THE 100 SERIES This is Part 4 of our Cosmic Genetics series, that has revealed much deeper knowledge, insight and understanding as we journeyed through the first three parts. Much of it on the surface corresponded with our understanding from an overview perspective, but filled in many of the finer points not known to us all. We continue with the timeline on from the last show which ended at 2004, with 2005 onward updates. 2005 Jan - MUG 8: Evacuation standby, Starburst Initiates the Polarian Host-Rama Passage in response to trans-Eckasha Equari Dragon Wars. Equari, Ubys and Thetans engage here, and the Bourgha-Budhara activate the Triple 9 Complex. 2005 May - MUG 9: Evacuation engage, Starfire engages. Arc-Hub Cluster Interface Gates initiate in reaction to Tara/Alcyone Staff Reversal-Ecka-Veca Fall engagement. Bourgha, Thetans, Ubys open Bourgha Eumbic Time Rip and initiate Threshold/BeaST assimilation, Gravitron Staff Tilt begins, Adora Budhara Wars. Threshold technology assimilates the BeaST machine. The Guardian Alliance upstep to HaahTU'r Inner Domain Hubs. Budhara attack Tara/Alcyone and reverse the Staff.

2006 - The Stella Activation Cycle gates close early after a failed SAC, the beginning of the search for alternate gates. 2006 Jan - MUG 10: A 3-Day Evacuation notice in reaction to Bourgha/Red Dragon Alliance activation of the Earth Core Demon Seed. 2006 Feb - MUG 11: A 3-Day Evacuation warning Earth Core Tauren-rebirth in reaction to Thetans/Red Dragons activation of Threshold Complex via Demon-Seed reversal of Earth's Tauren. The mission had been upgraded from Templar Stewardship to Star Fire Evacuation. Following the announcement in January that the organic gates will be closing thus ending this Stellar Activation Cycle. Alternate gates will be coming on line. Since then there have been many gate sets engaged to try to keep ascension potential intact. The Guardian Alliance locate the Alon-7 Colorado site. 2006 Apr - A 9 year Expedition of TaKEYon Activation Cycle to override Thetan/Red Dragon activation of the Threshold Spiral. The Takeyon cycle is a Key Generation cycle. Aurora Fire crystal are part of natural takeyon cycles. When Aurora Fire crystals are activated, they allow for the natural gateways of energy between not only the full anatomy of the Etora side, but also the Adora side to open. The Alon-7 Colorado site secured. 2006 May - The Hibernation Zones go red, as HZ Beli-Mahatma, Saxony & Paracletes break the Melchizedek Cloister Emerald Order Amnesty Contracts. Shasta-Telos enter Red-Dragon Alliance and turn HZ grids over to Bourgha-Budhara. Telos is stated to be a former Lemuria underground city in Mount Shasta. It was said that Telos was a portal to Lemuria, they are said to inhabit

tunnels of dead volcanoes after their land was destroyed. Several documented cases of alleged encounters include the following. 1904: J.C. Brown, an explorer for a British mining company, reported that he discovered a cavern in the side of the mountain that held a giant skeleton with hieroglyphics on its walls. 1932: Edward Lanser sighted a clan of people garbed in white robes with a vast amount of gold that was living on Shasta's higher elevations. 1934: Abraham Mansfield said he met a tribe of Lemurians who had dug tunnels connecting Mount Shasta with the Bluff Creek region. 1972: A San Jose man sighted a reptilian hominid, others saw dwarfs, hairy humanoids and white robed giants. According to Hopi legend, Mount Shasta, an extinct volcano, is the home of the Lizard People. Do you still want to go to the Gateway of Hell, known as Mount Shasta? People like Wilcock, Goode, Moulton-Howe and Greer all telling you it was a place of enlightenment, it was harvesting and implanting all that went there. 2006 Jun - MUG 12: The Starfire-KRYSTHL River Host initiates, in reaction to Red Dragon/Thetan amplification of Eumbic Time Rip and the activation of the Threshold-7 Tower Network in Arizona, while Green Dragons push for the 777-Caduceus alignment. The Guardian Alliance upstep 6 to the M31 Andromeda Urtha-Sala Bhendi and the Aquafereion Adashi Councils. 2006 Sep-Dec - The Aquafereion Adashi Councils announce the appointment and initiation of the 3 Guardian Alliance - MCEO-Adashi Speaker Apprentices. They begin a period of life tests from the Adashi-Adept Councils, should they choose to accept their mission. 2006 Dec - The Guardian Alliance locate Shalon-7 site in Arizona. There are dates or events after 2006 listed are for reference only. Once the SAC failed and as a result of countless events and free will choices. This event horizon is increasingly unpredictable and no longer aligns with several dates or events reported in the contemporary teaching materials translated prior to 2006.

2007 - E'Asha is upgraded to translate the Al-HumBhra Crystal Disks. 2007 Jan - MUG 13: The Starfire KRYSTHL River Host early activation of Earth's Aquafereion Shield, The Shield of Aquafereion is a surrogate host shield for Earth Gyrodome and Spanner Gate 7 in Arizona. The 12 Tribes classes begin and initiate Rashallah Shield activation all in response to Red Dragon activation of Micca-Mecca-Eumbic Time Rip Complex via Solar Core Gates. The early activation of Earth's Aquafereion Shield, KRYSTHL River Host and Gyrodome successfully blocks the Red Dragon attempt to activate Metatronic Threshold 7 Central Tower in Tempe, Arizona, attempting to control the Aquari-Spanner-7 and Mesa, Scottsdale, Phoenix grid network. KRYSTHL River Prayer calls in and anchors the frequency spectra and Host Councils of the Tri-Matrix KRYSTHL River Host. Which activates and draws in the KRYSTHL Spiral frequency streams from the 3

Eckasha Matrices in the KRYSTHL River Host, Aquareion, WesaLA & M31-Andromeda/Aquinos. The Veca RA-sha-EL Hub Activation 1. The activation of the Shield of Aquafereion in the DNA of many individuals all over Earth in past, present, and future time, for those who carry Aquafereion NaVA-Ho Spanner Gate DNA coding. It generates Trans-Time, Trans-Harmonic planetary Scalar Standing Wave disc, that runs through the Aurora Continuum and the planes of Earth as a Host Shield filling in missing frequencies. Specifically, the collective beings who have this genetic profile, carry the full-spectrum Tri-Matrix DNA Codes of the AquafarE/Aquinos Guardian Aquari race from the Aquareion Matrix, from as far back as 450 billion years ago. Which is prior to the infection of this matrix by the assimilation virus, as well as the Aquari/Angelic Human Indigo hybrid race line from 13,400 - 10,500 BC. Progressive activation begins of the 12 Feathers of Aquafereion DNA upgrade orchestrated by Tri-Matrix KRYSTHL River Host, to return Seeding 2 NaVAho Spanner codes to the Seeding 3 Angelic Human DNA. 2007 Feb - MUG 14 The Arc of Aquari-Aquareion M31 Host anchors. The Tri-Matrix KRYSTHL River Host cooperative introduced as a KRYSTic Intervention Team Collective formed 450 billion years ago, of beings from the Aquareion, WesaLA and AdonA-EyanA Founders Races of our Eckasha. The Aqualene Transmission which is a blended, braided trans-harmonic Spectral frequency current, that creates a frequency bridge to downstep the frequency spectra of the Tri-Matrix KRYSTHL River Host. The Arc of Aquari, aqua colored current in the Aqualene Transmisison. 2007 Mar 25th - The murder of Sol. The Solar Core Gates and the Solar Prana Seed compact, which begins Solar Bhardoah death as a result of the Red Dragon activation of the Threshold Micca-Mecca Network Solar Gate Interface. MUG 15: Load out Evacuation begins, the Aquareion Hub-AnShaTAsa Passage and the Aqualene Sun Buffer activate due to the Red Dragon murder of Sol. A stand down order issued by KRYSTic Councils to the Bourgha & Bourgha-Budhara, regarding their warring and related activation of Threshold Micca-Mecca. A warning that the effects of the Aqualene Buffer would ricochet their attack currents, triggering rapid KaLE-DEma in their home Matrix. The Aquelene sun which is pale turquoise in color, is a frequency that has been progressively activated through activation of the Spanner gates sets, which allows the Kristiac frequency to come in and form a buffer field with the Aurora field. 2007 Apr - MUG 16: The Aurora Platforms initiate opening and Earth's Aquafereion Shield engages, Prana Exchange for the first time, as a reaction to the Bourgha-Budhara takeover of the Red Dragon and the resulting attempts to use the Spanner 7 to invade Urtha. The Prana Exchange is the natural breathing process by which the RashLAe body breathes in the inner currents into the outer domains, to keep that stream of consciousness and the stream of life force

energy alive, coming from Source. 2007-May - MUG 17A: A 4 Year Leap, the Spanner Gate-7, the Na-VA-HO Passage and the LA'HE de Luna Window open 4 years early, in reaction to Red Dragon attempt to capture Spanner-7 by activating Caduceus Gate 7. This MUG also included Gyrodome, Aqualene Sun Buffer Level 1 activation and the opening of Level-1 of the Aurora Slide Zone, and the Ascension Code upgrade to the Seeding 2 KRYSTHL-Heart Na-VA-HO Passage Gate codes. 2007 Jun - MUG 17B: The KAmu-NaVA-Hosa activation, the RashaLE Rings 1-15 open and Shalon-7 Colorado, the adjugate site is on St. Kitts, formerly known as Salvage Island. MUG 18: The Eye of God sacred passage opens in Aquafereion Shield, in response to the planned 7/7/7 Live Earth Caduceus Rod "Big Ankh" Activation by the Green Dragons, who were trying to beat the Red Dragons' activation. The Green Dragons petition for the Guardian Alliance assistance to help block the Red Dragons. The Hydrolase living water H2O2HE3 is introduced. Hydrolase is an eternally living substance or living water on Density 3. 2007 Jul - MUG 19: 12:12 Spanner/Arc Hub Cluster Gates, Sala-KaLE/Sala-Aira Chambers, LA'HE de Luna Grande and Sala Caduceus Sheath activation in reaction to DhaLA-LUma Path and DhaLA Ka-Rista Body. The Green Dragons went to war with the Red Dragons and took over the big Ankh of the Caduceus network, through live Earth concerts in 7 locations on 7 continents on July 7th 2007, attempting to create a 3 day 180 pole shift. Red Dragons the red army? he ponders. The DhaLA-LUma path is ascension and a full turn around of the Adashi Master path. The DhaLA Ka-Rista Body is the full Krystar body or the manifest body of the Kryst, which is 100% spirit form. A being fully transcendent Krysted existence. 2007 Aug - 2008 Jan - Stage 1 of Starfire, KaLE Hara. 2007 Aug - MUG 20: Hosted the Solar Symbiosis Initiation, Earth's HaRA-KRYSTa Chamber, Urtha's LA'HE de Sala Grand Window open allowing for a September 2007 kick-start of Hosted Solar Symbiosis for the Salvage-Resurrection. A Solar symbiosis allows you to convert some of the radiation from sunlight into usable Joule energy. Solar symbiosis is where the process of hydrolase is made. It allows for the chemical changes in the body that allow for the atomic structure, the cellular structure to transmute, turn to light and the re-manifest itself elsewhere.

Cosmic Evolutionary Cycle, 3-part KaLE-Hara turnaround at the end of the KaLA Eyugha End Cycle, I think that is the Kali Yuga, KaLE-KRYSTa Cycle, KaLA-KRYSTar Cycle, Starfire Stage-2 KaLA-KRYSTSa-Bharda all introduced. The anchoring the Sala-KaLE-KRYSTa wave and the opening the Chambers of KaLE. The DhaLA-LUma activation. The Sala-Sira Chambers open. MUG 21: An 8 year Leap 1st Resurrection, the DhaLA-KaLAea Chamber Opens. The HaRA KRYSTa Chamber

(Vertical), KaLE Hara Chamber (Horizontal) and the DhaLA-KaLAah Chamber (front-back) are introduced. Raising the Eiradonis resurrection technique, the RashaLAe Rings 13-15 are open. 2007 Sep - MUG 22: Solar Symbiosis manual kick start and the Planetary Hall of Records/Shala-13 open. The Path of the ring of fire, the Path of Mercy, the stepback path or the path of Dha-Le-luma. The ring of fire refers to the Shala 13 Gates at the core of each stellar body where there is an opening of the Eiron Point, that occurs right when the Bhardoah ends, and Nova begins in the Sun. Jesheua 12 physical return to Earth announced. The 1st Hydrolase conversion in Earth's Aquafereion Shield. The Aurora 3 Ocean City Slide Gates Open. The Aurora 2 Cloud Cities Slide Gates Open. The Aurora 1 Subterranean Cities Slide Gates Open. A 40-year time leap. The re-opening of the Earth's organic Akashic Record/Planetary Adora Hall of Records. The Akashic is a natural memory record on the Adora side, that holds the Divine Blueprint for our Adora side. The Ecoushic is a natural memory record on the Etora side, and holds the core memory imprint on the Adora side. The opening the Personal Hall of Records. 2007 Sept 21-25 - The Planetary Hall of Records Akashic opens. Many people think the Hall of Records is a room filled with ancient books or records, that is located in the Sphinx. It is not a room, it is an electro-magnetic phenomenon of digital information download from the higher dimensional fields, that opens to release the data download into the electro-magnetic fields of earth. Once opened, humans with sufficient Silicate Matrix DNA activation, can transduce the data through their bio-energetic fields for conscious translation. The access point for releasing the electro-magnetic seals, the seals work like a computer pass word is under the Sphinx, and is easily accessed via projection from the King's Chamber in the Great Pyramid. The ancients knew all of this, and used it well. 2007 Oct - MUG 23: The Galactic Host Aquinous AquAelle Codes and the clearing of the Caduceus-BeaST-666 Seal. The Codes of AquAelle these are referred to as the Jesheua codes that bring into activation of the 12 Galactic Jha-ia Suns or the 12 Universal Star Gates with the Aquinos Universe, the M31 Galaxy. The merging of those two then hosts us in the AquAelle Aquino Ascension-Host Universe. 2007 Nov - MUG 24: The Universal Reishiac Record and the blocking of the Caduceus-BeaST-666-Grid triangulation. 2007 Dec - MUG 25: The Galactic Arcturian Bypass Bridge of Sol and the Ring of Fire Core. The Aquafereion Host Shield enters Starfire Stage 1 KaLE Hara Cycle. The Aquareion Matrix amplifies Shalon-7. A DNA Template upgrade for 1/3 of the Earth Angelic Humans from 12 strand to 24 strand Indigo 2 capacity. A DNA Template upgrade for 1/3 of the Earth Indigo 2 from 24 to 48 strand Indigo1/Urtha ascension capacity. GLOW

MUG 28: Earth Changes red alert Omega Code and the early opening of the Adjugate 13 Kitts Core Gate. The Omega Kill Code released in the grids by the White Dragons. The Omega Kill Code is an electromagnetic code that is like an electromagnetic virus, that was meant initially to take out the Aquari-Indigo Shield on Earth to stop them activating the Host, and to wake up their fallen Angelic sites, so that everything would go at once. This would cause terrible Earth changes and to roll the hibernation zones into Earth within 7-10 days. It was meant to split the Rod, and that will literally crack the tectonic, not tectonic plates and send us into a catastrophic wipe out very quickly. Rods? tectonic plates? and the Omega system? which incidentally re-appeared 3 loops later to the month, now where have we heard that before? The early activation of the Shield of Solomon. 2008 Feb - MUG 29: The Dhani Awakening 1 the Star of Solomon, the White Dragon official Disclosure invasion. The Dhani awakening is about waking up the center of the core of the shield, for those beings the carry the codes of the AdorA 10, which would allow them to activate the Star of Solomon and the Shield of Solomon. The Dhani Ring is at the center of the Aquafereion Shield, that when activated allows portions of the Earth to pick up the Base Pulse Rhythm enough to catch the Host. The Host is almost like a half way house. The early opening of the NET Earth's Bhardoah Chamber, the Gha-fa Line and the Eiradhani Breathing Tube. The Median Earth's Rod of Paladia merges into the NET Earth fontanel. Initiating the opening of the Median Earth Ascension/Bhardoah Chamber and initiating closing of the Caduceus Earth Bhardoah Chamber. 2008 Mar - MUG 30: The Green Hibernation Zone Evacuations, the Atlantean Hibernation Zone Gates close. The Bourgha-BudhAea White Dragons link their Alpha-Omega control base in Cuba, with the Drakonian Spear of Destiny in Haiti which results in the Haiti earthquakes. I wonder whether that control base in Cuba is in Guantanamo? shattering the alt media delusionals that, that is being used for the light. Or it could be in the underwater base on the SW of Cuba. Who were the first into Haiti after that event?

DREAM ON

TECHNOLOGY SECTION: The APIN grid networks were designed in the shapes of creatures, for instance, animals, birds, so that when viewed by ET's from space using photo-radionic equipment, they can be seen and immediately identified. In some cases,

these shapes are representative of the creators. This plan of the ETs, of having a creature extension of themselves on Earth, gives them an awareness connection line to this planet. This is a feature of mind and consciousness which the average person is unfamiliar with. The first APINs were created 5.5 million years ago by advanced Guardian Founder races. The Leonine race created the Great White Lion, and the Avian race created its companion the Golden Eagle. To give support to Earth to prevent an evolutionary descent that, left unattended, was a certainty. These benevolent APIN's interface with and reinforce by resonance, the original blueprints underlying all creation. By supporting the Earth's inner morphogenetic structure, and its blueprint DNA and codes, these grids correspondingly support the DNA and consciousness of all life on the planet. In particular, aiding the civilization and planet through the ascension cycles. The APIN components are generally linked up using a crystalline-based technology, like embedding computer microchips into the Earth into a selected format. The Guardians have used them for free-energy systems, climate stabilization, healing, interstellar communications and broadcasting networks. The philanthropic networks are: the Great White Lion, the Four Faces of Man, the Blue Oxen and the Golden Eagle. However, the latter two were hijacked by the invader ET's and the Golden Eagle was renamed by them, the White Eagle. And so the American bald eagle is a symbol of the ET invaders, not for us. Oops I guess I just ruined that as well. The systems controlled by the invader ET's are: the Phoenix, Falcon, Serpent, Dragon, Dove, NET, NDC-grid, and then the White Eagle and Blue Oxen. All these systems are energized during the ascension, the Stella activation cycles every planetary time cycle of 26,556 years. That is, when the mechanics of the ascension process are functioning properly, which hasn't been the case for eight previous time cycles. Some of these global grids, such as the NDC, are activated by artificially applied scalar sonic pulses.

The Great White Lion and the Golden Eagle were created by the pure races and Guardian Founders, the Lion APIN by the Elohei Leonine Christos races, and the Eagle APIN by the Seraphei Avian races. The Elohim and Seraphim are slightly digressed from the Elohei and Seraphei, these two branches form the main lineages. Some of the Elohim then further degenerated into the Anu-Elohim, who created the invader Anunnaki to stop human guardians, the human race is not a product of this line but more directly from the Elohei. The Seraphei digressed to the Seraphim, this lineage is the Anunnaki origin, the bird people and the reptilian species. Thus, the Lion APIN is in the image of the Leonine race. The Sphinx, which originally had a lion's head, was built as a tribute to the Leonine Founders, the resistance Anunnaki defiled and altered it. The heart of the Lion APIN is located at the 12-dimensional energy centre, the node, stargate portal is in France. It

stabilizes the 12 primary vertical axial lines. The Golden Eagle is anchored on the D8 stargate which is the control centre. It stabilizes the 12 primary horizontal ley lines. The Lion is the Guardian of the North and South, and the Eagle the Guardian of the East and West.

In 75,000 BC the Dragon APIN was created by the Drakonian groups. Its head extends into far Eastern Siberia, China and Japan, and its body reaches into South America. It runs on reverse D10 current and forms a connection between Earth and descended planets in the Phantom Matrix. Rebel Drakonian's aim to defeat both the Guardians and the UIR in the 2000-2017 final battle.

The Serpent APIN was also created during this period by the Pleiadian-Nibiruian Anunnaki. This APIN runs on D 4-5-11 reverse current and connects to Phantom Nibiru and other planets via the Phoenix wormhole in the Bermuda Triangle. It uses spike-site implant technology and links with the Nibiru Diodic Crystal and Giza. Recent activation of that technology began around the 1700s. This got me pondering and as above so below it seems, as the Lion and Eagle runs North and South, East and West symbolizing our Matrix and Solar system I explained as 6-12 and 3 to 9 on the clock. The Dragon system runs 11-5 going from Siberia to S. America. The Serpent system goes 1 to 8 or 9. All of which coincides with the Galactic Matrix systems.

The Nibiru Diodic Crystal grid was set up in 25,500 BC, by the Pleiadian-Nibiruian Andromie-Anunnaki. The Crystal was inserted deep in the Earth's crust under where Stonehenge was later built, to counteract the NDC energies. Such crystals are as tall as many stories of a building. The NDC is activated from Battlestar Wormwood, which acts as a relay station for scalar sonic beams from the planet Nibiru. Also, the 24 Nibiru Crystal Temples within Earth can be used to keep it running. The energies spiral up from the Crystal to the Earth's surface, then expand out through 16 arms which carry programmes for creating and perpetuating the massive DNA mutation, in the so-called junk DNA present in all life on this planet. As this wheel of spokes spins, primarily achieved by reversing the planets Merkaba, with double spiral oscillation and altering its spin rates. This mechanism reverses codes in the Earth's grids. Stonehenge when in operation had a special geometry to block the Crystal energies. These crystals were implanted from Nibiru to mutate the DNA and keep it locked in a lower frequency band of consciousness. It also it misdirects energy to siphon and steal energy from the living planetary bodies. The Nibiruians keep their planetary Templar and Star Gates functional,

by drawing energy from other Living planetary bodies via unnatural External Merkaba Field linking. Which are Merkaba structures that are external to or not naturally a part of the intrinsic D-12 Christos Divine Blueprint for our Time Matrix. Now you understand why I questioned Merkabas in part 3. I believe it has to be 12+1, as I found out this week there is the possibility the 12 Maji Grail lines were not the full quota either, and that had 12 + 1 as well.

This NDC-grid is part of the larger Canadian so-called Michael-Mary Turnstile Matrix, in which several smaller wheels operate in North America. This control system now includes the White Eagle APIN and is used to broadcast subliminal mind-control scalar programmes, which is HAARP. The NDC photo-sonic pulses block and reverse the polarity in some of the Earth's axial vertical and Ley line horizontal grids, creating a checkerboard of alternate active and dormant frequencies and named the Checkerboard Matrix. This has created a huge so-called checkerboard mutation in all life on Earth in much of the junk DNA. The NDC-grid can be used for a pole shift which was the intention, that was disconnected in 2002 from Wormwood by ET meditation techniques, applied at certain specific sites by Indigo humans working with the Guardian ET's. The Anunnaki then utilized the 24 Crystal Temples again, but the Indigo team deactivated the Crystal Temples one by one. The NDC could still be effective by running off the additional NDC on parallel Earth, even planets have a separate polarity as with particles and antiparticles. The UIR attempted to activate all of the Canadian Michael-Mary Turnstile Matrix and use it to re-link the Stonehenge NDC-grid to Wormwood, to give sufficient power to blend the Falcon and Phoenix wormholes and put all their APIN's on line. The powerful scalar sonic pulses used in this attempt, created sufficient disturbance in the Earth to manifest the unprecedented Hurricane Andrew. The techniques/drills are referred to as Round Tables, and that King Arthur and his Indigo team were continuing this same mission, the Christos Realignment Mission of attempting to disconnect Wormwood, from where Jesheua 12 left off. The techniques apply a 12-code pulse which corrects the reversals and misalignment making the NDC-grid ineffective.

The NET, the Nibiru Electrostatic Transduction field, was anchored into Earth using the NDC and Nibiru Crystal Temple Network, during the Luciferian Rebellion in 25,500 BC. By impinging scalar sonic pulses at the Earth's inner grid system, an interference pattern or electrostatic force-field was created enshrouding the Earth. This NET has the effect of buffering or stopping incoming and outgoing signals, in particular to the higher dimensions, creating a kind of quarantine. It blankets the civilization, isolating it from its

natural connections to its inner consciousness and spiritual levels, and this field system interfaces naturally with man's existence and constitutes a holographic insert. Surveillance of the Illuminati is also blocked due to the cloaking effect, because it causes false readings. This 4th dimensional NET is said to be an astral mess. Holographic insert and astral mess, aligns with what I revealed last year, that the astral realm was a holograph. It is almost like a copy of here, but has noticeable distortions to detect where you are. It was fortified in 9558 BC and has since been progressively blocking all natural communications to and from Earth. Preparations have been made by the Anunnaki to lower the NET from D4 to D3, which will then form a frequency fence, and present easy control over the population during the ascension cycle of 2000-2017. To my understanding that netting was removed over several years leading up to 2017, in observation mode it looked like a white woven mesh over the planet.

During the Luciferian Rebellion, 25,500 BC, the Jehovian Anunnaki created the Dove and Olive Branch APIN and installed the Serpent. They also hijacked the Golden Eagle, and reset it to run on reversed current in opposition to the organic blueprint and connected it to the NDC-grid, and then renamed it the White Eagle. The Golden Eagle was meant to symbolize a free America, instead the bald Eagle became the corrupted mascot. Continuous raids are carried out by the numerous competing alien groups to take over the APINs of the Founders, using scalar sonic pulses to block and reverse the natural energy currents, and to expand their own systems. These APIN's can also cause serious Earth disruptions. The Dove APIN runs off parallel Earth and operates on a D 7-9-11 reverse current, creating a reverse spin to the planet. It can send subsonic pulses to precise targets and be used as a weapon, as can the Falcon and Phoenix. The Dove also has, seven Jehovian seals which are huge pylon selenite rods, seeded into the Earth's grids at selected points down the East coast of America, corresponding to seven of the twelve stargate seals. These Jehovian seals are referred to as hyper-dimensional cones, which are standing wave conical scalar wave clusters, manifesting in the rods. The Dove uses trumpet pulse technology and connects Earth via the HD-C links to the Phantom Matrix. This was not fully operational until the creation of the Phoenix wormhole in 10,500 BC. The effects of these pylons is to create cracks in the time wall between Earth and Phantom, producing seven siphoning channels, and can be used as ultra low-frequency transmitters. This can transmit whole objects or people, etc. through a hyper-dimensional field to the Phantom matrix.

The APINs and their characteristics uncover some of the deceptive conceptual and verbal coding in the Bible, in particular, Revelations. For example, the intent of the invader ET's was to destroy the 12D Earth portal, the heart of the White Lion, and thus tame the Lion, and hence: The Lion lies down with the lamb, the heart being likened to the lamb. Interesting they liken those with a heart as sheep, something these dark forces are incapable of, having a heart. The White Lion when operating fully is so pure and golden, and is transmitting from the 12D Lyra Stargate. The Golden Eagle was taken over and named the White Eagle and combined with the Dove APIN, and we have: The Eagle flies with the Dove. The four horsemen of the Apocalypse refers to the technological subterfuge, of reversing the currents from seven of these Earth stargate portals or energy centers, during the Stella Activation Cycles 2000-2017 by means of the Jehovian seals. Angels, trumpets and the Beast are advanced technologies. The seven angels of the seven churches refer to the seven Jehovian seals, and the pylons as the seven candlesticks which are the seven churches. Perhaps that is why the religious ceremonies all include lighting the candles, the major one being the Menorah. Angel is the code name for the advanced technology of the hyper-dimensional cones seeded in the Earth's grid. These writings are clearly the machinations of the fallen ET's. The Phantom Matrix is a slow-acting black hole system referred to in the Bible as the bottomless pit, Hell and Hades.

The Four Faces of Man Lemuria Pylon Implant Network has been referred to as, the Guardians of the four corners and Angels of the four directions. Its four heads are anchored in by sound pillars, in recognition of the Founder's creation of the Four Faces of Man, the Easter Island heads were built by ancient Indigo Maji descendants. This LPIN, created between 22,500 BC and 22,326 BC, was designed to restore the 12D blueprint of Earth and prevent fall of Earth into the Phantom Matrix. At the last planetary time cycle, intruder Anunnaki raided Earth and prevented this LPIN from activating during the ascension cycle. Thus, it was rescheduled for 2012, it began its first activation cycle in 2001 and the final 12th cycle in 2003, bringing the Great White Lion and Golden Eagle on line. The Four Faces of Man is designed utilizing such high frequencies that the fallen ET's can't handle those energies. Perhaps we can increase the frequency and get rid of the hide and seek people, once and for all. The global picture presented here, though of considerable magnitude, only encompasses our planetary locality. For example, the Founder's Four Faces of Man LPIN is in three sets of the four faces. One full set is an extension of the Earth LPIN connecting higher aspects of Earth, on the planets Tara and Gaia. The second set is another Four Faces of Man LPIN on parallel Earth, parallel Tara, parallel Gaia, and the third set on Inner Earth and connecting to its higher planets Inner

Tara and Gaia. Hence the statement the Guardians of the 12 pillars, three sets of four faces and sound pillars. The Four Faces of Man is the most extensive in space time, but some of the others have connections to parallel Earth.

The Blue Oxen called the Sacred Cow was installed in 22,500 BC covering the whole of India, which was a specialized interplanetary network and runs on a D12 current. The specialized feature allows Earth to connect to a different time matrix, and this process is called the Trans-Harmonic Time Cycle to enable Earth to enter a different time continuum, preventing it from being drawn into the Phantom Matrix. In 22,236 BC it was expanded but in 10,500 BC it was taken over. Since then The Blue Oxen has been reclaimed and restored to Kristiac outcome, then activated by the return of the Amethyst Order, and the corrected 5D-6D-7D fire letter sequences that they have brought with them. It has been revealed that the Sirian Blue humans and the Amethyst Order, joined together to build this planetary network to run base 12 current, to protect the Michael-Mary heart twinning into sacred union, and help protect the Asia-India grids from being overtaken by the Dragon Moth Grid.

The Phoenix wormhole was created in 10,500 BC in the time wall by the Pleiadian-Niburian Anunnaki. It was anchored into Earth, with the White Eagle, the NDC-grid, and the NET, through stargate 4 at Giza, Egypt, and links to the phantom Nibiru in the Phantom Matrix. This would cause fallen portions of Earth to form an inhabitable moon around planet phantom Nibiru. The Phoenix APIN runs East on a line through Giza and Iran, the heart is stargate 4 in Abadan, Iran. The Drakonian's and Zeta Rigelian's then copied the Phoenix with their Falcon wormhole, intending to take over the Phoenix as the full Falcon APIN was installed. The Philadelphia Experiment of 1943 expanded this wormhole port interface system, which runs on reverse D10 current and connects Earth to Phantom Earth. The UIR aims to use it to take over the Dragon APIN during 2000-2017. The Dove APIN was linked to the White Eagle and connected to the Phoenix. In 1951, the Jehovian-Anunnaki Dove collective made a deal with the Andromie Anunnaki to combine the Dove and White Eagle, to open the Phoenix wormhole and take over the Falcon wormhole, but they failed. However, in 1972 it was achieved by the Pleiadian-Nibiruian Anunnaki group that controlled Phoenix and the Serpent. Since the year 2000 the combined forces of the Falcon, Phoenix, Serpent, Dragon, including the Dove and the Eagle, formed the UIR the United Invader Resistance.

The Philadelphia Experiment of 1943 the Zeta Rigelians created holes in the NET, providing them with a gateway into our space to bring in their ships. The Dracos-Zeta alliance was formed when Zeta groups came under the control of the Draco's. They covertly influenced humans in 1983 at Montauk to do another experiment in addition to the 1943 experiment, to create another rip in space time to bring in their ships and recreate their frequency fence for their mutation agenda. Remember in the movie soldiers came back in 1983? now you know why, the biblical 40 years again.

The Guardians continue to attempt removal of the NET but with only partial success, ET factions have united to be more effective against the Guardians. Through treaties, the Anunnaki have permitted the Guardians minor use of limited frequency bands of the NET for communication purposes. The NET has enabled ET's to control science's progress, by subliminal inspiration communicated to appropriate Illuminati members to provide suitable technologies for the ET's agenda. Thus many electrical inventions have been inspired to enable the lowering of the NET into 3D, to interface with our electrical technology including the wiring cages in homes. One ponders whether the Israeli smart meters are part of that system? The Zeta-Rigelian and Niburuian Anunnaki collaborated in preparation for lowering the NET to form the frequency fence in 3D. In 1998 the NET was interfaced with the Montauk facility. In 2014 it was found running plasma technology up to 8D, in late 2014 it the Montauk facility was outer faced and ended. THIS IS THE HUNT

ABOUT US: The FA Ratio is the Jha-fa ratio which corresponds to the Jha-FA void where creation comes into materialization. The Ascension or the Awakening is 3D Conscious recognition, which is the 3D Integration of Super Consciousness Dimensions 4-5-6 with HU-1 of Dimensions 1-2-3. HU-1 is Earth humans. Dimension 1 is 3D Sub Conscious and 3D data storage. Dimension 2 is 3D Instinct and 3D data relay, the realm of the bio-human bots. Dimension 3 is 3D Reasoning and 3D data assimilation, translation and manifestation. Dimensions 4-5-6 is 3D Super Consciousness, and 3D Creative Intelligence behind the experience templates and the manifestation of identities in HU-1 of Dimensions 1-2-3. Harmonic Universe-1 HU-1 identities have free will, and can override impulses or signals sent to it by HU-2 Super Consciousness, which are for the HU-1 identity's greatest fulfillment. These are messages sent to your brain, often it can be disaster events, and it is up to the individual to accept or deny it. Not stating I do not consent, implies you are consenting to the action or events presented. The Eiradonis is the embodied Spirit, as long as it is with the body you have a full living spirit. The

HaRa Krysta chamber is a vertical chamber it connects to the core flows of the spirit body. The Core Lava currents, the first 7 core currents that come out into manifestation from the spirit body. The ELum Eradhona body is the Cosmic spirit body. The Rasha body is a dark matter body that exists between the Spirit body and the Light body. Its structure connects the Etor and Adora sides, through the core Allurean Chambers. Allurea is the first eye of god, which is the eye of Etor and Edora. The tunnel of love is the lava of Allurea. With the Rasha body you can glide, which is similar to bi-location, gliding involves you only projecting your consciousness and not the physical atomic structure. Luma Eterna or the Krystar entity is the manifest body of Source. A Rishi is a term for an accomplished and enlightened person, like the volhkvs. It is said to derive from the word Rish meaning to see, so rishi means I see, a seer.

This will explain the 5 Matrices and it's purpose, and the functions of each grouping. The Mind/Entity Matrix is structured into 15-Dimensions which are grouped into 5-Harmonic Universes, with 3 Dimensions per Universe. The Harmonic Universe Matrix contains within each matrix three distinct traits connected within that particular subset. 1. The Dimension numbers 2.The type of Mind for the respective Dimensions. 3. The Mind Representation

1. The Incarnate Matrix Tauren D1-D2-D3 Subconscious-Instinct-Reasoning Individual Mind or Personal Logos.
2. The Soul Matrix Dora D4-D5-D6 The Astral-Archetypal-Celestial Mind The Race Mind a Super-Consciousness and a Collective Logos.
3. Oversoul Matrix Teura D7-D8-D9 The Ketheric-Monodic-Keriatric mind A Planetary Mind and Logos. So essentially the Dora Teura plates known as CDT, where teaching of 4-9D.
4. The Dolar Matrix Avatar D10-D11-D12 Christiatic-Buddhiatic-Nirvanic Mind A Galactic Mind and a Solar Logos.
5. The Reshi Matrix Solar D13-D14-D15 Pariticum-Paritiki-Paritika Mind The Universal Mind and Logos. Dimensions-16 and above are free from Space-Time, and are known as One Mind-Creative Core or Cosmic Mind/Logos. It is also known as Geomancy

Yunasai Matrix. Outside of space time we have covered last year, achievable when certain types of travel are accomplished.

The Phantom Matrix is a lower formation of the lower frequencies and fragmentation of our 12D time matrix, manifesting as a separate entity. All brought about by repeated abuse from advanced scalar-pulse technologies 250 billion years ago, and resulting in an 11D black-hole system. The Guardians immediately secured the separation by means of the time wall, to keep out the invader ET's and prevent further fall of our matrix.

The CDT plates are presented to the races of our 15 dimensional Time Matrix, by the Density-5 of Dimensions 13-15, by the Elohei-Elohim-Emerald Order, Serapei-Seraphin-Gold Order and Braha-Rama-Amethyst Order. The 3 primary Founders Races in our Time Matrix.

ABOUT EARTH: The mention earlier of a potential future cataclysmic event is related to this next piece. There is a 4D Earth parallel to our 3D Earth, where the interior govt has done a deal with the Draco's etc. The frequency fence and other rogue technologies has already been established there. Basically, the humans there have all become programmed zombies, the approximate future year for this event in 3D year is 2976AD. A major project to correct this is, to disconnect this current 3D Earth co-ordinates from the 4D Earth time-matrix and then shift it. As the 4D Earth when it blows up will cause major problems in our sector of the universe, and will stop 4D Earth from accessing 3D Earth. The reasoning behind it is, because that 4D Earth are planning to use the time-portals, to dispose or dump off their nuclear waste into our 3D Earth. What would happen here is, our nuclear reactors will melt-down, overload and cause a chain-reaction. Our scientists won't understand as to what is going on, as the amount of waste coming out of our reactors, won't add up to the amount of power-output or source materials. Chernobyl anyone? Fukishima? both were cleaned up by light forces soon after the events. Zero gravity is where manifestation thrusts outwards and the Spirit pulls backwards, then Zero G-Force is reached. Kind of explains the big bang in an overview way. Zero G-Force is a still point state that allows transcendent experiences to initiate, hence the floating in space experience.

THE ZETA AND INTERIOR GOVERNMENT: The Zeta and the Interior Government have programmed the masses into fear and disbelief, keep everyone in the dark and disempower the people. Keep humans ignorant, too busy or complicated to

disempower them, and not allow humans to work it out, awakening from their comatose slumber, that makes things and humans easier to control and manipulate. Our biggest threat is manipulation and exploitation by forces, the majority don't even know exist. They deny the people the knowledge that would better direct their own lives, health and economic standing or protection. But, we at THI have gone some way to correcting those denials of knowledge, and also the ways of self improvement and empowerment. Not elevating each other means you are helping the dark forces. The Zeta's have a problem which they are trying to work out, and humans are one of their main resources, commodities and solutions to their dire circumstance. The Zeta have successfully interbred with human females, and are cultivating these hybrids to engage Earth in 400-500 years in our future. Which ties into the time of the Anti Matter reverse cycle. Subconscious symbol codes are contained within the human DNA, and these can be manipulated and or used for implant of sensual deception. Impulse DNA codes can be manipulated and 3D realities over-laid. I guess the Covid jabs makes more sense now, reality overlays via frequencies again. It will only work mainly on the bots, who are the main component of this system of control. People don't like me saying that, but I am sorry it is the truth. You cannot have less than 1% of beings running the other 99+% without complicity by the majority. You can have that system under armed guard or invasion, but most of us are not under that threat or situation. Which then leaves the masses complying to administer their control of us all. If you wish to hear the truth, that is it, the non thinking, comply to everything people are the problem on this planet. The interior govt is using the Zeta for it's own need or greed, and they are withholding technology and medicine from them. On the other hand, currently on Zeta, they have access to the Time-portals and they are withholding it from the interior govt, who are trying to get their hands on it. One main project being co-implemented is a frequency fence to control mental and emotional forces. Which was covered in both The Matrix and Stargate 1 series, like the medias giant green screen, also shown in the Matrix series. The Renegade Zeta wish to sever us from our connection to the Soul Matrix source, and replace it with a false matrix, and the Frequency Fence is part of this. If that unfolds is, memories will get replaced by false memories. But, sometimes subjects have a recollection of covered up memories as these bleed through, usually those that have undergone those frequencies are regarded as mentally unstable or schizophrenic. Which confirms what I have said in the shows that, mental patients are actually host possessed, either by beings or technology. When a planet/system gets blown out of the grid of it's soul matrix, the system falls into digressing a finite supply of energy and evolutionary' paths.

The Stella Activation Cycle or the Ascension wave cycle. The Earth Tara grid to merge with ours in 3-4 generations after the year 2012. The 1st wave ascension is 2012-2072. The 2nd wave is scheduled for 4230AD. Humans who can assemble their 4th DNA strand can ascend in the 1st wave providing your chakras are intact. The chakras are linked to the Gate you will travel through to the higher dimensions, if not, you will be stuck in the re-incarnation cycle, until the 2nd wave scheduled in 4230AD. The 7th Root Race and the 7th Cloister Race will emerge after the Taran and Earth grids merge, this is known as the 5th world by the Native American's. At present the 6th root race is just beginning the 3rd wave. The 7th race cycle will assemble the DNA strand 6. The 7th Root race do not die, nor do they physically breed and can travel time. Many of the ET visitors are 7th race relatives from the Tara future timeline. MOVE ON

There are two types of Hybrids. 1. The Whites which are close to human biology. 2. The Blues and Browns which are dwarfs, they have no real intelligence and are just workers or guard soldiers usually found in proximity to the White Hybrids. The Borendt are known as the Hybrid whites, through fetal transplants. They will in the future serve as the teachers or the helpers, they have the ability to link minds. They can be trusted as you will not find them working with the un-enlightened Zeta.

Here is a list of Hybrid Races: The Zeta-Reticuli: Insectoid, Short Greys, several other types of insectoid forms, originally from the planet Apaxein-Lau, now on Phantom Earth and various other systems. Though technologically and intellectually astute, the Zeta-Reticuli generally do not possess the spiritual development necessary to forge strong bonds of brotherhood with other life forms. Like humans, the Zeta also are evolving. The Zeta-Reticuli are indeed real, and physical in terms of biological form. They are not from our planetary system, but they have a working knowledge of the Time Portal System in our 3rd-dimension. It is the Zeta-Reticuli and affiliated groups, such as the reptilian Draco's, that have been in contact with our government, and are responsible for the UFO/alien abduction phenomena.

The Rutilia an insectoid-reptilian, a Zeta-Dracos hybrid, the primary go-betweens in Zeta-Futzhi/human relations. They served as infiltrates within the Interior Government, and continued to secretly motivate humans to continue helping them fulfill their old agenda. Rutilia are those beings referred to by the government as EBE's - Extraterrestrial Biological Entities. They closely resemble the Greys, but usually have a lighter gray to

gray-white complexion, and more pronounced ridging at the rear of the skull. The crash site just three miles from here as the crow flies, deposited EBE's. I would presume that was them.

The Zeta-Rigelian, an Insectoid-reptilian, or the Tall Greys, an aggressive Omicron-hybrid from planet Rigel in Orion. They are members of Drakonian-Orion Confederation administration that enslaved the Zeta-Reticuli. In 1983 there was the Rigelian-Andromie Alliance. They work with the Drakonian Necromiton-Andromies, some Omicron-Drakonian/Odedicron-Reptilian factions, the Big Brother Drac World Management Team Illuminati. They joined the United Intruder Resistance 2000 AD with the Necromiton-Andromies.

The Azazel the blue-human-reptile, a Omicron-Zephelium hybrid from Bellatrix.

The Thoth-Enki-Zephelium: A Zeta-Reticuli-Amealian-Anunnaki hybrid, from the Nibiruian Anunnaki collective of Nibiru and Sirius A. The once trusted Anu-Seraphim Anunnaki members of the Emerald Covenant since 246,000BC. They defected from the Emerald Covenant in 22,340 BC, to join the Lucifer Rebellion Anu-Seraphim Anunnaki and the world dominion agenda. Most of the humans who have fallen into using or teaching the Nibiruian Reverse-Merkaba, have been covertly set up by the Thoth-Enki-Zephelium or the Alpha-Omega Templar Melchizedek Anunnaki races to propagate this Base-11-Reverse Merkaba perversion. Most, but not all, human teachers of Merkaba do not realize that they have been deceived in this way, and are not intentionally bringing harm to their students, the teachers themselves are being victimized and deceived by Fallen Angelic contacts. As I mentioned in Part 3, we cannot trust Merkabas, they are a closed system technology and too few of us know their real origin or purpose. They are the Race host of the Density-2 Nibiruian Lulitan Lucifer family line. Where part of the Egyptian Invasion in 8,400 BC with their Bruah-Atlantis Annu-Melchizedeks, they raided Egypt from Sumeria, overthrowing Serres-Egyptian Pre-dynastic Grail King lines as the Osirus King line.

The Kurrendara, a hominid Orange Zeta, Dracos-Anunnaki-Zeta Rigelian hybrid, on planet Nibiru.

The Adalphi, a hominid Blue Zeta, Andromie-Necromiton-Zeta-Rigelian hybrid, on planet Alpheratz, Andromeda.

False creeds and the distortions and texts. The Zeta-Rigelian Agendas: MJ-12, The Nazi Zeta Treaties, The Thule Society, Allister Crowley and Zeta-Talk. ZetaTalk was an apocalyptic alien-contactee cult started in the mid-1990s by Nancy Lieder. Lieder claims she is a contactee, and received messages from the Zeta Reticuli system through an implant in her brain. She states that an object would impact Solar System in May 2003, causing Earth to undergo a physical pole shift that would destroy most of humanity. Similar disaster scenarios involved Planet X, Comets and 2012 would bring an end to us all, it didn't. Other elements of the Zeta Rigelian agendas include something more familiar to this series, The Black Sun cult. The Golden Dawn, is another of their cults. The Enochian Watchtowers metaphysical cults, remember the book called The Watchtower? Connected to the Freemasons, OTO and other Lodges. Watchtowers are very important to the very highest Freemasons. The highest secret knowledge of many Masonic rites including such rites as the Scottish Rite, the Rite of Memphis, the Rite of Mizraim, etc. is concentrated in a high level group of Illuminati. One group of the Illuminati is the O.T.O, meaning Ordo Templi Orientis The Order of Oriental Templars. Its members also have been referred to as the Great White Brotherhood or Atlantean Adepts, and have worked with the Bnai Brith. They are not the Great White Brotherhood, who are connected to the URS and Rus. There are four separate groups of OTO lodges, each contains hard core occultists. The OTO Illuminati teach their select group of initiates Hermetic Science occult knowledge, magick called Holy Magick of Light, Mysticism, and Yoga of all forms. Other shenanigans the Zetas are responsible for is Pagan teaching distortions, The Philadelphia Experiment and The Montauk Project, Montauk Boys.

Illuminati Royal Blood Lines: Atlantian | Zeta-Reticuli Agenda: Ezeural, the Beli-Kadmon and the Atalan King line which is the Thoth-Enki-Zephelium-Anunnaki Nibiruian. Contemporary | Zeta-Reticuli Agenda: The Larsa King lines The Sumerian/Osirus King The Egyptian King lines the Nibiruian Anunnaki-hybrid. Atlantian | Zeta-Rigelian Agenda: Dragon King (Germanic) and the Human Tribe Infiltration group. Both of those groups have small ancestral lines in most human 12-Tribes, and contemporary abduction hybrids and clones of body-snatched human bodies.

Dragon Moth or Omicron Draconian's are one of the factions behind the Orion Group, one of the intruder groups of the Negative Alien Agenda. Dragon Moth sources from mainly around Alnitak around the Orion's belt areas. Dragon Moth entities are extremely

vicious and violent, and are behind most of the militant and terrorist activities in the areas of the planet that correspond to the Iraq and Iran Gate. The Islamic extremist factions observed in the Middle East, are culled and orchestrated in terrorism techniques primarily by the Omicron reptiles. The Dragon Moth are reptilian entities that exist extra-dimensionally in bodies, that are animated and controlled by off planet Satanic forces from Orion, and their higher ups exist in the monadic planes or Gaian timelines. They manipulate time to extend their mind control terrorism to this timeline in the past, the earth timelines in matter. Manipulating time, which is why people need to go outside of time to connect with Source in a more truer way. Through ripping black holes in space time, they have been able to get closer to the earth plane through the Astral Plane. Another reason to do your shadow and inner work and get away from the Astral, unless you like meeting and greeting reptiles who don't like us. Events like the nuclear event in Fukushima, Japan create damage in the earth field which allows their forces to penetrate more deeply in areas they were not previously able to access directly. Also, they have been known to be hired as mercenaries for the Annunaki, who negotiate with them to help defend their territories particularly the ley lines in the United Kingdom around Stonehenge. These areas operate what is called the NRG which is the primary mind control grid, that operates the sexual misery program that harvests human sexual energies, and promotes the Victim-Victimizer software in order to enforce sexual misery in the human race. Dragon Moth are terrorist specialists in military strategy, and the Annunaki bargains with them for ley lines, or negotiates with them to get them to enforce militant control over areas, with targeting versions of psychotronic warfare in the demographic area. Where there is terrorist sleepers, human people or ex-military personnel that just start shooting or killing randomly, this is generally a Dragon Moth-Omicron operation. Dragon Moth Omicrons started to place their alien machinery in the planet at the time of the Nephilim Wars, when the Annunaki began to negotiate with the Orion Group, because they needed military support to take over the Earth and the parallels. Approximately 75,000 BC, at the time of this conflict of the Nephilim on the earth, they installed the Dragon Grids. The Dragon Grid has its top part running in Siberia, Russia and the main body extends through Asia, Middle East and into North China and into Japan. These agendas run parallel with the Alpha Omega agenda, the Armageddon Software, are referred to as Dragon agendas. Which is a subsidiary agenda to ride the coat tail of the Armageddon Software, to achieve their own dominion over the Dragon Grid in the Asian area. The Dragon Grid, The Dragon Agenda is all connected to the Dragon Moth entities of the Orion Group. This is why the Dragon agenda supports the Armageddon scenario into World War 3, they believe they will get

their Dragon Grid completely activated and controlled if WW3 was instigated. They push that to happen through world terrorism and Transhumanism.

Rebel Drakonians aimed to defeat both the Guardians and the UIR in the 2000-2017 final battle, that failed badly for them. Which may well have involved the failed attempt to rip a wormhole from here to the Galactic Core, via the CERN program. That was stopped late August 2015. In late 2017 the "Machine" with 12 cords to here was cut off and returned to Source.

The main groups of Negative Aliens, the Annunaki, Drakonians and Necromitons that source out of the Phantom Matrix spaces in the parallel systems, formed alliances with the Fallen Angelic Annunaki Groups to take control over the Earth. These groups used technology to open wormholes, that were blended together to create the power required to attempt to pull the Earth body into the Black Hole System leading into the phantom matrix where they exist, and then they could gain total control over the planet and humanity. The parallel system of which these entities came from is called the Wesa system. This is a universal time matrix and its parallel of which many of the Anunnaki and their hybrids originate from the Wesedak system, while the Drakonians' species are coming from antiparticle universe called the Wesedrak system. They joined together to run energetic reversals in the planet in order to realign the Earth with their system, through the wormholes and black hole system they created for that purpose. They joined with the Fallen Angelics to counteract and destroy the Christiac Human Guardian Race, for control and domination of this Time Vector in this Universal Time Matrix. These are also called the Black Suns or Black Sun Agenda. The Reptile Insectoid Collective: Dragon Moth from Orion Black hole system. Necromiton beetle hominid, Men in Black from Nibiruian lines. Marduk Omicron from Alpha Centauri. Centaur Hybrids from Omega Centauri. Zeta from Rigel. Zeta from Zeta Reticuli.

Zeta Drakonian Agendas: The most aggressive and violent of the Zeta groups are those that come from the star system Rigel. They are extremely dangerous to humans as they endorse aggressive genocidal and eugenicist agendas to takeover the Earth, and present themselves as Guardians or benevolent humanoids, in order to seduce Earth humans to further their invasion and hybridization agendas. They generally prefer to use a Nordic blond fair skinned human body, or a Tall White when they are masquerading as a human being. I can think of two prominent people who fits those archetypes. Therefore, they are known to be one of the most hostile of the NAA intruding entity groups, they can

shape-shift into appearing human like, they are placed in the category of Hostile Alien Visitors. HEAVEN & HELL

Lets find out who the off world players are, in a sort out meet but not greet way currently, although one hopes adult minds will prevail in the future. The Zeta-Reticuli: Reptilian-like, little greys with black eyes, a different sub-species can be Brown/Blue/Silver. Zeta are not very skilled at shape-shifting, and may use frequency modulation tactics to scramble brainwave patterns. This is similar to the bigfoot or yeti, it via frequencies can change it's appearance to the viewer. Odd odors or out of normality may indicate this activity. This next tidbit may disturb some listeners given the political landscape of Carbon reduction. Because carbon is toxic to the Zeta biology. Zeta have tendency to appear as Angels or Saints and playing upon core religious beliefs. The Zeta/Draco control the interior underground Government. That is the One World Government we have spoken about in the past, they won't be lasting like the surface One World rubbish either. What part of it, is not your planet do you not get? Act right, behave and come and be a part of radical changes that improves life for us all here, if not it's bye bye time, and bye bye to time.

The Zeta Reticuli system was covered in the first Alien film plus its prequel, Prometheus. It has gained a strange sort of fame as the home of the aliens who visit Earth to abduct humans. The evidence was a star map drawn from memory by Betty Hill, who claimed to have been kidnapped by these Zetas in 1961. Project Serpo done by Project Camelot and Avalon, both of those names are programs of the CIA I might add, was also based on Zeta Reticuli, all of which was covered by Kerry Cassidy, Bill Ryan and Linda Moulton Howe. All of which was later de-bunked. Zeta are a Fallen Angelic race, that is part of the Fallen Seraphim Lyra Vega/Apexian-Lau collective. The Zeta races are a plethora of zoological wonders representing various sub-species within an ET inter-dimensional race. Their primary race strain being the blue faced Zephelium, who are the administrators and directors of the lower ranking sub-species of Zeta. All Zeta emerge from the Zephelium, a tall bipedal blue-skinned Insectoid-Reptilian-Serpent seed race, with many strains. In recent times the Zeta races began interacting with Earth around World War I, and by World War II they had established covert treaties with both the Nazi and Allied governments. Through which they were entitled to abduction experimentation rights on the unwitting public, in exchange for their weapons technologies. Since the 1980s the Zeta have joined forces with their ancient adversaries, the Dracos, a reptilian hybrid race whose ancestry is also traced to the Orion star system,

with a common hidden objective of claiming sovereignty over the Earth. The Zeta opened the Earth Phantom Falcon Wormhole 1903-1916 raided by Zeta-Rigelians, the Pleiadian-Nibiruian Samjase-Luciferian/Thoth-Enki-Zephelium allies. Most accepted 1983-1984 the Emerald Covenant Amnesty Redemption Contracts, and some joined the Pleiadian-Nibiruian Anunnaki to escape the Zeta-Rigelians. Those members that the left joined the Zeta-Pleiadian-Nibiruian-Anunnaki, or Pleiadian-Nibiruian Coalition, and some the Guardian Alliance as an Emerald Covenant refugee. There are various sub-species of the Zeta prototype, some more hybrid like in appearance, some resembling other forms not at all organic to our system. There are lizard like Zeta in numerous colorings and sizes. There are Zeta that more closely resemble our insect kingdoms, particularly that of the arachnid, spider-like though somewhat larger than our earthly versions. Other types of Zeta have been described by our witnesses as blues, browns and silvers, all of which possess some human-like or dwarflike characteristics, who represent a group of Zeta mutations created through their genetic engineering experiments. The Zeta are a fragmented species and their customs and policies differ widely among the various groups. The Zeta groups come to us for numerous reasons, some of them to benefit humankind, the more spiritually advanced groups. I think some of them are known here as the Ant people. Others to study us for their own purposes, these are the ones mostly responsible for our reports of negative or harmful alien encounters. Both groups possess technology and operational knowledge of reality systems, far superior to that of the human race at this time. They understand multidimensionality to a large degree, and are avid users of the Time Portal Systems of the third dimension. Their sciences are built upon this knowledge, and thus there is much humankind could learn from the Zeta. The Zeta possess physically solid three-dimensional vessels, but only the smallest ones have ever approached Earth's atmosphere. However, as they know the mechanics of the Time Portal System, they are able to place their vessels just outside of the frequency bands that constitute our three-dimensional system. They are able to establish holding patterns between dimensions, and thus can become invisible to our system at will. The Zeta also have the ability to use the Dimensional Lock System to some degree, and are able to appear in some of the adjacent dimensions. They originate from our three-dimensional system in a different time continuum than our present reality. Though possessing knowledge far superior to our own, the Zeta do not have a full understanding of the Dimensional Lock System, nor have they mastered the Time Portal Systems of adjacent dimensions. The Zeta races were involved with the Atlantean 3rd seeding and Atlanian 2nd seeding Earth cultures, and for a time colonized Mars. The Zeta groups share a common interest in possessing Earth to facilitate the continuation of their races'

evolution. The Zetas' original plan was born out of their need to retain control of a future human society. In the future of Earth, between 4230 AD and 6443 AD, the Zeta/Draco's alliance has successfully overtaken the human world culture in that time period. These events are taking place now, in that future time-space coordinate. In order for the Zetas to retain control over that society, they have traveled backward through time to Earth's present. Humanity's upcoming opportunity for accelerated evolution during this current Ascension cycle, possesses a direct threat to the Zetas' ability to retain control of that future human society. If 8% of present day humans are able to successfully take this evolutionary leap, the humans of 4230 AD-6443 AD will be set free from the Zeta Collective Mind Frequency Fence, through which they are presently controlled in their space-time coordinate. In this future period, Muvarians and descendants of present human races, are kept from ascension and evolution to higher consciousness, by a seal the Zetas placed within their fourth DNA strand. The Zeta Seal stopped the fifth DNA strand from plugging into the lower strands, so these future soul essences are trapped within Tara's first time cycle in the D-4 astral planes. The planets they inhabit are: Rigel Orion Phantom, Bellatrix Orion, Alnitak known as Zeta Orionis, Nibiru, Andromeda, Earth Phantom and various other locations.

Un-enlightened Zeta are not evil monsters per se, they act in ignorance, they are a very fragmented race in fear of extinction, and they are trying to find a solution to their demise. Earth Humans are just a resource for the taking, in their eyes. Zeta collapsed the time-portal surrounding their home planet, and are thus cut off from Source. They are dying and they hope to re-graft themselves by utilizing us. They see no point in trying to come to some agreement or cooperation with humans. As their study of us and our behavior towards our own people, planet, plant or animal kingdom, tells them that we cannot cooperate or reach agreement without war and bloodshed. That is a problem we can correct and provide a platform away from Government, Military and Agency clowns intent only on acquiring weapons to fight more wars.

Aethian: These are like the big version of the stick praying-Mantis insects. They assist humans with Zeta encounters, and usually whitish or golden in color. They are said to work for peace and brotherhood. Their queen if it is the same species is not very accommodating in my opinion, but also welcome to have that opinion changed. They are superior to the Zeta's in technology and spirituality.

The Zionites: are a Zeta/Human/Aethien breed with positive Zeta's which work in non-violation of the brotherhood. They are cultivated time travelers. It is said that the bulk majority of the Zeta are enlightened, and working with brotherhood, only a minority are in violation. I have great difficulty in believing something with that name is beneficially personally. Yes, in all species there are good and bad, but Zionists have wreaked havoc on this planet in our reality to trust this group in any way. But, I will not dismiss it entirely as, words, names and groups have been corrupted and reversed upon us, for example, the Swastika. The Zionites were involved with ancient Egypt and the Sumerian cultures. The Zionites went back in time and gave humans the Silicate Matrix or Crystal Gene, this contains the full 12-DNA code, not all humans carry this code. For those that do, it needs to be activated by your own soul development here, this is known as junk-DNA. Junk? oh dear, if only more people realized what is in the so called junk DNA, riches and treasures of unimaginable proportions.

Ranthia / Rhanthunkeana: This is a new name to me although their descriptions means I have encountered this type many times. Said to be from distant stars and responsible for the many of the Crop Circles. They play a role as Guardians and Protectors. They appear to us as spherical light formations, and they use dream or altered states to communicate. Ranthia do not interfere, they must be invited.

UPDATE: We are on the KrystalBridge fail-safe host 900 year ascension path as stated by Ashayna Deane & the team. This is a slightly modified but accelerated outcome, compared to the standard 'Bridge Zone' project revealed with Ashayana's transcriptions from the Guardian Alliance. Due to ongoing Fallen Angelic invasions and the antics with this Invisible War that is going on, Earth is currently occupied by a group called the Fatale, who have successfully infiltrated via bodysnatching, and are responsible for the current Covid-19 pandemic. They have taken lead with the United Intruder resistance, and are the worst from the full fall matrix systems, and a force to be reckoned with. The outcome will be the same, between 2000-2017 Earth will make its transition from the present Fourth World of the D-3 Time cycle, into the Fifth World of the Bridge Zone and Taran ascension time cycles. Due to the Guardian's Bridge Zone Project, the cataclysmic events originally associated with the end times prophecies have been largely avoided. Though there may still be warfare and geographical changes in some areas, the scale of these events will be much smaller than those foretold through the ancient prophecies. There will indeed be a cleansing as predicted by some Native American traditions. That is the wheat and chaffe I have explained in previous shows, not all will make this pass.

As the Earth separates into higher and lower vibrating particle bases, Bridge Zone Earth and Phantom Earth each will be cleansed of the other. Populations of the Bridge Zone Earth will rise to face a new dawn of evolution within the new Fifth World of enlightenment, progress and achievement. Those on Phantom Earth will not make this transition, and will remain within the digressing Fourth World evolutionary cycle of a descending Planet in the D-3 time continuum. I suspect that event is one of the worlds disappearing I received in vision mode back in 2014. This separation is allowing for those ready to move forward and not being held back by the masses, who remain as children being parented by others. We are currently going through the 7 years of tribulation mentioned in the bible which otherwise mentions the opening of the seals, trumpets and four horsemen. The trumpets are regressive ET scalar wave technologies that are shaped like a trumpet, that fire every year for seven years since Nov 2016 to help pull Earth into the full fall matrix via a wormhole. I suspect that was the trumpet like sounds heard around the world around that time period. It should be noted those sounds have not been reported for a few years, maybe that was since prevented. The Guardian Alliance Chevron Burst technologies are counteracting this, to allow the KrystalBridge zone timeline to be preserved, so those who choose the way of the Kryst will have an opportunity to align themselves with the positive timeline and experience ascension. Expect more rapid Earth changes as the two worlds split and the new old world, of how we used to live in harmony with nature and one another is restored. The way of organic, not the partially inorganic overlay frequencies they imposed on us. Protect your energy, work on clearing yourself and any distortion or mutations in your DNA and bio-field, so you start resonating with the Krystic timeline and organic energies. Yes, the shadow and inner work we must all do, yet so many neglect it and then lie to themselves and others. That behavior will be costly in the near and far future. Yes, it is all about the two worlds we have mentioned since 2015 on shows, and all about the clearing of your field, we have discussed many times in many shows. I'LL FIND MY WAY HOME

SUMMARY: This has been a deep and fascinating series, and I want to thank Ashayne and her team for their efforts to get this information out. In many ways it was ahead of it's time, a vastly complexed set of data, involving multiple facets, species and topics. Many key parts has echoed parts of our shows, even though until February I had never accessed her material. Do I agree with all of it, no, like all information of this ilk it is based on opinions, and also experiences for some. The names change all too often, and the information is always stacked in terms of the victors. The dark forces denied us the knowledge, the modern fact checkers are doing the same thing, why? because they are

one and the same. There are elements of this series of the hint of a Savior program, the Guardian Alliance set up as the saviors, and yet as evidenced in the series, they made a number of catastrophic mistakes. Even Jesheua 12 appeared to abandon the people in a non personal overview, and is now working to just save Mary. Can that not be seen as service to self? indeed has that not been the problem all along with light or dark? Even the Founders started it all off with a split in the ranks, that still echoes the halls of darkness to this very day, and indeed 10K years into the future, which is actually the now. My takeaway from this is and I hope it is for you all, is that technology is far more capable and dangerous than you all imagined before these four parts. That must be a factor going forward in assessing what is unfolding, the same applies to wars on this planet. We are dealing with a hostile alien group here, causing mayhem and chaos in secrecy, and that is how they thrive. People have to put their adult pants and accept the reality, as dismissing or ignoring it has not served us well. We are in historic times for those who put the work in, validated by every show and have been for some time now, but we can't rest on our laurels. We have to dig deep for ourselves and each other, we have to build a new world from scratch, as the dark forces and off world running it previously have failed in truth, honor and integrity. And quite frankly I have had enough of the low vibration, bitterness, hatred, inequality, violence, slavery, ill health, education and not teaching, republics, democracies, left and right bird politics, ism's, debauchery, harvesting, division and being a pawn in a game stacked against us, by pathetic weak individuals who didn't even have the courage to show their faces. They Live indeed, well here is a choice for the faceless man, Cause if the face inside can't see the light, I know I'll have to walk alone, we the people will walk alone and wipe you off the face and below the Earth, enough is enough. We are the Guardians not you. You have a choice, all of you on, off and below, become a man and stand before us and lets get some adult dialogue going. Lets see how advanced you are? lets here your proposals for fixing this planet for us all? Lets hear how we can help you and you can help us? Being technologically advanced does not maketh the man or race, where are your inner technological advancements? Why can't you use your advancements to teach, help and support, not cheat, fight and destroy? Millions if not billions of years wasted, fighting, destroying, harvesting and where has that got you internally? Nowhere. Trillions of lives lost on all sides and for what? to say you have the biggest or most real estate? do you all realize how backwards and degrading of the self and the species that is? As above so below genetics and technology that can be used to benefit us all, turned into weapons of mass destruction, and you people think your advanced? turn it in. All have made mistakes, a true adult works to correct them, a child covers them up and lies. These are

lessons to be learned for us all, no matter what species or race you are. So, what are the solutions? well a few simple memes of The Peoples Club reveals that on a multitude of levels, that applies to the all, not just the varying different human races on this planet. Need not greed, caring and sharing, cooperative not comparative or competitive, that applies across the whole spectrum of life, solar and galactic systems and indeed the Universe. If you genuinely need genetics to improve or keep your species alive, why not ask for volunteers? there are many who with the full truth who would like to assist you. You will then get what you need not greed in a caring and sharing way, surely that is a better solution is it not? If you need minerals for your planet's needs not greed, why not ask and lets see if we can trade fairly, surely that is a better solution is it not? Teaching us the truth and ancient knowledge in an harmonic way, is surely a better solution is it not? Working, trading, visiting and discoursing together is a better solution is it not? We the people at The Peoples Club wish to start multiple rounds of adult talking to provide solutions for us all. It will not include Governments, Agencies, Militaries as most of them have been A: part of the problem and B: your installed puppets. Lets discourse together in a safe and adult way, lets learn to understand each other, lets learn to cooperate with each other, lets develop enough together and so the people see you in a different light. I know that bothers most of you, of what happens when the people find out? Well some of us have and we wish to meet and greet on an equal basis, with the knowledge this is our planet, we are the Guardians, and we wish to run it in a fair way and accommodating way for us all, including you. Everyone has done bad things, no matter who you are and yes some of your thinking and actions went to the extreme of cruelty, evil and darkness, but there is a solution to that also. As above so below, we can implement over time with shared discussions, a phased in policy of full Disclosure for a full Disclaimer of all past actions. We can wipe the slate clean and do the advanced adult thing and work to not only correct the past, but all of our futures. What an opportunity for us all that is, a fresh and new start, fresh and new ideas based on cooperative efforts on behalf of us all. An end to the win-lose duality, to a win win with the win and triality, which leads us all back to the original blueprint of, one on one with the one. One as a singular entity, has never worked over time, one as a collective as never been tried, that can and will work eternally over time, and out of time like never before. Hierarchy never works for the collective, lets all learn to be equals and quit this demeaning and lowering of other sparks of the Creator himself. It's an abomination of what life truly was meant to be, a wondrous experience for us all, not an existence until you die and repeat the same loop based cycle of strife over and over again. To the ET's, NT's and the Councils are you advanced enough to listen and act on this proposal? or will you continue the same old hide and seek program of

division, death and harvesting? What have you got to lose? your pride? your status? neither of those are important enough to not make this opportunity work. To the people of Earth, time to stand in your own power and sovereignty and not only claim this planet, but develop it in an extraordinary way that is all inclusive. You won't do that in low vibration, seeking parents and Savior programs via Governments and Religions, you can only do this by growing up and becoming an adult thinking based species. I will leave you all with a reminder of some of the pieces within our show. The illiterate for this century will not be like the last century, for those who couldn't read or write, the illiterate for this century will be those who cannot unlearn the lies, they have devoured in this and all other centuries. This century will unravel and unveil the lies, deceit and perpetrators of crimes against humanity, ignorance will be a choice, and not a statute or a regulation. Law like common sense will return to Rta again, all done in a nature-al or natural way. Immigration of the future will not be country to country, but from their world into ours. And the last piece is from the EBE who crashed just three miles from where I am sitting in 1948. Just try to accept we are in paradise when we are seeing and understanding something new, our god should be change, our religion should be understanding, searching for truth is our greatest social challenge and purpose. FACELESS MAN
