out arrived in Africa via boat and today are called Lemba or Bantu peoples. Or maybe as the EBE stated of dropping babies off on this world is a confirmed practice, but the big question is with these Bantu peoples who came out of nowhere is, what if they were dropped off also? What if the whole of these Hebrews have been dropped off here as foot soldiers of the Annunaki? Did Moses receive the laws, known as ten commandments from god, or the Annunaki beings? Evidence of Moses, Noah, Enoch and Melchizedek all being non human, along with Adam and Lilith are a plenty in our FRWL series. In the book of Genesis it reveals Yahweh (The Leader of) the Shining Ones planted a Garden in Eden which is in the east... 'Enoch walked with the Shining Ones. Then he disappeared because the Shining Ones took him away.' The shining ones are those of the false illumination and the left hand path. But I will leave this show with another question based on what the EBE stated in Part 2. When he was asked are these children being dropped off here human? and his answer was, depends on what you define as human. HELLO MY NAME IS HUMAN
